| 296 | Q1:      | And let - let me put it this way. It's - we're gonna ask you questions that, um,     |
| 297 |          | we may know the answer to already, okay? And this is kinda like a truth test,        |
| 298 |          | all right? And so we're lookin' for some truthfulness from everybody and             |
| 299 |          | cooperation in this investigation. However, um, some of the things that we           |
| 300 |          | may ask you, like say, if sh- if you're JTO left you alone, that's not a- that's not |
| 301 |          | against policy. It happens. You have to get experience somehow, correct?             |
| 302 |          |  |
| 303 | A:       | Yes, sir.  |
| 304 |          |  |
| 305 | Q1:      | So, you know, and we gotta put some pressure on you to see how you're                |
| 306 | <b>4</b> | gonna work under a high-pressure environment or to see how you're gonna              |
| 307 |          | function alone because ultimately when you finish the JTO program, you will          |
| 308 |          | be on your own.  |
| 309 |          | oe on your own.  |
| 310 | A:       | Yes, sir.  |
| 311 | Α.       | 1 65, 511.   |
| 312 | Q1:      | So there will be test periods then as well, if we're gonna leave you alone, say      |
| 313 | Q1.      | 15, 20 minutes, half hour, to see how you function. You may not - you may be         |
| 314 |          | alone, but the eyes are not off of you. You know, your JTO or somebody's             |
| 315 |          | watching that's gonna report to your GTO to see how you function. All right?         |
| 316 |          | So when we ask the question has she ever left you alone, that's the question.        |
| 317 |          |  |
| 317 |          | We're not lookin' like we're gonna jam her up or anything for leaving you            |
|     |          | alone. That's not against policy. I mean, we were both FTOs out on the street,       |
| 319 |          | and you know what, you have to let that person - you gotta let 'em spread their      |
| 320 |          | wings and fly. Otherwise   |

| 329 |          | we ask you a question like that, we just want you to be honest. I mean, we're        |

| 745 |     |  |
| 746 | A:  | Um, (unintelligible)   |
| 747 |     |  |
| 748 | Q1: | (Unintelligible) elements of 240 or no?  |
| 749 |     |  |
| 750 | A:  | 240, um, the elements? Uh, I don't know how to tell if somebody                  |

| 1040 | Q1: | Okay. 'Cause remember I said earlier, we're gonna ask you some questions we      |
| 1041 |     | already know the answers to, and this is the truth test? We want that to be the  |
| 1042 |     | same for everybody else. So if you go out, and you say, "Oh, this is what we     |
| 1043 |     | talked about," blah, blah, and that gets to that person, now that person,        |
| 1044 |     | it's unfair to them, 'cause now if they had any thought of, "Hmm, I don't        |
| 1045 |     | wanna tell 'em that," but we know that, now they're lying to us, you know? So    |
