8 On June 10,2015, the District Attorney's Office issued their final							
9 report for the review of this incident. The report detailed the							
10 entire investigation and rendered a conclusion by the DA's Office.							
11 The report stated, "Under the facts, circumstances, and applicable							
12 law in this matter, Deputy Galan's use of deadly force was in							
13 response to an apparent and immediate threat of great bodily injury							
14 or death to herself and other officers. Her conduct is therefore							
15 justifiable in the defense of herself and others. And no criminal							
16 liability attaches to her."							
17							
18 The report was submitted by Deputy District Attorney Kevin Smith and							
19 signed by Santa Clara County District Attorney Jeffrey F. Rosen.

3 On 11/26/2013, I was assigned to assist with this investigation. I									
4 completed a search warrant for S1- Facebook account and had									
5 it signed by Judge Colin of the Santa Clara County Superior Court.									
6 After the search warrant was signed, I electronically emailed it to									
7 the law enforcement section of Facebook, Inc.									
8									
9 On 12/18/2013, I received an email from Facebook indicating I could									
10 download via the internet S1- Facebook account. I									
11 downloaded the contents of S1- Facebook profile onto a CD.									
12									
13 I also reviewed a portion of the Facebook contents and found S1-									
14 had made several confusing entries on her Facebook wall page on									
15 11/14/2013 and 11/15/2013. The Facebook wall page is the area on									
16 her profile where friends and the account holder (S1-) can post									
17 comments and pictures. Listed below are a few excerpts of those most									
18 recent wall postings. For the complete Facebook profile, refer to

22 On 11/18/13, I was assigned to the Sheriff's Office Investigations									
23 Division, Robbery/Homicide Unit and was the lead investigator on this									
24 case. I had been advised by Sergeant Shaheen at the Medical									
25 Examiner's Office that the autopsy for S1 was scheduled to									
26 take place at 0930 hours that morning (Coroner's Case #13-03951).									
27 CSI Detective Leonard and I arrived at the Medical Examiner's Office									
28 at 0902 hours to attend the autopsy proceedings.

1 were able to make a request to obtain a copy of the Medical									
2 Examiner's autopsy photographs and any X-rays conducted on S1									
3 body.									
4									
5 At 0930 hours, we made contact with who would be									
6 performing the autopsy, and Technician who would be assisting.									
7 I made a request to have evidence collected from S1 in the									
8 form of a DNA/blood spotting, hair and fingernail clippings, as well									
9 as her clothing. CSI Detective Leonard collected these items and									
10 eventually submitted them as evidence. See CSI Detective Leonard's									
11 supplemental report for further information.									
12									
13 advised us S1 had, what appeared to be, three									
14 projectile entry wounds to her body. One entry wound was into her									
15 right cheek, just adjacent to the right side of the nose. Another									
16 entry wound was at the top of the right breast area. The final entry									
17 wound was in the lower left abdomen area of S1 body.									
18 also advised us S1 had abrasion marks on her forehead									
19 and face area, potentially the result of her falling to the ground									
20 after being struck by gunfire.									
21									
22 The autopsy began at approximately 0943 hours. During autopsy,									
23 was able to retrieve all three projectiles from S1									
24 body and provided a possible path of travel for each one. The

2 Upon returning to Headquarters at 1200 hours, Sergeant Leon contacted									
3 me and said he had been advised that the Sheriff's dispatch and 911									
4 recordings were ready for pick up at County Communications. However,									
5 he made a request for County Communications to also have the medical									
6 communications related to this event prepared and picked up at the									
7 same time. County Communications would call back to advise when all									
8 recordings were ready for pick up.									
9									
10 Sergeant Leon next told me he had called the San Jose Police									
11 Department's (SJPD) Communications Division and asked them to pull									
12 and prepare all of the radio dispatch and 911 recordings related to									
13 this event. SJPD Dispatchers advised they would call when the discs									
14 were ready to be picked up.									
15									
16 Finally, Sergeant Leon advised he had sent a request to have V1

20 Using the Sheriff's Office Computer Aided Public Safety Support

1 Later in the investigation, I was able to contact by telephone to 2 ask if she would provide a statement. She asked if she could speak 3 with W33 prior to providing a statement to make sure it was all 4 right. However, upon contacting again a few weeks later, she did 5 not want to provide any information. 6 7 W33 had also provided contact information for , stating he 8 had a similar conversation with him while he was at work and prior to 9 going home on 11/16/13. However, when came to pick W33 10 up from Sheriff's Headquarters, he was extremely upset and did not 11 appear to be prepared to provide a statement. Despite my attempts to 12 contact him by telephone at a later time, I was unable to make any 13 further contact with him or obtain a statement. 14 15 In continued investigation into this incident, I came across a 16 newspaper article printed on 11/23/13 on the website, ¿Fugitive.com¿ 17 (Bay City news, Inc.). 4 At approximately 1355 hours, I returned a previous telephone call from

6 from the residence by deputies during the investigation. One of W33									
7 questions had to do with items that were seized by deputies,									
8 such as his guitars, that were not listed on the property sheet									
9 previously left in his residence when deputies cleared the scene. I									
10 explained to W33 that the items located outside of the									
11 residence were located and seized as evidence not related to the

6 On 02/28/14, I received an e-mail message from Kaiser-Permanente								
7 stating the address listed on the search warrant for the Special								
8 Master did not appear to be correct. In checking the search warrant,								
9 I determined the digits for the Special Master's address were listed								
10 as in Santa Clara when in fact it should have								
11 been in Santa Clara. I completed an "Exhibit A"								
12 attachment to the search warrant stating and correcting the error.								
13 This Exhibit was signed by Judge C Sevely on 03/03/14 and provided to								
14 Kaiser-Permanente via e-mail.								
15								
16 On 03/24/14 at approximately 1200 hours, I was contacted by Sergeant J								
17 Quinonez, who provided me with four envelopes containing the								
18 Kaiser-Permanente medical records requested in the Search Warrant by								
19 Special Master and reviewed by Kandis Scott. Two of the envelopes								
20 were sealed and marked "Possibly Privileged" on the outside of the								
21 envelope. The other two envelopes were both marked "Unprivileged" on								
22 the outside of the envelope.								
23								
24 On 04/03/14 at approximately 0830 hours, I met with Judge Sevely at								
25 the Hall of Justice and dropped off the envelopes containing the								
26 medical records, as I had received them from Kandis Scott, for her to								
27 review as part of the Special Master process.								
28								
29 Later that same day, I received an e-mail message from the Medical								
30 Examiner's Office containing the Coroner's Report of Autopsy for S1

15 Upon our return to the scene, we were advised S1 _____ husband,

2 name, date of birth, etc., which he did. Upon arriving at Sheriff's
3 Headquarters, we escorted W33 to an interview room on the third
4 floor in order to obtain his statement. I did not turn off my audio
5 recording device and all interactions with W33 were recorded.
6 W33 provided the following recorded statement.
7
8 STATEMENT OF WITNESS 33 :
9
10 To start our conversation, I confirmed some of the personal
11 information W33 had provided on the trip to Sheriff's
12 Headquarters and finished with some of the information I had not yet
13 obtained. During this time, W33 told us he and S1 had
14 been married for approximately 3 - 4 years, but he could not remember
15 the exact date they were married. They had lived together for much
16 longer than that and had been dating since 1998. They both have
17 children from previous relationships, but they do not have any
18 children together.
19
20 W33 mentioned S1 having Multiple Sclerosis (MS), so she
21 could not get around very well anymore and they did not have much in
22 the way of hobbies. He talked about music and how he and S1
23 loved to play music together. W33 had tried to teach S1
24 to play the guitar, but described himself as "left-handed" and having
25 to try to teach S1 in a "left-handed" style, although she is
26 right-handed.

4 I asked W33 to tell me about his relationship with S1									
5 He stated they "fell in love with each other" fairly quickly, but									
6 described the relationship now as not being as good as it used to be.									
7 W33 again said S1 had MS, but also talked about her									
8 having possible "mental issues". He felt happy to be the person who									
9 normally looks out for her because she has had a lot of physical									
10 abuse problems in the past. Now that W33 and S1 are									
11 together, these problems don't occur anymore and it makes W33									
12 feel good to know he is helping her.									
13									
14 W33 told us S1 has had MS for approximately four years.									
15 Four years ago, she was employed by a medical facility who wanted to									
16 perform a Tuberculosis test on her. W33 said, at the time of									
17 the expected test, S1 had an "MS Virus" already in her system.									
18 A doctor treating her advised that she not have the Tuberculosis									
19 virus put in her for the test because it could induce her MS. S1									
20 told her employer she did not want to have the Tuberculosis									
21 test performed on her, but they insisted it be done because they									
22 required it as part of being a medical facility. Since then, S1									
23 has been fighting her former employer, stating they caused her									
24 to contract MS.									
25									
26 W33 agreed that S1 demeanor would normally go along									
27 with the way she was feeling with her MS. I asked about not only how									
28 she felt physically with the pain, but also the affects the MS was									
29 having on her mental state. W33 said S1 was having									
30 pains prior to being diagnosed with MS. At that time, W33 had

On the day S1 had an appointment</p> <p>9 with her psychiatrist, W33 actually had to work and could not</p> <p>10 go with her. When he arrived home from work, S1 was not</p> <p>11 there. Upon checking the messages on the answering machine, W33</p> <p>12 found out the psychiatrist had S1 "locked up". 2 did not want to take any medications because it would worsen									
3 her MS, she was forced to take them. After 3-4 days, S1 was									
4 finally released and W33 was able to pick her up from the									
5 hospital.									
6									
7 W33 described this all happening approximately 3 and a half									
8 years ago. Since that time, S1 is "different" than she									
9 previously was, but W33 also said S1 "looks at things									
10 different than most people". Even though the hospital had tried to

Therefore, S1 has</p> <p>5 been seeing a doctor in Castroville who has been working with her and</p> <p>6 the MS to assist with the cases she has against these companies. S1</p> <p>7 does not regularly see a medical doctor for MS diagnosis or</p> <p>8 treatment, even though W33 has tried to encourage her to seek</p> <p>9 help with her medical problems. S1 even went as far as to</p> <p>10 have W33 switch from Kaiser to Blue Cross because she felt</p> <p>11 there would be a conflict of interest if he continued to use Kaiser</p> <p>12 while she had a case against them and that they would try to hurt him</p> <p>13 in retaliation for her lawsuits once they found out he was her</p> <p>14 husband.</p> <p>15</p> <p>16 I asked W33 if S1 had seen any form of psychiatrist since</p> <p>17 the incident where she was sent to the Fremont hospital. He told us</p> <p>18 S1 had not sought any type of psychiatric help since then, but</p> <p>19 he did recall her seeing two different psychiatrists at that time and</p> <p>20 prior to her being locked up. S1 felt the first psychiatrist</p> <p>21 was not "strong" enough to treat her problems and asked for a new</p> <p>22 doctor to help her. It was the second psychiatrist who locked her up</p> <p>23 and sent her to the Fremont hospital. W33 admitted that S1</p> <p>24 could be strong and offensive with her language at times and,</p> <p>25 in his personal opinion, she had started to "mouth off" to the second</p> <p>26 psychiatrist, which resulted in her being sent to Fremont. W33</p> <p>27 had wanted to go down and talk to the psychiatrist to explain how S1</p> <p>28 was and offer to help, but S1 "would not allow it" and</p> <p>29 W33 did nothing. W33 reiterated that this was just his</p> <p>30 opinion and he felt the doctor was just "abusing her privilege" to</p>

1 a result of lack of interest on either his part or on the part of S1									
2 W33 told us he and S1 would sometimes argue									
3 because S1 often									
4 thought he contracted the problems by having sex with other women.									
5 W33 said this was not true and he had not been unfaithful to S1									
6 the entire time they had been together, but he was having a									
7 hard time convincing S1 of this. He went on to say S1									
8 had a hard time trusting other people, including him, because of the									
9 things that had happened to her in the past. He talked of S1									
10 being abused in past relationships, assaulted, and raped, which led									
11 to her lack of trust in others.									
12									
13 When W33 and S1 would argue, it was mostly a verbal									
14 argument with W33 trying to convince S1 of his									
15 innocence. W33 described S1 as being "abusive with									
16 words" while arguing with him. He would respond by simply not									
17 talking back to S1 and taking whatever verbal attacks she									
18 would give to him. When I asked if the arguments between he and S1									
19 had ever turned physical, he said there had been times he									
20 would try to leave the house to get away from an argument and S1									
21 would block the door to prevent him from leaving. W33									
22 would beg with S1 to let him leave, but she would not. After									
23 pleading with her for extended periods of time, he would physically									
24 move her to the side of the door so he could get out of the house and									
25 come back when everyone had calmed down. W33 talked about									
26 never wanting to argue with S1 especially because he loved									
27 her so much. She could be very verbally abusive, so he felt it would									
28 be best to just leave for a while when the arguments got too bad.									
29									
30 The arguments between W33 and S1 seemed to be especially

1 bad when S1 was drinking alcohol. The verbal assaults seemed									
2 to be worse and S1 would not let up on the argument; at times									
3 continuing to argue with W33 "hour after hour". W33									
4 would want to leave the house to get away from the argument and often									
5 would wait until he thought S1 had sobered up before returning									
6 to the house.									
7									
8 W33 would not classify S1 as a "drinker" or alcoholic and									
9 said she had actually just started drinking again earlier in the week									
10 for the first time in approximately a year. W33 thought S1									
11 had started drinking as a result of the medical problems he									
12 had been having. He said he had noticed a change in S1 in									
13 recent days and began to tell us about a recent doctor's appointment									
14 he had in which he asked S1 not to go with him. S1									
15 normally goes with W33 to all of his doctor's appointments, but									
16 she had become such a distraction to his conversations with the									
17 doctor, that he thought he could avoid problems at the appointment by									
18 having her simply stay home. This seemed to anger S1 She									
19 responded to W33 request by saying, "Fine. Then I'll just									
20 stay here and drink."									
21									
22 W33 described as S1 grabbed a beer from the house, came									
23 outside, leaned up against the truck, and watched as he pulled out of									
24 the driveway to go to the appointment. When he arrived home, S1									
25 was completely intoxicated. S1 proceeded to "verbally									
26 abuse" W33 all night. He did not argue back with her and									
27 decided to just "take it"; hoping S1 would sober up and regret									
28 what she had said.									
29									
30 W33 estimated this incident occurred approximately 4 days

<p>1 earlier. Since that time, he described S1 as "changed" and</p> <p>2 talking to people in the other room, even though no one was there</p> <p>3 with her. When W33 would ask S1 who she was talking to,</p> <p>4 she would say "God, I'm talking to God."</p> <p>5</p> <p>6 W33 stated, "I would go into there and there's nobody in the</p> <p>7 room, but she's, I mean swearing and screaming and having this</p> <p>8 conversation; there's nobody there, as if she was crazy and, uh, I</p> <p>9 figure 'maybe she's doing this to aggravate me', but she would after</p> <p>10 hours and hours and hours, it's like, 'well, she couldn't be doing</p> <p>11 this to aggravate me. 1 Since then, W33 described S1 as being "overboard", acting									
2 strange, and stated he had never seen her like that before. He said									
3 there have been people that may think she is a little "crazy", but									
4 she is always fighting and trying to prove them wrong. Although a									
5 couple times a year S1 may act a little weird and perhaps talk									
6 to herself, it has never been to the point of swearing or yelling at									
7 people who were not there and it would only last a week or so.									
8									
9 In these times where S1 would be acting out character, W33									
10 never really feared for his safety. She seemed to laugh a lot,									
11 was happy to talk to God, and was generally a "cheerful" person. He									
12 described S1 as his "soul mate" and talked about loving her									
13 more than even she realized he did, therefore he let her do a lot and									
14 act out in certain ways so that she could be happy and they could be									
15 together.									
16									
17 W33 briefly spoke about the neighbors in the adjoining									
18 apartments. He also talked about family members he and S1									
19 would have come visit them every so often.									
20									
21 Eventually, I asked W33 if there were other arguments between									
22 him and S1 within the previous week. He said there had not									
23 really been any problems between them, but it seemed as if S1									
24 was avoiding him. He thought this was because she still thought he									
25 had cheated on her and had sex with other women.									
26									
27 I also asked W33 if S1 had ever threatened to harm him or									
28 threatened him with any type of weapon in the past. He stated, "Last									
29 night she did, for the first time in her life."

<p>1 W33 continued by telling us he usually comes home from work and</p> <p>2 takes a shower to clean up. However, when he arrived home the</p> <p>3 previous evening at approximately 1900 hours, S1 went directly</p> <p>4 into the bathroom. 1 doing it just to upset him. As it approached 2300 hours, W33

3 W33 could see that S1 had a steak knife in her hand as

6 holding the knife by holding his hand up near his head, as if he was

7 holding a knife, and motioned downward in a stabbing motion, telling

8 us it was what she was doing as she yelled at him.

9

10 W33 described being "freaked out" and said he had never seen S1

11 like this in the past. He did not think S1 would ever

12 be a person to harm someone else, especially since she had such a

13 history of being a victim of violence and was so against it. W33

14 said S1 has never hit him in the past and he could not

15 remember her raising her hand to anyone else in a violent way.

16

17 W33 backed away and let the door close. Not knowing what was

1 walking toward him. He stopped the van and rolled the window down a								
2 little bit to talk to S1 However, S1 came up to the

4 my van? Don't take my van!" Knowing the situation had gone too far								
5 for him to be able to go back into the house with S1 W33								
6 again started to back out of the driveway.								
7								
8 S1 turned and went back into the house. As W33 backed								
9 into the street and was just about to put the van into drive and pull								
10 away, he looked and saw S1 come back out of the house with his								
11 guitar in her hand.								
12								
13 W33 "couldn't believe" what he was seeing as he watched S1

19

1 when he walked up the porch and tried to get in, but he told us S1
2 likes to make sure the porch light is always left on. He
3 described how he could feel the key turning in his hand as he was
4 unlocking the deadbolt, but S1 was turning the lock back the
5 other way. W33 had not heard S1 walk up to the door as
6 he was trying to unlock it, but also mentioned how she normally sits
7 right next to the door and might have stood up when she heard him
8 coming up the porch.
9
10 W33 initially tried to open the door, not knowing S1 was
11 there. It opened just a little bit, but then quickly closed. This
12 is what told W33 that S1 was there holding it shut. He
13 applied quite a bit more pressure in an effort to get it open. As it
14 was open approximately 8 inches, as W33 had previously
15 described, he could look in through the opening. This is when he saw
16 S1 standing on the other side, holding a steak knife. Again,
17 W33 motioned with his hand to show how S1 was holding
18 the knife and what she was doing. He held his left hand up by his
19 head as if he was holding a knife and said, "And she was like this ya

<p>1 normally opened. He said the door would open up to the left if he</p> <p>2 was standing outside and trying to get in. I next asked W33</p> <p>3 if, since he had the door open approximately 8 inches, he could see</p> <p>4 S1 entire body or just a portion of it. W33 stated he</p> <p>5 could only see S1 face and hand as he stood there looking</p> <p>6 through the slightly open front door. He did not focus on anything</p> <p>7 in particular as he was looking through the door, except trying to</p> <p>8 talk to S1 and get into the house. He also did not notice</p> <p>9 whether or not there were lights on in the house, but mentioned that</p> <p>10 S1 was not the type of person to normally sit in a dark room.</p> <p>11 She preferred to have a lot of lights on wherever she was; therefore</p> <p>12 he assumed there were lights on inside the house.</p> <p>13</p> <p>14 For clarification, I asked W33 about the motions S1 was</p> <p>15 making with the steak knife while he could see her through the open</p> <p>16 door. W33 said she was not really making a stabbing downward</p> <p>17 motion with the knife, but rather "shaking" it back and forth a</p> <p>18 little bit. He thought it looked like a normal steak knife, but</p> <p>19 didn't really look at it enough to describe it or recognize where it</p> <p>20 came from. He estimated the amount of time he stood there with the</p> <p>21 door open to be approximately 3 seconds, which was not long enough</p> <p>22 for him to see the knife and everything else that was happening. He</p> <p>23 said he was in "shock" and knew he did not want to try to go into the</p> <p>24 house with the way things were. The door shut and W33 walked</p> <p>25 away, toward the van. W33 described this interaction between</p> <p>26 him and S1 as "out of character" for S1 and</p> <p>27 "bizarre".</p> <p>28</p> <p>29 W33 estimated he waited for less than a minute before starting</p> <p>30 the van. He knew he could not solve the problem if he wasn't there,</p>

1 but also recognized he did not know what to do to help this
2 situation. Although he wanted to stay at the house and wanted to be
3 with his wife, he felt S1 was going to be screaming and
4 yelling at him the whole time. W33 waited in the van for a
5 couple of minutes, hoping S1 would come outside and want to
6 reconcile or be like a "normal couple", but she did not.
7
8 W33 started to back the van out of the driveway, in a direction
9 to take him northbound and up to Olive Avenue. As he was backing
10 out, S1 came out of the house and started to approach him.
11 W33 did not think S1 had anything in her hand at that
12 time, but also said he was not looking to see if she was carrying
13 anything, particularly the steak knife.
14
15 The van was only partially backed out of the driveway, with the front
16 of the van still in the driveway and the rear of the van in the
17 roadway. W33 rolled the window down to talk to S1 but
18 only a couple of inches. He did this to prevent S1 from
19 trying to open the door or take the keys from him while he was in the
20 car, which she had done during previous arguments. If S1 was
21 going to be friendly, W33 knew he could just stop and open the
22 door the rest of the way to talk to her. If she was still going to
23 be upset, W33 could maintain the distance between them by
24 speaking through the gap in the window and leave without any
25 problems.
26
27 W33 still maintained that he was not in fear of S1 but
28 if she was not going to stop what she was doing, then he just wanted
29 to leave. He clarified that he did not open the door and left only a
30 small gap in the window to keep S1 out of the van so she could

He stated he was "in</p> <p>4 shock" and made the decision to let the door close, but he was not</p> <p>5 fearful because he did not think she would harm anybody.</p> <p>6</p> <p>7 W33 estimated the interaction between he and S1 at the</p> <p>8 van door only lasted for approximately 30 seconds or so. He could</p> <p>9 not recall exactly what she was saying at that time and said it</p> <p>10 didn't make sense to him, but thought it had something to do with him</p> <p>11 not taking the van. 1 out of the house, she was carrying one of W33 guitars with								
2 her. W33 heard a noise coming from the porch area, and when he								
3 looked closer to what S1 was doing, he realized she was								
4 smashing his guitar on the railing of the porch. He knew things had								
5 gotten to the point where they could not be repaired with a								
6 conversation right at that time, so he drove away from his residence								
7 and up to his workplace in Fremont.								
8								
9 Once he was in Fremont, W33 parked his van in the parking lot								
10 and tried to go right to sleep. He estimated it was approximately								
11 0100 hours when he arrived. He did not return home that night or								
12 throughout the next day because he was working his normal shift. He								
13 also had not tried to call S1 at home and had not heard from								
14 her all day long.								
15								
16 At the end of his shift, which was approximately 1200 hours, W33								
17 called a mutual friend of his and S1, by the name of,								
18 for help. W33 confided in and told her the problems he had								
19 with S1 the previous night. He told about the recent								
20 history concerning the relationship and S1 beliefs of W33								
21 being unfaithful. After hearing this, tried to call S1								
22 at home, but did not receive an answer. told W33								
23 there was no answer at the house, but also said she had been trying								
24 to get a hold of S1 all week without any success.								
25								
26 At approximately 1400 hours, W33 still did not know what to do,								
27 so he decided to try and call S1 himself. Upon calling home,								
28 there was no answer. He left a message for S1 telling her he								
29 loved her, missed her, and wanted to come home.

1 Since S1 did not answer W33 call, he was still unsure									
2 if he should go home. He called his friend , whom he also told									
3 of the events surrounding the previous night. W33 told us he									
4 felt desperate and worried about his relationship. gave W33									
5 whatever advice he could and offered to have W33 come to									
6 his house. W33 declined the offer, stating he was not in the									
7 mood to visit with friends and pretend as if everything was fine.									
8 Although W33 was hoping could go by the apartment on									
9 Cleveland Avenue to check on S1 , he never mentioned this and									
10 never offered. They ended their conversation and W33									
11 never spoke to again.									
12									
13 After speaking with and W33 took a shower at his

15 up a prescription that was ready for him at Safeway. W33 also									
16 picked up something to eat at a nearby Burger King so that he could									
17 take his medications with food. After eating, he decided to drive									
18 passed his house to see if S1 truck was there. However, as									
19 he pulled up to Cleveland Avenue, he saw the Sheriff's Office crime

<p>1 he did say S1 acted strange for a period of time after being</p> <p>2 released from the hospital. W33</p> <p>5 would try to ask S1 what she was saying or what she was</p> <p>6 talking about, but she was able to explain to him that the</p> <p>7 medications she had been forced to take were what was making her act</p> <p>8 that way.</p> <p>9</p> <p>10 W33 also mentioned that the hospital staff had told S1</p> <p>11 that she had a urinary tract infection while she was at the hospital.</p> <p>12 As she was being discharged from the hospital, nurses gave her</p> <p>13 medications, stating they were to treat the infection. 1	S1	because she would drink by herself for no reason, but for							
2	the most part S1	would only drink every so often. When S1							
3	drank,	her behavior would change, but only in a verbal way.							
4	W33	said S1	would become verbally abusive and could be						
5	very hurtful to others.	This behavior was certain to occur when S1							
6	would drink.	Although it could still happen when she was not							
7	drunk,	it was not such a sure thing and would come and go with her							
8	mood.								
9									
10	W33	told us S1	would normally just drink beer and that						
11	they always had it available in the house.	S1	would not						
12	recognize that her behavior would become so abusive when she had been								
13	drinking.	It would only take S1	consuming 1 beer before she						
14	would already start to change her behavior and start becoming hurtful								
15	with her words toward others.	W33	had tried to point this out						
16	to her in the past, but she would become upset with him, become

18	to S1	about her issues with drinking and started to "just live							
19	with it" to avoid problems.

21	Sergeant Leon tried to have W33	describe the way S1	would

25	way. At times, S1	would try to "close the space" between her

27	your face".	W33	admitted S1	would act this way with					
28	him, but when someone else was around, she would not treat them the								
29	same way.

1	W33	admitted S1	would	"say whatever she had to say to win

<p>1 W33 started to recall some of the things that were happening as</p> <p>2 he was trying to open the door and get into his apartment. He talked</p> <p>3 about how S1 kept saying "pound cake, pound cake". W33</p> <p>4 did not know what this meant and did not know why S1 was</p> <p>5 saying it. S1 also kept calling out for the neighbor's dog</p> <p>6 "Boston" to come to her aid. According to W33 S1 was</p> <p>7 saying some "weird stuff" as he was trying to get in, such as "No,</p> <p>8 no, no, don't come in. Help, help. I don't know who you are." and</p> <p>9 "Next door, next door. Boston, Boston." W33 was confused as</p> <p>10 to why S1 was calling the neighbor or the dog, but again said</p> <p>11 S1 actions were "not her". 1 whatever room he was in. He described her as someone who does not
 2 normally curse or use foul language. However, in the previous week
 3 she was using extremely foul language and was swearing at anyone she
 4 would talk to. He said she would swear at him, God, or other people
 5 in Heaven.
 6
 7 Sergeant Leon asked W33 how he thought S1 would have
 8 reacted if Sheriff's Deputies would have shown up at the house the
 9 previous night. At first, W33 said it would have depended on
 10 whether the deputies believed his story or her story as to what
 11 happened. Sergeant Leon clarified his question to be whether or not
 12 he felt S1 would have been accepting of the deputies, their
 13 presence, and what they were doing. W33 answered by saying he
 14 would not know what her reaction would have been if she had been
 15 drinking. However, if S1 was sober, W33 felt she would

I was hoping somebody was gonna come by and then she'd have to</p> <p>2 stop, and if she didn't then it was beyond her ability, but nobody</p> <p>3 had come by."</p> <p>4</p> <p>5 Sergeant Leon asked about W33 not calling 911 for assistance</p> <p>6 while he was having this altercation with S1 . He felt he did</p> <p>7 not have a reason to call 911 and thought deputies coming to the</p> <p>8 house would only temporarily stop the problem. Once the deputies</p> <p>9 left the house, with W33 still there with S1 , she would</p> <p>10 again become verbally abusive as if they never came to begin with.</p> <p>11 W33 thought the best solution was to leave for the night so</p> <p>12 that things would calm down and they would be able to go back to a</p> <p>13 normal life together.</p> <p>14</p> <p>15 W33 talked about S1 being sent to the Fremont Hospital by</p> <p>16 the Kaiser Psychiatrist. He never heard much about the incident</p> <p>17 after it happened, but he was able to see some of the paperwork from</p> <p>18 the visit that resulting in S1 commitment to the hospital.</p> <p>19 He said the paperwork appeared as if the psychiatrist mistook S1</p> <p>20 for someone else and was asking questions pertaining to the</p> <p>21 other patient. This upset S1 S1 had also brought</p> <p>22 pictures with her to an appointment, which she interpreted to be "the</p> <p>23 hand of God". This was met with negative results by the</p> <p>24 psychiatrist, which eventually led to her being taken the Fremont</p> <p>25 Hospital. W33 could understand why S1 was so upset with</p> <p>26 the treatment by Kaiser, but he did not know how it led to her</p> <p>27 commitment to the hospital in Fremont. He had wanted to go talk with</p> <p>28 the doctors about S1 and what had happened, but she would not</p> <p>29 allow him to and he never found out what was wrong. W33</p> <p>30 recalled that it all started while she was seeking treatment for her</p>

1 pain related problems, including her neck and head pain. When the								
2 doctors suggested S1 see a psychiatrist to assist with these								
3 pain related issues, W33 took it as good advice and encouraged								
4 S1 to seek this assistance. He did not know it would result								
5 in her commitment to the Fremont Hospital.								
6								
7 We asked W33 if there was anything, other than the guitar he had								
8 previously mentioned, that S1 destroyed or broke during this								
9 argument. W33 did not see S1 actually break anything								
10 else, but did mention a small ukulele type guitar he had seen lying								
11 on the porch. As he was in his van in the driveway, he actually								
12 heard S1 kick the ukulele as she was coming out of the house,								
13 which drew his attention to the porch. Upon seeing S1 on the								
14 porch with his guitar, breaking it over the railing, he thought it								
15 was "the last straw". Thinking S1 was possibly breaking the								
16 guitar just to upset him, he did not want to stay there any longer.								
17 He drove away thinking it would show S1 she was doing it for								
18 nothing because there was no one there to watch her anymore and maybe								
19 she would stop								
20								
21 Sergeant Leon verified that W33 had call the apartment to								
22 try and contact S1. He then asked W33 why he felt he								
23 could not simply go home on his own. W33 reiterated he had								
24 never seen S1 acting like she did the night before. He has								
25 left the house in the past, to get away from an argument or stop S1								
26 from verbally abusing him. A short time later, he would start								
27 to miss S1 and return home to be with her. Upon arriving home								
28 however, he discovered S1 was not over what had occurred and								
29 the argument would start all over again. As a result of this, W33								
30 knew he had to wait long periods of time, until S1 was

1 either not upset anymore or had sobered up after drinking too much									
2 alcohol. Therefore, he was unsure about going home because he did									
3 not know how S1 would receive him being there.									
4									
5 W33 stated S1 behavior had progressively become worse									
6 over the previous 3-4 days, with the previous night being the worst									
7 he had ever seen her act. Sergeant Leon asked if W33 felt,									
8 with S1 behavior worsening, he should try to encourage her									
9 to go back to see another psychiatrist. W33 said had									
10 actually discussed this with him during their previous conversation,									
11 but he felt it would be hard for him to do because he loved her so									
12 much. People had described S1 as "crazy" in the past and she									
13 had gone to great lengths to prove them wrong. W33 wanted to									
14 be on S1 side through all of that and felt he would be									
15 "stabbing her in the back" if he was to approach her about going back									
16 to a psychiatrist.									
17									
18 Sergeant Leon attempted to clarify what he was saying and tried to									
19 reassure W33 that he was not calling S1 "crazy". To									
20 this, W33 stated, "Well, it's like this. Between us, she is a									
21 little crazy, I think, but, uh, you know, I love her anyway." W33									
22 tried to continue, but lost his train of thought.									
23									
24 After some brief conversation, we took a break from W33									
25 statement. Just prior to the break, I showed W33 a photograph									
26 I had previously printed of S1 driver's license picture and									
27 asked him who it was in the photo. W33 immediately identified									
28 the person in the photograph as S1. He also showed us some of									
29 the family photographs he carries with him. I asked if S1 had									
30 any children, to which W33 said she had a son and a daughter

7 We took a break from the interview and all left the room.									
8 Approximately 17 minutes later, we returned to the interview room and									
9 continued speaking with W33									
10									
11 Upon resuming our conversation, I asked W33 further questions									
12 about S1 marijuana usage. He stated she possesses a card									
13 for the use of medicinal marijuana to assist with pain management.									
14 She usually purchases her marijuana from a business called the San									
15 Jose Patients Group, located on The Alameda in San Jose. Although									
16 W33 has driven S1 to the business so she could buy									
17 marijuana, he has never been inside of the business because he does									
18 not possess a card for the usage of marijuana. W33 was unsure									
19 of how often S1 would go to the Patients Group to buy									
20 marijuana because she normally goes while he is at work. However, he									
21 has found a few bills around the house in relation to S1									
22 medicinal marijuana purchases and was able to estimate she spends									
23 over \$1,000 a month on marijuana. S1 receives disability									
24 checks every month in the amount of \$1,200 and W33 estimated									
25 she spends nearly all of this money on purchasing medicinal									
26 marijuana.									
27									
28 I asked W33 if he thought S1 may have smoked marijuana									
29 during the day on Friday, while he was at work. He stated he was at									
30 work all day and did not know if she smoked while he was working, or

1 before he left for work. When he got home, she went right into the
2 bathroom and he did not see if she was smoking then. He did not see
3 S1 again that night until the altercations took place at the
4 doorway of the apartment. However, W33 made it a point to tell
5 us "She smokes every day, all day long." He talked about how she has
6 a marijuana cigarette in her hand at all times and it has come to the
7 point where he does not even notice it anymore because it has become
8 so normal.
9
10 At this point in the interview, neither Sergeant Leon nor I had any
11 further questions for W33. Upon my initial contact with W33
12 he had asked what was going on at his house and what had
13 happened to his wife. As I had promised him at the time of this
14 contact, I began to tell W33 of the events from the previous
15 night after he left and drove to his workplace in Fremont to sleep.
16 This included the notification to him that Sheriff's Deputies on the
17 scene of the call had discharged their firearms as a result of a
18 threat from S1 as she confronted them with the steak knife, as
19 well as the fact that S1 had passed away as a result of the
20 incident.
21
22 W33 immediately began to cry. I passed on condolences to W33
23 to which he thanked me for. I tried to assure W33 of
24 the investigation we were conducting, why it was being done, and let
25 him know we were trying to determine why these events took place the
26 way they had. As I continued to talk, W33 looked at me and
27 asked, "She's passed away, huh?" I confirmed with W33 that S1
28 had passed away and he continued to cry.
29
30 Sergeant Leon and I continued to try and talk with W33 and

Upon apologizing to him for the loss 2 of his wife, W33 said "It's not your fault" and began to place 3 blame on himself for not staying home with S1 4 5 We asked W33 if he would want or allow us to contact someone to 6 come to the office to be with him. W33 agreed to have us 7 contact his friend and ask if he could come to Sheriff's 8 Headquarters to assist him. I was able to make telephone contact 9 with who advised he would be responding to the office for W33 10 11 12 Over the next hour, we talked with W33 about various aspects of 13 the investigation, his life with S1 her previous problems, 14 and we continued to try and comfort him. W33 talked about how 15 S1 would not hurt anyone, even if she had a knife, but he did 16 say he knew the officers would not know this about her. He talked 17 about the deputies not realizing S1 would not have hurt them, 18 them not knowing she had never been violent with others, and they 19 could not know that the fact S1 having a knife did not mean 20 she would hurt them with it. W33 said "I feel for them too" 21 when speaking of the deputies on scene and stated, "Tell them I 22 forgive them. They didn't know. So that they could feel okay 23 too." 24 25 We provided W33 with the information to contact the Medical 26 Examiner's Office for information pertaining to S1. 11 Once W33 left Sheriff's Headquarters, Sergeant Leon and I were									
12 able to make contact with the Reserve Deputy who had been on scene									
13 with V1 Galan, V2 Brown, and V3 Espinosa at the time of this									
14 incident. Through information provided by Reserve Captain Rumley and									
15 the daily schedule completed by Sheriff's Operations, we were been									
16 able to identify this deputy as Reserve Deputy Luong (W34 Luong).									
17 For further information on W34 Luong's statement, see Sergeant Leon's									
18 supplemental report.									
19									
20 Prior to ending our shift, I collected all of the Google Earth printed									
21 maps we had used during our interviews with V2 Brown, V3 Espinosa,

23 to depict locations of certain objects and people throughout the

10 SUPPLEMENTAL INVESTIGATION:									
11									
12 On 11/16/13, I was assigned to the Sheriff's Office Investigations									
13 Division as an On-Call Investigator with the Robbery/Homicide Unit.									
14 At approximately 0057 hours, I received a telephone call from									
15 Lieutenant Urena advising of an Officer Involved Shooting incident									
16 that had occurred at _____ in San Jose. Lieutenant									
17 Urena was able to tell me Sheriff's Deputies had responded to that									
18 address on a report of a suspicious subject, confronted a subject									
19 with a knife, and eventually discharged a firearm at the subject.									
20 The subject was struck by the shots from the deputy's firearm and had									
21 been pronounced deceased at the scene.									
22									
23 Lieutenant Urena was able to identify the deputies involved in the									
24 incident as Deputy J. Galan (V1 Galan), Deputy J. Brown (V2 Brown),									
25 and Deputy F. Espinosa (V3 Espinosa). All deputies were unhurt									
26 during the incident and had been transported to Sheriff's									
27 Headquarters for further investigation.									
28									
29 Lieutenant Urena identified Sheriff's Crime Scene Investigations (CSI)									
30 Detectives Cortez, Leonard, and Welch as evidence personnel

2 contacting Sergeant Leon to respond to the scene to assist with the									
3 investigation and asked that I notify Sergeant Carrasco. At									
4 approximately 0113 hours, I was able to make telephone contact with									
5 Sergeant Carrasco to advise him of the incident. He stated he would									
6 respond to the scene to assist.									
7									
8 At approximately 0210 hours, I arrived on scene at

10 scene. Sheriff's Office Internal Affairs (IA) Sergeants Davis and									
11 Rivera, Patrol Captain Sung, and acting Investigations Captain Binder									
12 were also on scene.									
13									
14 SCENE DESCRIPTION:									
15									
16 Upon arriving on scene, I observed the area surrounding									
17 to be taped off with Sheriff's crime scene tape. There was an									
18 inner perimeter, which encompassed the residence, the driveway, and									
19 the street directly in front of the address. is									
20 a single story tri-plex type residence, with the three units marked									
21 as A, B, and C. Unit A was closest to the street, with unit C being									
22 to the rear of the building. There were two Sheriff's patrol cars									
23 parked within the inner perimeter, with one car parked on the									
24 northbound side of Cleveland Avenue, facing northbound, and the other									
25 patrol car parked along the west curb line of Cleveland Avenue,									
26 facing southbound. I could see a yellow blanket in the driveway of									
27 , covering the body of the subject, later									
28 identified as Suspect (S1). The body									
29 was located in the driveway of , just off of the

1 the residence and various markers scattered about the driveway near 2 S1 body. I later learned these markers were placed in the 3 area of various evidentiary items, as they were located by deputies 4 just after the incident occurred. From my vantage point, I was 5 unable to see what these evidence items were. 6 7 Just outside of the inner perimeter was another taped off area 8 containing a third Sheriff's patrol car. This patrol car was parked 9 along the west curb line, facing the southbound direction. Outside 10 of this taped off perimeter, was a final taped off area where 11 deputies were maintaining security and limiting access into the crime 12 scene. 13 14 INVESTIGATION CONTINUED: 15 16 Captain Binder advised me he had already notified the County Coroner's 17 Office of the incident and that they would be waiting for 18 notification from the Sheriff's Office for their response to the 19 scene. 20 21 At approximately 0220 hours, I contacted County Communications and 22 asked them to have the On-Call Deputy District Attorney (DDA) contact 23 me. At 0225 hours, DDA Kevin Smith contacted me by cell phone. I 24 provided him with a briefing of the incident and he advised he would 25 respond to the scene. He also stated he would notify a District 26 Attorney's Investigator to respond to the scene with him. I later 27 learned the DA Investigator would be Stephanie Reinhardt. 28 29 At approximately 0235 hours, Sergeant Carrasco arrived on scene. 10									
11 At approximately 0313 hours, Deputy Amaya, Deputy Galaviz, and									
12 Sergeant Tong provided a briefing to investigators.									
13									
14 BRIEFING:									
15									
16 Deputy Amaya stated S1 lived									
17 with her husband (W33 A female reporting party (R2)									
18 at that address, and there was a witness (W1									
19 /reporting party (R1) couple who									
20									
21									
22 At approximately 2300 hours, W1 was leaving the									
23 house for some food. As she passed near the door leading ,									
24 S1 came out of her house wearing a robe. S1 said, "You									
25 wanna see this" and opened her robe to expose her naked body. S1									
26 continued to ramble on and on, but it did not appear she was									
27 talking to anyone specific. W1 left the house to get her food									
28 and did not return until approximately 2330-2345 hours.									
29									
30 When W1 arrived home, she could hear yelling between S1

1 and W33 . Eventually, W1 and R1									
2 heard a car start out in the driveway. The engine ran for									
3 approximately 5-10 minutes, but then left. They described hearing									
4 yelling and glass breaking outside, and thought it was coming from									
5 the area . Fearing for R2 safety, R1									
6 called in to the Sheriff's Office to report a possible burglary.									
7									
8 A short time later, Deputies Galan, Espinosa, and Brown arrived on									
9 scene. V3 Espinosa advised County Communications that they were									
10 conducting a "high-risk" pedestrian stop on a subject in front of the									
11 address. There was a brief silence, but then there was loud shouting									
12 coming over the police radio. The radio went silent again, but a									
13 short time later V3 Espinosa advised of "shots fired". Sheriff's									
14 Office units responded to the scene, set up a perimeter, and									
15 eventually rendered the scene secure.									
16									
17 Sergeant Tong advised he arrived on scene a short time later and									
18 contacted V3 Espinosa. He asked how many shots had been fired and									
19 who had fired the shots. V3 Espinosa told Sergeant Tong that V1									
20 Galan had fired her weapon toward S1 Sergeant Tong was able									
21 to look and see medical personnel rendering aid to S1 He was									
22 able to contact V1 Galan sitting in a patrol vehicle on the scene and									
23 asked how many shots had been fired. V1 Galan advised him she had									
24 fired 3 shots from her firearm, but was too distraught to provide any									
25 further information. Deputy Ledesma transported V1 Galan to									
26 Sheriff's Headquarters for further information and follow-up.									
27									
28 Sergeant Tong told us V2 Brown identified various locations within the

2 transported to Sheriff's Headquarters for further information and									
3 follow-up.									
4									
5 R2 was contacted and advised she had recently moved into the									
6 apartment and had not had much contact with S1 or W33									
7 She did not notice any large disturbances or arguments coming from									
8 prior to this incident, but described S1 yelling louder									
9 and smashing items after W33 had driven away from the scene.									
10 At one point, R2 opened her door to look outside, but heard a									
11 male voice yelling "put the knife down" and then 4-5 gunshots. She									
12 quickly shut the door fearing for her safety and did not open it									
13 again until contacted by deputies on scene.									
14									
15 Recently, S1 apologized to R2 for a disturbance. S1									
16 told R2 she had a few old friends over and they had									
17 been drinking and smoking marijuana. Due to this, they began to get									
18 a little loud and she wanted to apologize for the noise. R2									
19 did not know what S1 was talking about because she did not									
20 remember any disturbance or get together S1 had with friends.									
21									
22									
23 According to some of the witnesses on scene, W33 had not									
24 returned home and they did not know where he may be. W1									
25 stated she had a key to S1 apartment, but she had also									
26 recently noticed a change in S1 behavior. W1									
27 described S1 as having a "blank stare" in her eyes earlier in									
28 the evening when she pulled open her robe and said she had never seen

1 marijuana. W1 recalled seeing S1 drink alcohol the									
2 previous weekend, which W1 thought was odd because she had									
3 never seen S1 drink in the past. W1 and R1									
4 mentioned being Facebook friends with S1 and described some of									
5 her recent post as being odd. They said she rambled about strange									
6 things and did not seem to make much sense, but they did not pay much									
7 attention to it.									
8									
9 As a final part to the briefing, Deputy Amaya identified S1 by									
10 name and estimated her age to be between 60 and 70 years old. He									
11 also said Paramedic Supervisor pronounced S1									
12 deceased, with a time of death to be 0032 hours. Also on scene at									
13 the time were San Jose Fire Engine #4 and Rural Metro EMS Rig #39.									
14									
15 INVESTIGATION CONTINUED:									
16									
17 As the briefing was being conducted, Investigator Reinhardt arrived on									
18 scene. Once the briefing was concluded, we began to arrange for a

20 Leon, Sergeant Carrasco, Detective Cortez, Detective Leonard,									
21 Detective Welch, Captain Binder, Sergeant Rivera, Captain Sung, DDA									
22 Smith, Investigator Reinhardt, and I entered the crime scene. Due to									
23 the layout of the scene, we were all able to remain and view the									
24 crime scene from a location in the street east of the driveway									
25									
26									
27 Prior to completing the walk through, Deputy Galaviz was able to take

2 Detective Cortez also told me there was visible damage to the									
3 railing of the porch directly in front , but it was unknown									
4 where the damage had come from.									
5									
6 Upon exiting the crime scene, I was contacted by Deputy Galaviz. He									
7 told me there was further information from W1 W1 had									
8 stated she had been in S1 apartment a few months prior to									
9 this incident. While there, W1 noticed something "silver" and									
10 thought it may have been a gun. W1 was not sure if it was a									
11 real or toy gun because she did not see the whole thing, but									
12 remembered thinking S1 had a gun in her home. When W1									
13 heard the gunshots earlier in the evening, she thought it may have									
14 been S1 who was shooting that gun, but she could not be sure									
15 because she did not open her door or look outside at any point.									
16									
17 I was contacted by Deputy Somerville, who had conducted canvass									
18 interviews with some of the residents along Cleveland Avenue. He									
19 told me he had located 9 to 11 bullet holes in the garage door of the									
20 residence directly across the street from .									
21 Deputy Somerville was able to show me the garage door, where we									
22 counted 11 holes that appeared to be similar in size and shape to									
23 bullet holes, however it also appeared as if they had come from the									
24 inside of the garage, going in the outward direction. I asked Deputy									
25 Somerville to follow up with the resident of that address									
26 to see if they could provide further information on									
27 the holes. Deputy Somerville later told me he spoke to one of the

6 themselves. Attorney made a record of not being able to make								
7 his own recording of the interview, but that an audio copy of the								
8 interview would be available to him at a later time.

10 V1 Galan stated she has been employed by the Santa Clara County								
11 Sheriff's Office as a Deputy for approximately 3 years. V1 Galan did								
12 not have any military or law enforcement experience prior to her								
13 employment with the Sheriff's Office, but she had previously started								
14 a police academy in Contra Costa County. Due to an injury, V1 Galan								
15 had to drop out of the academy after only a couple of months. Prior								
16 to that, V1 Galan served an internship with INTERPOL in Washington								
17 D.C.								
18								
19 After graduating from the Sheriff's Academy, V1 Galan has been								
20 assigned to the Patrol Division, working various shifts and beat								
21 assignments, including swing shift and midnight shifts. Recently, V1								
22 Galan completed a six month assignment with the Sheriff's Parks								
23 Patrol Unit. The parks assignment began in April of 2013 and ended								
24 in October. Since then, V1 Galan has been assigned to the 10-Plan								
25 midnight shift, which is scheduled to work from 2200 hours, to 0800								
26 hours, Tuesday night through Friday night.								
27								
28 V1 Galan verified she completed the Sheriff's Field Training Program								
29 and has since been assigned as a solo person patrol unit. She has								
30 worked beats in South Santa Clara County, East San Jose, and in

V1 Galan has been assigned to this</p> <p>4 midnight shift since returning from Parks Patrol in October, and</p> <p>5 working the 61B1 beat for the previous 2-3 weeks. Approximately a</p> <p>6 week ago, V2 Brown came to work in the Central San Jose area, and has</p> <p>7 been working there ever since.</p> <p>8</p> <p>9 V1 Galan said she does not normally have much trouble sleeping during</p> <p>10 the day, in preparation for her night shifts. She tries to go to</p> <p>11 sleep as soon as she gets home from work and will normally sleep for</p> <p>12 approximately 7-8 hours. In the week prior to this incident, V1</p> <p>13 Galan was able to get some rest on Tuesday prior to coming in for her</p> <p>14 first shift of the week. Although the team was fairly busy fielding</p> <p>15 calls for service on Tuesday night, it did not seem as if there were</p> <p>16 any high stress calls and most of the details involved simply taking</p> <p>17 reports and dealing with problems at Valley Medical Center (VMC). V1</p> <p>18 Galan was able to complete all of her paperwork prior to ending her</p> <p>19 shift on Wednesday morning and did not have anything carrying over</p> <p>20 until the next shift.</p> <p>21</p> <p>22 V1 Galan told us she was able to get full sleep on Wednesday, going to</p> <p>23 sleep at approximately 0845 hours and sleeping until approximately</p> <p>24 1830 hours. <p>1 When V1 Galan arrived for her scheduled shift on Thursday night, she</p> <p>2 was advised there would not be a briefing due to a "shots fired" call</p> <p>3 on the East side of San Jose. Midnight personnel were advised to</p> <p>4 load their duty gear and respond to the scene as soon as possible.</p> <p>5 V1 Galan learned the incident was a Homicide detail that had occurred</p> <p>6 in Sheriff's Office jurisdiction. She checked in at the Command Post</p> <p>7 for the incident and was assigned to canvass the area in search of</p> <p>8 possible video surveillance of the incident.</p> <p>9</p> <p>10 During her canvass of the area, V1 Galan located video surveillance</p> <p>11 from a residence that showed the entire Homicide incident. She</p> <p>12 viewed the video, saw the incident take place as captured by the</p> <p>13 video surveillance, and stayed at that location until another deputy</p> <p>14 could respond to collect the video as evidence. V1 Galan said she</p> <p>15 did not feel any type of emotion while watching the video of the</p> <p>16 Homicide and that it did not affect her at all. She later located</p> <p>17 another location with video surveillance evidence and again waited</p> <p>18 for someone to come collect it, just as she had done at the first</p> <p>19 location.</p> <p>20</p> <p>21 Upon completing her task of locating video evidence, V1 Galan was</p> <p>22 assigned to a perimeter position until relieved by another deputy.</p> <p>23 At that point, she returned to Sheriff's Headquarters and ended her</p> <p>24 shift. Upon leaving the Sheriff's Office at approximately 0645</p> <p>25 hours, V1 Galan picked up another deputy at their residence and took</p> <p>26 them to a doctor's appointment related to an on-duty injury. At the</p> <p>27 conclusion of the appointment, V1 Galan went home and was able to get</p> <p>28 some sleep before returning to work on Friday evening for her</p> <p>29 regularly scheduled shift. 1 Friday night.									
2									
3 On Friday evening, V1 Galan arrived for her normally scheduled shift.									
4 The shift briefing started at approximately 2200 hours, but lasted a									
5 little longer than usual as the team discussed the Homicide event									
6 from the previous night. At approximately 2240 hours, the briefing									
7 was concluded and V1 Galan loaded up her patrol vehicle. V1 Galan									
8 estimated she pulled out of the Sheriff's Office parking lot and									
9 began patrolling her area of San Jose at approximately 2250 hours.									
10									
11									
12 V1 Galan was in the area of Valley Medical Center writing reports when									
13 a call for service came out over the radio at approximately 2340									
14 hours. The call was in regards to a possible "in progress" vehicle									
15 burglary in the area of the Safelite Auto Glass store on Stevens									
16 Creek Boulevard. The call was dispatched to Sheriff's units as two									
17 subjects breaking into a vehicle in the parking lot behind the									
18 business.									
19									
20 V1 Galan responded to the call along with numerous other units. V3									
21 Espinosa was the first unit to arrive, followed by swing shift units.									
22 V1 Galan arrived after the swing shift units. When she arrived on									
23 scene, other units had contacted the two subjects and were detaining									
24 them at gunpoint. V1 Galan assisted in detaining the two subjects,									
25 but they were later released when it was determined they actually									
26 owned the vehicle it was said they were burglarizing.									
27									
28 Although V1 Galan described the incident as a "high risk" stop, she									
29 never drew her weapon and only had to assist by walking a female									
30 subject back to the patrol vehicle area, where she was detained until

1 later being released. There were no problems that arose during the								
2 stop and the subjects cooperated with the deputies on scene.								
3								
4 Upon clearing the scene, V1 Galan began to drive back to the VMC area								
5 to continue writing reports. However, she heard V3 Espinosa conduct								
6 a pedestrian stop on a male and female couple in the parking lot of								
7 105 N Bascom Avenue. When it seemed as if an extended period of time								
8 passed before V3 Espinosa announced on the police radio that he did								
9 not need further assistance, V1 Galan drove to that location to see								
10 if he needed help.								
11								
12 When she arrived at 105 N Bascom Avenue, V1 Galan noticed the female								
13 subject V3 Espinosa had detained was being somewhat verbally								
14 uncooperative. V1 Galan began to engage the female subject in								
15 conversation in order to try and control her. The female subject								
16 seemed to be talking about random things and not making much sense to								
17 V1 Galan. Once V1 Galan pulled the female subject away from where V3								
18 Espinosa was talking to the male, she seemed to calm down a little								
19 bit and not create much of a problem for V1 Galan. V2 Brown and a								
20 Reserve Deputy showed up on scene to assist and they were all able to								
21 complete the stop without further incident. V1 Galan did not know								
22 the name of the Reserve Deputy, but stated she would be able to								
23 recognize him if she were to see him again. I was later able to								
24 identify the Reserve Deputy as Deputy Luong (W34 Luong).								
25								
26 Just as V3 Espinosa was concluding his pedestrian stop on the two								
27 subjects and they were being released, V1 Galan estimated it was								
28 approximately 0015 hours, V1 Galan and the other deputies were								
29 dispatched to a call of a possible burglary in progress at

5 . Once the call came out of the possible burglary								
6 in progress on Cleveland, V1 Galan and V2 Brown immediately began to								
7 respond to the address. V1 Galan described pulling out of the

9 Avenue, turning eastbound onto Olive Avenue, and then southbound on								
10 Cleveland Avenue. V2 Brown was directly behind V1 Galan as they								
11 drove to the address. V3 Espinosa was able to end his pedestrian								
12 stop and also began to respond to the Cleveland Avenue address.

12 According to V1 Galan, neither V2 Brown nor V3 Espinosa had their

15 I had V1 Galan describe the uniform she would wear for a normal night

17 Sheriff's Office uniform pants, a leather duty belt and a tan colored									
18 long sleeve Sheriff's Office uniform shirt. The uniform shirt has									
19 Sheriff's Office patches on both shoulders and V1 Galan wears her

22 shoulders, a sown on badge on the upper left chest, and her name is									
23 sown above the front right pocket. On her duty belt V1 Galan wears									
24 two .40 caliber Glock magazines for her duty weapon, OC spray, a

27 S1 continued to advance toward V1 Galan in the driveway.
28 Suddenly, S1 raised the knife from her side to a point in
29 front of her body. At this point, V1 Galan fired three rounds from
30 her firearm, aiming for S1 chest area.

2 As she spoke, V1 Galan was extremely emotional and crying. We took a									
3 pause in her statement so that she could compose herself prior to									
4 some clarifying questions. A short time later, I began to ask V1									
5 Galan further questions.									
6									
7 V1 Galan stated S1 already had the guitar in her hand when she									
8 started to walk off of the porch. V1 Galan described it as a red									
9 guitar, which S1 was holding in her left hand, by the "neck"									
10 of the guitar. V1 Galan did not immediately see a knife in S1									
11 hands, but noticed she was holding a knife after V2 Brown									
12 yelled it out and V1 Galan illuminated S1 with her flashlight.									
13 At the point where V1 Galan illuminated S1 and noticed the									
14 knife, she was still standing in the street, at a point somewhere in									
15 between where her car was parked and the West curb of the roadway.									
16 At that time, V2 Brown and V3 Espinosa were standing over in front of									
17 their patrol cars, just North of V1 Galan's location.									
18									
19 Upon coming down off of the porch and heading toward V2 Brown and V3									
20 Espinosa, V1 Galan described S1 as walking "very fast. It									
21 wasn't like a run, but she wasn't walking normal. She was walking									
22 quickly towards them."									
23									
24 V1 Galan told us S1 was yelling at the deputies the whole time.									
25 Although V1 Galan could not remember everything S1 said, she									
26 described her yelling things such as, "What the fuck are you going to									
27 do?" and "Why are you here?" V1 Galan said S1 used a lot of									
28 profanity and yelled at them a lot, but also said there was a lot of									
29 yelling in general because they were all trying to yell verbal									
30 commands for her to drop her weapon.

2 As V1 Galan was yelling at S1 for her to drop the knife, she									
3 was holding her flashlight and firearm together, similar to a									
4 shooting position, illuminating S1 V1 Galan could see S1									
5 had a kitchen type knife in her hand, with a black handle and									
6 a 6 to 8 inch blade. S1 was advancing toward V2 Brown and V3									
7 Espinosa, with the knife at her side. Using a pen as an example of a									
8 knife, I asked V1 Galan how S1 was holding the knife. V1									
9 Galan was able to tell me S1 was holding the knife by the									
10 handle, with the blade portion coming out of her hand between her									
11 thumb and first finger, and pointing out. V1 Galan told me she									
12 thought the handle of the knife was black because she could see a									
13 small portion of it stick out of S1 hand, just beneath the									
14 blade. S1 was not moving the knife around in any way as she									
15 held it at her side; she just held it down to her right side.									
16									
17 V1 Galan said she continued to yell, "Drop the knife!" and "Drop the									
18 weapon!", but S1 would not do it. V1 Galan also remembered									
19 telling V3 Espinosa she thought they were going to have to shoot S1									
20 as well as yelling to V2 Brown to get out of the way of the									
21 "cross-fire".									
22									
23 I asked V1 Galan if she had ever tried to identify herself or the									
24 others as Sheriff's Deputies. V1 Galan said she remembered hearing									
25 V2 Brown and V3 Espinosa yelling "Sheriff's Office" to S1 to									
26 identify themselves, as well as specifically hearing V2 Brown									
27 continually yelling "Drop the knife!" and both V2 Brown and V3

1 continued to advance toward V2 Brown. V2 Brown was able to move									
2 around, come across the front of V1 Galan's patrol vehicle, and									
3 continued to move South on the East side of the patrol car. V2 Brown									
4 and V3 Espinosa moved in a South West direction, backing away from S1									
5 S1 started to follow V2 Brown, but suddenly turned									
6 her attention toward V1 Galan and V3 Espinosa, and started to advance									
7 toward them.									
8									
9 V1 Galan now described V2 Brown standing on the East side of Cleveland									
10 Avenue, pointing to the West. She described herself and V3 Espinosa									
11 as standing on the West side of Cleveland Avenue, pointing to the									
12 East. It was at this point that she yelled for V2 Brown to get out									
13 of the way because he was in their line of fire. V2 Brown ran to a									
14 vehicle that was parked on the East side of the road and was able to									
15 get behind the vehicle in an effort to get out of the line of fire.									
16 V1 Galan made a mental note of V2 Brown no longer being in the									
17 background and felt he was safe.									
18									
19 V1 Galan and V3 Espinosa backed toward the sidewalk on the West side									
20 of Cleveland Avenue, with S1 advancing toward them from the

1 well as V3 Espinosa's safety, as S1 advanced toward them and									
2 started to back them into the driveway of .									
3									
4 I asked V1 Galan if she could estimate how close S1 got to V2									
5 Brown as he was backing away from her. V1 Galan responded, "Oh God,									
6 super close. Too close." V1 Galan said S1 kept the knife									
7 down by her side as she advanced on V2 Brown, but she could not									
8 recall if S1 ever raised the knife up or swung it at V2 Brown									
9 in a threatening manner as she followed him.									
10									
11 V1 Galan could not be sure why S1 changed her focus from V2									
12 Brown to her and V3 Espinosa, but thought it may have been a									
13 combination of a few different things. First, V1 Galan described her									
14 and V3 Espinosa yelling at S1 which may have drew her									
15 attention away from V2 Brown. I asked if there may have been too									
16 much distance between V2 Brown and S1 after he turned to run									
17 behind the parked vehicle. However, V1 Galan said S1 had									
18 already turned to face her and V3 Espinosa before V2 Brown took off									
19 running.									
20									
21 V1 Galan described S1 walking toward her and V3 Espinosa in a									
22 very "aggressive" and "confrontational" manner. Although V1 Galan									
23 could not remember if she still had her flashlight in her hand or									
24 not, she knew she had her firearm out and in a good shooting grip.									
25 S1 was still yelling at V1 Galan and V3 Espinosa, but only									
26 holding the knife down by her side as she had done earlier. When I									
27 asked V1 Galan to describe the look she saw of S1 face as									
28 she was advancing toward them, she quickly said, "Crazy. Mad. She									
29 looked high. She looked uhm... nothing we were saying was even									
30 registering with her."

1									
2 With this information, I asked V1 Galan if she thought S1 heard									
3 all of the commands the deputies were yelling at her throughout the									
4 incident. V1 Galan stated, "I have no idea." V1 Galan went on to									
5 say, "We were yelling really loud" and said she felt S1 should									
6 have been able to hear their commands if she would have been in a									
7 normal state of mind because they were yelling so loudly.									
8									
9 V1 Galan explained how she and V3 Espinosa backed up into the									
10 driveway, but V3 Espinosa separated from her and went between two									
11 parked vehicles. V1 Galan said a vehicle was parked in the driveway									
12 and V3 Espinosa was on the South side of the vehicle while she was on									
13 the North side of the vehicle. V1 Galan did not know what brand of									
14 car the vehicle was, but described it as a sedan and said it was									
15 short enough that she could see V3 Espinosa over the top of the hood									
16 of the car from where she was on the North side of the vehicle.									
17									
18 V1 Galan continued by telling me she kept backing up and away from S1									
19 She eventually found there was "stuff" and "stairs" behind

28 from her side. V1 Galan told us she was in fear for her life, as									
29 well as her partners' lives, and thought S1 was going to lunge

1 V1 Galan clarified that V2 Brown had handcuffed S1 prior to her									
2 and V3 Espinosa going in to clear the building. Upon leaving the									
3 scene, V1 Galan described V2 Brown as standing with S1 and									
4 waiting for assistance.									
5									
6 I asked V1 Galan to describe what she saw in the apartment when she									
7 and V3 Espinosa went in. She said they did not locate anyone else									
8 inside the apartment. The door to the apartment did not open all the									
9 way due to large amounts of items placed behind it. Inside the front									
10 door were a couch and a mirror in the first room. The kitchen was									
11 just inside the front door and to the right. There was a hallway to									
12 a doorway leading into a garage, which was also cleared. Also in the									
13 hallway was a closet door, bedroom door, and bathroom door. The									
14 house was in somewhat disarray, with items scattered throughout that									
15 made it difficult to open some of the doors. There appeared to be									
16 items thrown about the inside of the house as if there was an									
17 argument inside prior to this event.									
18									
19 V1 Galan also described there being items left outside on the porch									
20 area in front of the apartment. She remembered having to step over									
21 items on the porch and stairs area while trying to get in and out of									
22 the apartment to make sure there was no one else inside. V1 Galan									
23 said there were subjects who came out of the other apartments in the									
24 building to see what was going on, but their doors were passed S1									
25 apartment and at the end of the porch. This happened as V3									
26 Espinosa was escorting V1 Galan away from the scene and she does not

1 being stuck by the rounds from V1 Galan's firearm. S1 did not									
2 move after falling to the ground. She thought S1 had fallen									
3 on top of the guitar when she fell, but described the knife as									
4 falling out of S1 hand and onto the ground.									
5									
6 Using the same map V1 Galan had marked earlier in the conversation, I									
7 had her place an "X" mark where she thought S1 fell after									
8 being shot. I also had V1 Galan place a circle mark where she									
9 thought she was standing when she discharged her firearm. I asked V1									
10 Galan to place markings where she thought V2 Brown and V3 Espinosa									
11 were located at the time of the shooting. V1 Galan put a square mark									
12 for V3 Espinosa, but was not sure where V2 Brown was located and									
13 could not place a marking for him. Finally, I had V1 Galan place a									
14 line marking where she remembered seeing the knife on the ground									
15 after S1 fell forward.									
16									
17 I asked V1 Galan if she remembered seeing anything else on the ground									
18 after the incident. V1 Galan was able to recall a pool of blood on									
19 the ground next to where S1 was lying after the shooting. V1									
20 Galan recalled seeing an ambulance arrive on scene as V3 Espinosa was									
21 escorting here away from the scene. She knew V3 Espinosa had made a									
22 transmission over the communications radio that shots had been fired,									
23 but she did not recall anyone making a request on the radio for									
24 medical assistance due to S1 being shot.									
25									
26 For clarification V1 Galan stated, "Yeah, and when we were walking,									
27 when we cleared this (the apartment), we were walking out, we said									
28 'Code 4', and he was saying, Sergeant Tong was like 'Deputies hit?'

1 And then right away, an ambulance pulled up right here, like, right									
2 away."									
3									
4 V1 Galan verified she was not hurt in any way during this event. In									
5 describing the stairs and items being behind her while she was									
6 backing away from S1 I asked V1 Galan if she bumped into									
7 anything as she was backing up. V1 Galan said she did not back into									
8 anything, nor did she notice how far away she was from backing into									
9 something. However, she was certain she would have backed into									
10 something behind her if she kept going and estimated she had less									
11 than 6 feet to go behind her before running out of room.									
12									
13 V1 Galan was only able to tell me neither she nor V3 Espinosa could									
14 provide first aid to S1 after she was shot because they had									
15 gone into the building to make sure it was clear. She did not know									
16 if V2 Brown provided first aid to S1 while they were inside									
17 clearing the building since they could not see him from inside.									
18									
19 While V1 Galan was on the scene and prior to her being taken away by									
20 V3 Espinosa, S1 was lying face down in the driveway and V1									
21 Galan never saw S1 lying on her back or anyone else on scene									
22 roll her over. V1 Galan also never saw S1 carrying anything									
23 other than the guitar in one hand and a knife in the other hand.									
24									
25 Sergeant Leon began to ask V1 Galan a few questions regarding her									
26 vehicle and her response to the scene. V1 Galan stated her patrol									
27 vehicle is painted white, but has "SHERIFF" decals and a Sheriff's

29 parked her vehicle, she parked in the roadway of Cleveland Avenue,

1 that she had called out to S1 and S1 looked directly

4 standing in the street, in full uniform, with the patrol vehicle									
5 directly behind her and the "SHERIFF" and badge decals on the patrol									
6 vehicle when she looked out from the front porch.									
7									
8 V1 Galan described the lighting in the area as "low, but it was fair									
9 ambient lighting" with the porch lights completely illuminating the									
10 area in front of the unit to where V1 Galan could clearly see the									
11 open door and S1 apartment "all lit up". For clarification,									
12 Sergeant Leon asked V1 Galan if she would have been walking up to the									
13 residence out of complete darkness. She said it was not completely									
14 dark in the area and the word "SHERIFF" on the side of the patrol car

5 Although V1 Galan was able to tell us she knew there were items on the									
6 ground behind her as she was backing up, she did not actually know									
7 what those items were. She knew there was a set of wooden stairs									
8 behind her leading back up to the porch area of the building, and									
9 that she was getting closer to the stairs. She also recognized there									
10 were items on the steps leading up to the building and described									
11 having to step over some of these items when going up to the									
12 apartment after the shooting.									
13									
14 Sergeant Leon reminded V1 Galan of her previous statements concerning									
15 seeing a pool of blood underneath S1 after the shooting. He									
16 then asked V1 Galan if she noticed any blood on S1 prior to									
17 the shooting. V1 Galan said she did not see any blood or injuries on									
18 S1 prior to the shooting, but also said S1 was									
19 completely clothed and she would not have been able to notice									
20 injuries S1 may have had under her clothing. However, V1									
21 Galan stated S1 did not appear physically injured and only									
22 described her as "crazy".									
23									
24 I asked V1 Galan if she thought S1 had intended on causing any									
25 physical harm to anyone in this incident. V1 Galan stated, "Yeah,									
26 us." I further asked V1 Galan if she thought someone other than a									
27 Sheriff's Deputy, such as the residents in units B or C at the same									
28 address, would have been injured by S1 V1 Galan still									
29 thought S1 would be a danger to other people because she									
30 didn't believe S1 was of "sound mind" and didn't think she

1 "heard anything we were saying". V1 Galan continued by saying,									
2 "Nothing appeared to register."									
3									
4 V1 Galan did not think anyone else in the neighborhood witnessed what									
5 had occurred. She did not see anyone coming out of their houses or									
6 looking in her direction while she was on the scene prior to the									
7 shooting.									
8									
9 V1 Galan was familiar with the Sheriff's Office range qualification									
10 requirements and recalled qualifying with her duty weapon in either									
11 August or September of 2013. Although she could not remember the									
12 exact date, she knew she had qualified while she was assigned to the									
13 Parks Patrol Division of the Sheriff's Office. I was later provided									
14 with information that V1 Galan successfully qualified with her duty									
15 weapon on 09/19/13.									
16									
17 V1 Galan told us she had been working the same beat area for									
18 approximately 1 month, but had worked in that particular area in the									
19 past. She has never been to _____ on previous calls									
20 for service and had never met or seen S1 _____ prior to this									
21 incident. V1 Galan also did not know of any other Sheriff's Office									
22 personnel responding to _____ in the past and had never									
23 heard anyone speaking of that particular address.									
24									
25 Sergeant Leon verified V1 Galan's patrol car was equipped with an									
26 in-car dash camera system. However, although the vehicle was									
27 equipped with the camera system, the camera was not activated and did									
28 not capture any of this incident on video. V1 Galan did not know if									
29 either V2 Brown or V3 Espinosa activated their in-car dash camera									
30 systems while on the scene.

2 At this point, Attorney asked V1 Galan about the last time she									
3 had completed an inspection of her duty weapon. V1 Galan said there									
4 had been a weapons inspection for the deputies on the shift the									
5 Tuesday prior to this incident (11/12/13). The inspection consisted									
6 of unloading the weapon, checking to make sure the weapon was									
7 properly cleaned, and the loading of the firearm and corresponding									
8 magazines. V1 Galan stated there had been no modifications made to									
9 her firearm and she had not experienced any malfunctions with the									
10 firearm. The firearm was collected as evidence earlier in the									
11 morning, prior to the beginning of our interview.									
12									
13 V1 Galan told us she did not speak with anyone about the shooting									
14 prior to being transported to Sheriff's Headquarters, but she did									
15 provide a brief safety statement to Sergeant Tong. In that									
16 statement, she was only able to tell him she fired three rounds from									
17 her firearm at S1 . Sergeant Tong had asked V1 Galan where she									
18 was when she fired the rounds, but she was somewhat confused by the									
19 way he had asked the question and did not answer him. V1 Galan told									
20 us she did not know where her rounds actually struck S1 but									
21 she was pretty certain she hit her with all three rounds. V1 Galan									
22 normally carries a total of 46 rounds on her person as she is working									
23 a patrol shift, consisting of three full 15 round magazines and one									
24 round in the chamber of the gun. I was later advised there were a									
25 total of 43 rounds remaining in V1 Galan's magazines and firearm.									
26									
27 Just prior to ending our contact with V1 Galan, Attorney asked									
28 her why she stopped firing her weapon after three rounds. V1 Galan									
29 answered, "I felt she was no longer a threat."

1 This answer prompted Sergeant Leon to ask V1 Galan about her previous 2 statements to V3 Espinosa about possibly having to shoot S1 3 just prior to the actual shooting taking place. V1 Galan again 4 started to cry and stated, "You always get told this is part of the 5 job. 5 INVESTIGATION:							
6							
7 On Saturday 11-16-2013 at approximately 0148 hours, I was at home when							
8 I received a call from Investigations Division Lt. R. Urena #1815.							
9 Lt Urena advised me that there had been an Officer Involved Shooting							
10 (OIS) incident involving Santa Clara County Sheriff's Deputies in							
11 which a deputy fatally shot a subject who was armed with a knife. I							
12 was told it occurred on Cleveland Avenue in unincorporated San Jose.							
13 Lt. Urena requested I respond to the scene and assume my duties as a							
14 Sheriffs Office Homicide Investigator in conjunction with Sgt. Brown							
15 #1688 and Sgt. Carrasco #1643. Lt. Urena advised me that Det. Cortez							
16 #1887 and Det. Leonard #1875 were also responding as the assigned							
17 Crime Scene Investigators (CSI). I recommended to Lt. Urena that he							
18 call in additional CSI's to assist. Lt. Urena agreed (I later							
19 learned that Det. Welch #1891 was called to assist with the CSI							
20 duties). We ended the call and I prepared to respond.							
21							
22 At approximately 0230 hours, I logged onto County Communications and							
23 began driving to the scene. I called Sgt. Brown and advised him I							
24 was enroute.							
25							
26 At approximately 0245 hours, I arrived at the scene, which was secured							
27 by uniformed Deputies, marked Sheriff's Office patrol cars and							
28 barrier tape. Roadway and sidewalk access to the scene was taped off

5 Facing from the street, and to the left of the

13 To the right of the vehicles was an open, cement patio area containing

Brown and I conducted interviews of the involved Deputies. It</p> <p>8 was during our interviews of V01 Deputy Galan, V02 Deputy Brown and</p> <p>9 V03 Deputy Espinosa that Sgt. Brown and I first learned that an</p> <p>10 unidentified Reserve Deputy Sheriff may have also responded to and</p> <p>11 been at the scene during the incident or shortly thereafter. Sgt.</p> <p>12 Brown and I completed the interviews with V01 Deputy Galan, V02</p> <p>13 Deputy Brown and V03 Deputy Espinosa and prepared to return to the</p> <p>14 scene which was still being processed by CSI's.</p> <p>15</p> <p>16 While leaving the Sheriff's Office we encountered Reserve Deputy K.</p> <p>17 Rumley (Reserve Captain) who was in the process of shuttling patrol</p> <p>18 cars from the scene back to the Sheriff's Office. Sgt. Brown and I</p> <p>19 gave Reserve Deputy Rumley a ride back to the scene in order for him</p> <p>20 to continue with his task. While enroute, Reserve Deputy Rumley</p> <p>21 mentioned that W41 Reserve Deputy Luong #9274 was working in his</p> <p>22 capacity as a Reserve Deputy Sheriff and had witnessed the incident.</p> <p>23 It was at that time that Sgt. Brown and I first learned of the</p> <p>24 identity of W41 Reserve Deputy Luong. Sgt. Brown and I told Reserve</p> <p>25 Deputy Rumley that we would need to interview W41 Reserve Deputy</p> <p>26 Luong as soon as possible. Reserve Deputy Rumley said he would</p> <p>27 provide W41 Reserve Deputy Luong's contact information once he</p> <p>28 returned to the Sheriff's Office. 9 Sgt. Brown then asked V02 Deputy Brown if he received a call on

13

14 V02 Deputy Brown said he was at another call at 105 N. Bascom with the

15 other Central District patrol units, later identified by him as V01

16 Deputy Galan and V03 Deputy Espinosa. While there, they received a

3 was still approaching him. At that time, someone								
4 yelled something that told him to get out of the way or "cross-fire"

6 V02 Deputy Brown described his route as running south so he would no

8 behind something that could stop a bullet (apparently in anticipation								
9 that shots may be fired) ending in a position of cover behind a

11								
12 V02 Deputy Brown described himself feeling at the time that S01

14 Deputy Brown described thinking, "Oh my God! This lady's going to

4 In response to this warning, V02 Deputy Brown ran south and east to a									
5 civilian car parked along the east curb of Cleveland Avenue. Upon									
6 reaching the parked civilian car, V02 Deputy Brown got down behind									
7 the civilian car's engine block and used it as "cover" (apparently in									
8 anticipation that shots may be fired). V02 Deputy Brown described									
9 himself as being completely behind the civilian car's engine block,									
10 with his head completely down. As a result of his positioning, V02									
11 Deputy Brown no longer had a visual of S01 , V01									
12 Deputy Galan or V03 Deputy Espinosa at that moment in time. V02									
13 Deputy Brown "verbalized" that he was behind "cover." Shortly after									
14 that, V02 Deputy Brown heard three distinct gunshots.									
15									
16 V02 Deputy Brown does not know where the gunshots came from. V02									
17 Deputy Brown never saw S01 with a gun, only a									
18 knife and a guitar.									
19									
20 Sgt. Brown asked V02 Deputy Brown if he made any radio broadcasts

13 handcuffed S01 behind her back. V02 Deputy									
14 Brown checked for a pulse and noted that he could not see any rise or

1 advancing on V01 DEPUTY GALAN, V01 DEPUTY GALAN fired her handgun 3									
2 times at S01 . V03 DEPUTY ESPINOSA saw this as it									
3 happened right in front of him. S01 fell forward,									
4 facedown. At that point, V03 DEPUTY ESPINOSA believes he got on the									
5 radio and broadcast that shots had been fired.									
6									
7 V03 DEPUTY ESPINOSA immediately went to his patrol car to get latex									
8 gloves so they could handcuff S01 . V03 DEPUTY									
9 ESPINOSA got the gloves and returned to the immediate area where the									
10 shooting took place. V01 DEPUTY GALAN was still in the immediate									
11 vicinity and V02 DEPUTY BROWN was standing near S01 .									
12 V03 DEPUTY ESPINOSA said they felt they still had a possible threat									
13 from inside the house based on the fact that S01									
14 appeared to have come from the house, with a knife and advanced									
15 towards them in a threatening manner.									
16									
17 V01 DEPUTY GALAN said they had to clear the house. V03 DEPUTY									
18 ESPINOSA asked V01 DEPUTY GALAN if she was okay. V01 DEPUTY GALAN									
19 replied, "We got to clear the house. We got to do this." V03 DEPUTY									
20 ESPINOSA grabbed a hold of V01 DEPUTY GALAN's shoulder (in a tactical									
21 formation) and together they went in and cleared the house while V02									
22 DEPUTY BROWN stayed with S01 . While clearing the									
23 house, they repeatedly yelled out "Sheriff's Office!" to announce									
24 themselves. They searched the residence. They did not find any									
25 other persons inside.									
26									
27 V03 DEPUTY ESPINOSA described there being "a bunch of stuff" on the

1 returned to where V02 DEPUTY BROWN and S01 where at.									
2									
3 When asked if he called for medical aid, V03 DEPUTY ESPINOSA explained									
4 that he was not sure if V01 DEPUTY GALAN or V02 DEPUTY BROWN had									
5 radioed for Fire and paramedics but recalled when he broadcast that									
6 shots had been fired, the Dispatcher asked him if it was secure for									
7 Fire and paramedics to which he replied it was. V01 DEPUTY GALAN and									
8 V03 DEPUTY ESPINOSA were already out of the house by the time Fire									
9 and paramedics arrived at the scene.									
10									
11 V03 DEPUTY ESPINOSA said he did not check on S01 but									
12 was not sure if V02 DEPUTY BROWN had checked on her since he had									
13 stayed with her. V03 DEPUTY ESPINOSA did not handcuff S01									
14 and presumes it was V02 DEPUTY BROWN who handcuffed									
15 her. V03 DEPUTY ESPINOSA remembers seeing S01 already									
16 handcuffed after they cleared the house but does not recall if she									
17 was handcuffed prior to them clearing the house.									
18									
19 After clearing the house and upon walking out, V03 DEPUTY ESPINOSA saw									
20 V02 DEPUTY BROWN standing near S01 . V01 DEPUTY GALAN									
21 and V03 DEPUTY ESPINOSA had holstered their handguns by then but V03

1 When asked, V03 DEPUTY ESPINOSA said he feared for his own safety and									
2 the safety of his partners.									
3									
4 When asked at what point he felt threatened, V03 DEPUTY ESPINOSA said,									
5 "I felt threatened when Deputies yelled 'She's got a knife!' and she									
6 walked down the stairs. Because at that point she was walking									
7 aggressively towards us, fast and I felt threatened at that point."									
8									
9 When asked how he felt when he saw S01 approaching and									
10 facing V01 DEPUTY GALAN, V03 DEPUTY ESPINOSA said," I feared for my									
11 safety and V01 DEPUTY GALAN's safety."									
12									
13 S01 was the only person he saw during the incident.									
14 V03 DEPUTY ESPINOSA has never before been to and

16									
17 V03 DEPUTY ESPINOSA has never been involved in any prior officer

1 and he was at the front bumper of V01 DEPUTY GALAN's patrol car.								
2								
3 V03 DEPUTY ESPINOSA estimated S01 closed to within 4-6								
4 feet of V01 DEPUTY GALAN when the shots were fired. V03 DEPUTY								
5 ESPINOSA further described it as "very close."								
6								
7 V03 DEPUTY ESPINOSA knew as a matter of departmental policy that								
8 Deputies are required to qualify with their firearms twice a year,								
9 from January to June and July to December. V03 DEPUTY ESPINOSA last

15 V03 DEPUTY ESPINOSA last qualified in Force Options Training sometime

18 Using the Google Earth image, V03 DEPUTY ESPINOSA did the following:

2 ESPINOSA initiated a high risk (gun drawn) pedestrian stop on both								
3 subjects. Additional units arrived, which included V01 DEPUTY GALAN								
4 and V02 DEPUTY BROWN. The subjects were detained without incident.								
5 The investigation revealed a crime had not occurred and the car in

8								
9 V03 DEPUTY ESPINOSA estimated that only 1-2 minutes elapsed from the								
10 time they arrived at the scene on Cleveland Avenue to shots being								
11 fired. He described the events as unfolding very fast.								
12								
13 In explaining why he did not fire his handgun, V03 DEPUTY ESPINOSA								
14 said, "V01 DEPUTY GALAN was, to me, seemed she was too close to that								
15 lady (S01) and the lady was moving around still. So								
16 my thought was, if I fire and she happens to move towards V01 DEPUTY								
17 GALAN then V01 DEPUTY GALAN's in my line, she's is in my backdrop,

<p>1 Luong assumed his duties and responded to several radio calls to</p> <p>2 assist other deputies as needed. One of the deputies was a female (V01</p> <p>17 Deputy Galan).</p> <p>18</p> <p>19 A few minutes later a radio call came out advising Central District</p> <p>20 patrol units of a suspicious circumstance on Cleveland Avenue</p> <p>21 involving someone reporting glass being broken in front of their</p> <p>22 house. V01 Deputy Galan was the first deputy to leave the pedestrian</p> <p>23 stop and respond to this new radio call. The remaining two male</p> <p>24 deputies (V02 Deputy Brown and V03 Deputy Espinosa) quickly concluded</p> <p>25 the pedestrian stop and responded to the new radio call as well. W41</p> <p>26 Reserve Deputy Luong did not know exactly how far Cleveland Avenue</p> <p>27 was from his current location but believed it must be relatively</p> <p>28 close by. W41 Reserve Deputy Luong followed the third patrol car,</p> <p>29 later determined to be V03 Deputy Espinosa, out of the parking lot to</p> <p>30 the scene of the new radio call located at a residence on Cleveland</p>

16 Reserve Deputy Luong's location. S01 was

1 to run or back away. W41 Reserve Deputy Luong recalled seeing the									
2 deputies reaching towards their duty belts in what W41 Reserve Deputy									
3 Luong took as efforts to reach their law enforcement tools.									
4									
5 W41 Reserve Deputy Luong does not believe S01									
6 saw him. W41 Reserve Deputy Luong estimated S01									
7 never got closer to him than 20-25 feet.									
8									
9 W41 Reserve Deputy Luong could not make out what S01									
10 was saying but sensed she was extremely visibly upset.									
11 W41 Reserve Deputy Luong sensed the deputies were in fear in that									
12 they backed up rapidly and were getting away from her and trying to									
13 keep their distance from her. W41 Reserve Deputy Luong said he									
14 himself was scared and was reaching for his own law enforcement tools									
15 as he was exiting his patrol car.									
16									
17 By the time he got out, S01 was already rapidly

3 S01 continued advancing on V01 Deputy Galan and								
4 V03 Deputy Espinosa who continued backing towards the west and the

7 Reserve Deputy Luong estimated S01 closed to								
8 within a few feet of V01 Deputy Galan and V03 Deputy Espinosa. A								
9 distance W41 Reserve Deputy Luong described as "extremely close."								
10 W41 Reserve Deputy Luong said he felt that V01 Deputy Galan and V03								
11 Deputy Espinosa "were extremely threatened" and recalled the thought								
12 crossing his mind that "they ran out of room to run."								
13								
14 W41 Reserve Deputy Luong had never before seen the								
15 residence but believed V01 Deputy Galan and V03 Deputy Espinosa had								
16 been backed into a driveway and ran out of room.								
17								
18 Based on the physical layout of the scene and the location the								
19 deputies and S01 moved to, W41 Reserve Deputy								
20 Luong could no longer see them or their actions. W41 Reserve Deputy								
21 Luong did seem to recall at some point one of the deputies with their

23								
24 W41 Reserve Deputy Luong then heard V01 Deputy Galan yell out, "Drop

1 Reserve Deputy Luong was also asked to move his patrol car from the

4 Reserve Deputy Luong was later told by another deputy to move his								
5 patrol car from his perimeter position on Olive Avenue to a new								
6 perimeter position on Cleveland Avenue north of Olive Avenue.								
7								
8 W41 Reserve Deputy Luong recalled hearing radio broadcasts requesting								
9 an ambulance to the scene right after the shots rang out. Within a								
10 few minutes, an emergency vehicle with medics arrived at the scene.								
11 W41 Reserve Deputy Luong recalled hearing additional radio traffic								
12 from the other responding patrol units.								
13								
14 W41 Reserve Deputy Luong said his mind was racing during the incident

6 W41 Reserve Deputy Luong recalls several sergeants arriving at the

1 When asked, W41 Reserve Deputy Luong said he knew it was deputies									
2 walking towards because there was sufficient									
3 lighting to clearly see them and their Sheriff's Office uniforms.									
4 W41 Reserve Deputy Luong could clearly see V03 Deputy Espinosa's									
5 marked patrol car but not V02 Deputy Brown's as it was blocked by B03									
6 Deputy Espinosa's. W41 Reserve Deputy Luong could only see the

10									
11 W41 Reserve Deputy Luong believes there was sufficient light for

14									
15 W41 Reserve Deputy Luong estimated he was 60-100 feet away from the

18 estimated the initial call came out at 0015 hours and it took less									
19 than 1 minute to arrive there from their previous location.									
20									
21 W41 Reserve Deputy Luong never called out to S01									
22 or yelled at her to stop but he recalls hearing one of the Deputies									
23 ordering S01 to stop.									
24									
25 W41 Reserve Deputy Luong maintained his position of cover at his									
26 patrol car due to cross fire concerns with the other Deputies as they									
27 were in each other's line of fire. Another factor that led to him									
28 maintaining his position of cover was the perceived threat level that									
29 S01 posed.

1 W41 Reserve Deputy Luong described S01 holding									
2 the tennis racket shaped object as being with two hands, held up in a									
3 manner similar to a sword. The last time W41 Reserve Deputy Luong									
4 saw S01 , she was swinging the object in an

10 being threatened and he perceived that S01 was									
11 running towards him. W41 Reserve Deputy Luong described himself as									
12 "scrambling" and reaching for his own baton. Once S01									
13 moved further away from him, he considered pulling his

15 previously.

22 When asked if there was anything that we may not have thoroughly									
23 covered, W41 Reserve Deputy Luong said that he sensed the fear in the									
24 Deputy as he was being chased around the car. W41 Reserve Deputy									
25 Luong said a part of him was hoping S01 would

3 DETAILS:									
4									
5 On 11-16-2013, I was in full Sheriff's Office uniform working as a

19 R01 believed the vehicle that started was vehicle									
20 because the vehicle usually drove was no longer in the driveway.									
21 R01 did not see any of these events, he only heard them.									
22									
23 R01 kept his television paused for a while and said it was									
24 quiet. R01 started to hear banging noises outside and also									
25 heard what sounded like broken glass. With all the banging noises									
26 sounding so loud and sounding so close to R01 unit, he									
27 thought S01 was trying to break into R01									
28 was concerned for his neighbor's safety, a single mother with an									
29 infant baby, in and dialed 9-1-1.

2 On 11-16-2013 at approximately 2240 hours, W01 arrived at home									
3 from visiting her sister.									
4									
5 At an unknown time, W01 left her residence to get herself and									
6 R01 dinner. W01 walked past S01 apartment,									
7 to get to her vehicle. S01 swung open her door and									
8 was wearing only a robe. S01 stepped out onto the porch and

12									
13 S01 was not speaking to W01 and there was no one									
14 outside that S01 was speaking to. S01 did not see or									
15 know that W01 was standing out in front of the residence.									
16									
17 W01 estimated she was about 4 feet away from S01 when									
18 she opened her robe. W01 asked S01 "are you ok?"									
19 S01 closed her robe, swung her head around and responded with									
20 "Are you ok?" to W01. W01 asked S01 "Are you

5 differently the night of 11-16-13. W01 had a gut feeling that									
6 S01 was not in her right state of mind.									
7									
8 At approximately 2300-2310 hours, W01 returned from getting

10									
11 At approximately 2340 hours, W01 heard S01 and her

13 it sounded as if they were on the porch yelling. S01 began

1 INVESTIGATION:									
2									
3 On 11/16/13, at about 0019 hours, I responded Code 3 from Sheriff's									
4 Office Headquarters in San Jose regarding an officer involved									
5 shooting at _____, in unincorporated San Jose. I heard									
6 W#2 Deputy Espinosa advised over his handpack radio that shots were									
7 fired at the scene. He had responded to that location with Deputies									
8 W#3 Brown and O#1 Galan to investigate a possible burglary in									
9 progress. As I was responding, I was informed over the radio that the									
10 suspect had been shot. I advised the deputies at the scene to set									
11 yellow perimeter tape to protect the crime scene. Deputies at the									
12 scene informed Radio that the suspect was not conscious or breathing.									
13									
14									
15 I arrived at the scene at about 0023 hours, and met W#2 Deputy									
16 Fernando Espinosa #1741 who pointed me to the location of the									
17 suspect, who was lying on the driveway of _____.									
18									
19 INITIAL OBSERVATION OF CRIME SCENE UPON MY ARRIVAL:									
20									
21 The suspect was lying on the driveway on her back in a east/west									
22 direction. The paramedics were with the suspect's body. Her feet were									
23 pointing in an easterly direction on the driveway. There was a blood									
24 puddle underneath her. There was what appeared to be a kitchen knife									
25 and part of a guitar next to her, south of her body.									
26									
27 W#2 Espinosa was breathing hard as I talked to him. He said the									
28 following:

1								
2 I asked W#2 Espinosa how many shots were fired and he said O#1 Deputy								
3 Jennifer Galan #2137 had fired three shots at the suspect who they								
4 had told to drop a knife. I asked him where O#1 Galan fired the shots								
5 and he pointed to an area in the driveway of _____ that								
6 was northwest and about 5 feet away from where the suspect was								
7 currently lying on the driveway (shell casings were to the west of								
8 the suspect's body). I asked W#1 Espinosa where O#1 Galan was								
9 currently at and he said she was in Deputy Ledezma's patrol vehicle								
10 which was parked on the northwest curb of Olive and Cleveland								
11 Avenue.								
12								
13 INVESTIGATION CONTINUATION:								
14								
15 I went to Deputy Ledezma's patrol vehicle to talk to O#1 Galan. She								
16 appeared upset as she sat in the patrol vehicle. She briefly said the								
17 following:								
18								
19 STATEMENT OF O#1 DEPUTY JENNIFER GALAN:								
20								
21 I asked O#1 Galan how many shots did she fire and she said three. I								
22 asked her where was she standing when she fired the shots. She was								
23 not able to tell me as she was upset. I did not asked any further								
24 questions.								
25								
26 INVESTIGATION CONTINUATION:								
27								
28 I told Deputy Ledezma to immediately transport O#1 Galan back to								
29 Sheriff's Office Headquarters.

1 I returned to the driveway of _____ and met W#3 Deputy									
2 Joseph Brown #2152. He briefly said the following:									
3									
4 STATEMENT OF W#3 JOSEPH BROWN:									
5									
6 W#3 Brown directed me to the same location that W#2 Espinosa had told									
7 me regarding where O# Galan stood when she fired three shots at the									
8 suspect. I told W#3 Brown to mark the location of the bullet shell									
9 casing on the driveway.									
10									
11 INVESTIGATION CONTINUATION:									
12									
13 Because W#2 Espinosa and W#3 Brown were witnesses to the shooting, I									
14 had them transported individually to Sheriff's Headquarters for									
15 interviews by Investigative Services' detectives. West Valley Patrol									
16 Sgt. Powers arranged the transportation for the two deputies for me.									
17									
18 I placed yellow Sheriff's Office caution tape closer to the crime									
19 scene to establish an inner crime scene perimeter. I had Deputy									
20 Markovich stay in the inner perimeter crime scene until he was later									
21 relieved by another deputy. I assigned Deputy Galaviz to obtain									
22 statements from the occupants of _____. Refer to his									
23 Supplemental Report for the statements he obtained. I assigned Deputy									
24 Sanders to be a scribe for anyone entering the inner crime scene.									
25 Refer to her Supplemental Report for details.									
26									
27 I remained at the scene until 0810 hours to coordinate perimeter									
28 security assignments. When I left the scene, the two Crime Scene									
29 Investigation (CSI) deputies were still processing the crime scene.
