1 INVESTIGATION:									
2									
3 On 03-25-15, I was in full Sheriff's Office uniform and driving a									
4 marked Sheriff's Office patrol vehicle (12703).									
5									
6 At approximately 1110 hours, County Communications notified Sheriff's									
7 Headquarter's units of a suspicious circumstance									
8 in unincorporated San Jose. Reporting Party (R01									
9) reported seeing two carloads of people smoking marijuana near									
10 her home. Due to the nature of the call, Deputy Randall (W01									
11 Randall), Deputy Vandegraaf (V01 Vandegraaf) and I responded to the									
12 above location.									
13									
14 At approximately 1124 hours, W01 Randall and V01 Vandegraaf arrived at									
15 the scene. W01 Randall attempted to give County Communication the									
16 license plate numbers from the suspicious vehicles. Shortly after, a									
17 deputy yelled, "Shots fired," "Vehicle fled the scene," over the									
18 radio. At the same time as the radio transmission, I was traveling up									
19 Sweigert Road from Canyon View Drive. I noticed an older model green									
20 sedan traveling down Sweigert Road toward me. The green sedan was									
21 driving at a high rate of speed and driving on the wrong side of the									
22 two lane roadway in my lane. The green sedan continued toward me in									
23 my lane at a high rate of speed swerving left to right. As the sedan									
24 got closer, I noticed the windshield had damages that looked similar									
25 to spider webs. Due to the damage and glare on the sedan's									
26 windshield, I was not able to see any occupants inside. I slowed my									
27 vehicle to avoid a collision with the sedan. Once the sedan was									
28 approximately three yards away from my vehicle, the sedan swerved									
29 toward the south end of the roadway, barely missing a head-on									
30 collision with my vehicle. The sedan continued on Sweigert Road and

<p>1 turned southbound onto Canyon View Drive, which merged into Old</p> <p>2 Piedmont Road. I attempted to catch up to the sedan. The sedan</p> <p>3 continued eastbound on Old Piedmont Road at a high rate of speed. I</p> <p>4 lost sight of the sedan near Old Piedmont Road and Tumble Way. I</p> <p>5 notified County Communication of the green sedan I witnessed driving</p> <p>6 away from the scene. V01 Vandegraaf confirmed the green sedan was the</p> <p>7 vehicle that fled the scene over the radio.</p> <p>8</p> <p>9 Shortly after, I arrived at the scene where the shooting had occurred.</p> <p>10 Using my department issued crime scene tape, I blocked off Sweigert</p> <p>11 Road near R01 front door. Deputy Ford arrived at the scene</p> <p>12 and blocked off the other end of Sweigert Road, which was</p> <p>13 approximately 150 yards passed R01 home.</p> <p>14</p> <p>15 SCENE DESCRIPTION:</p> <p>16</p> <p>17 R01 home was located off the east end of Sweigert Road, just</p> <p>18 east of Geist Court. From R01 home, Sweigert Road turns into</p> <p>19 a narrow roadway that dead-ends approximately less than half a mile</p> <p>20 east. Throughout Sweigert Road there are multiple "No Stopping Any</p> <p>21 Time" signs posted. The suspicious vehicles were parked on Sweigert</p> <p>22 Road, approximately 100 yards northeast of R01 home, which</p> <p>23 was a violation of Santa Clara County Ordinance Code B12-120 - No</p> <p>24 Parking Zone.</p> <p>25</p> <p>26 I noticed a white two door Chrysler with a tan</p> <p>27 convertible top parked along the metal guardrail, a violation of</p> <p>28 Santa Clara County Ordinance Code B12-120 - No Parking Zone. 6 Deputy Ford contacted V01 Vandegraaf and was told V01 Vandegraaf was									
7 facing northeast when he fired multiple rounds toward the suspect's									
8 green sedan. V01 Vandegraaf told Deputy Ford he only saw the suspect									
9 driver inside the sedan. V01 Vandegraaf described the suspect as a									
10 black male adult with a goatee and short black hair. See Deputy									
11 Ford's supplemental report for further details.									
12									
13 W01 Randall informed me two females were handcuffed and placed in									
14 separate patrol vehicles. I later identified one of the females as									
15 Witness 02 (W02). Deputy Slaats later escorted W02									
16 from the crime scene to Sheriff's Headquarters. Refer to Deputy									
17 Slaats' supplemental report.									
18									
19 I later identified the other female as Witness 03									
20 (W03). W03 told me she was willing to provide									
21 a statement to the detectives at Sheriff's Headquarters. Deputy Clark									
22 later escorted W03 from the crime scene to Sheriff's									
23 Headquarters. Refer to Deputy Clark's supplemental reports for									
24 details.									
25									
26 Deputy Ford and Deputy Tolbertson began identifying and marking									
27 evidence at the scene with Sheriff's Office Event cards. They later

3 At approximately 1208 hours, Public Information Officer Sergeant

4 Jensen arrived on scene.

5

6 County Communications informed all units a black male adult with short

7 black hair and a goatee was currently in the Regional Medical Center

8 (RMC) located at 225 North Jackson Avenue in San Jose. The black male

9 told medical staff he had shot himself. Deputy Galan, Deputy

10 Addington, Deputy Jordahl, Deputy Kubik, Deputy Delapena, and

11 Sergeant Quinonez later arrived at RMC and contacted the black male

12 and his family. Deputy Addington and Sergeant Quinonez identified the

13 black male as Suspect (S01). Refer to Deputy

14 Addington's and Sergeant Quinonez' supplemental reports. Deputy

15 Jordahl obtained evidence and statements from S01 family

16 members. Refer to Deputy Jordahl's supplemental report for further

17 details.

18

19 County Communications informed all units Reporting Party 02

20 (R02) reported a vehicle was left abandoned and running in his

21 driveway located in San Jose. Deputy Camilleri

22 and Deputy Garcia arrived at the address and saw a green Oldsmobile

23 with windshield damage parked in the driveway. Refer to

24 Deputy Camilleri's and Deputy Garcia's supplemental report.

25

26 Deputy Amaya arrived and relieved Deputy

27 Camilleri. San Jose Tow arrived at the scene and towed the Oldsmobile

28 pursuant to Vehicle Code 22655.5(a). Deputy Amaya followed San Jose

29 Tow to the Sheriff's Office evidence garage. Refer to Deputy Amaya's

30 supplemental report.

3 Sergeant Carrasco arrived at the scene. Sergeant Fisher debriefed									
4 both detectives of the incident. Detective Sergeant Leon and									
5 Detective Sergeant Carrasco took over the investigation.									
6									
7 Crime Scene Investigators (CSI) Deputy Mah, Deputy Haselbach, and									
8 Deputy Tarazi arrived at the scene. Refer to Deputy Mah's, Deputy									
9 Haselbach's, and Deputy Tarazi's supplemental reports.									
10									
11 I contacted Sgt. Carrasco and obtained more information regarding S01

1 INVESTIGATION:									
2									
3 On 03-25-15, I was assigned as a Detective in the Sexual Assault									
4 Felony Enforcement (S.A.F.E.) Task Force. I was also a member of the									
5 Sheriff's Crime Scene Investigation (C.S.I.) unit. I am certified by									
6 Leica Geosystems to operate a Leica Geosystems C10 Laser Scanner.									
7									
8 On 03-25-15 at approximately 1130 hours, I was contacted by Detective									
9 Tarazi and notified there was an officer involved shooting. I was									
10 briefed at Sheriff's Office Headquarters along with other members of									
11 the C.S.I. team.									
12									
13 At approximately 1320 hours, I arrived at Sweigert Road in San Jose.									
14									
15 At approximately 1325 hours, we were briefed by Sergeant Fisher about									
16 the incident. He told us Deputy Vandergraaf was involved in an									
17 officer involved shooting.									
18									
19 At approximately 1345 hours, myself and other members of the									
20 investigative team entered the crime scene.									
21									
22 Sweigert Road is a curved S-shaped road that runs primarily east to									
23 west with a short portion that runs north-south. It is an ascending									
24 road which leads up to the foothills. On the west side of the roadway									
25 is a steep hillside down the mountain side. On the eastside of the									
26 roadway is a hillside that runs up the mountain side.									
27									
28 Sergeant Leon and I were tasked with creating a 3D laser scan of the									
29 area with the Leica Geosystems C10 laser scanner.

1 At approximately 1520 hours, I began scanning the scene with the Leica								
2 Geosystems C10 3D laser scanner. During the scans, Detective Sergeant								
3 Leon and I introduced the twin target pole as a								
4 known measurement reference standard. The twin target pole is								
5 certified by the US Department of Commerce - National Institute of								
6 Standards and Technology (NIST) as having a measured distance of								
7 1.70015m with an expanded uncertainty of 0.12mm between the lower and								
8 upper target centers. Reference NIST Test Number 683/282592-12 and								
9 LEICA Geosystems PN 838055 .								
10								
11 At approximately 2005 hours, I completed the scan of the scan of the								
12 scene with imagery for the day. I had a total of seven moves for the								
13 scene.								
14								
15 At approximately 2130 hours, I left the scene and returned to								
16 Sheriff's Office Headquarters. I transferred the data from the Leica								
17 Geosystems 3D scanner onto a formatted USB drive. I transferred the								
18 data from the USB drive onto a department issued laptop in order to								
19 process the laser data points obtained from the Leica scanner.								
20								
21 Using the laser data points collected at the scene and Cyclone version								
22 9, I created a 3D image of the scene.								
23								
24 I later copied the scene onto DVD and submitted it to the Evidence								
25 Room located at Sheriff's Office Headquarters.								
26								
27 On 08-31-15, Criminalist Matt Riles asked me to obtain measurements								
28 from Deputy Vandegraaf. I used a tape measure and I measured Deputy								
29 Vandegraaf's height with boots to be approximately 73 1/2 from floor to								
30 top of his head.

7 **SUPPLEMENTAL REPORT:**

8

9 On 11-4-15, I was asked by Detective Sergeant Mah if I could help with
 10 a case he needed to reconstruct. The case was an officer involved
 11 shooting involving two deputies. The crime scene involved two patrol
 12 vehicles (Deputy Keith Randall's patrol car and Deputy Steve
 13 Vandegraaf's patrol car), one witness vehicle, and one Suspect
 14 vehicle.

15
 16 Sergeant Mah said he went out to the scene on the day of the shooting.
 17 Sgt. Mah scanned the scene using the Leica C-10 Scanner. Sergeant Mah
 18 said the case was currently in jury trial and it was time sensitive
 19 that we reconstruct the case. Sergeant Mah had already completed the
 20 scene diagram using the data from the Leica Scanner.

21
 22 Sergeant Mah showed me photographs of the scene. The photographs were
 23 taken on the day of the shooting. Sergeant Mah said moments before
 24 the shooting occurred the Suspect collided into the front of Deputy
 25 Randall's patrol car. The Suspect backed up after the collision, and
 26 then went around the patrol car. The shooting occurred as the Suspect
 27 was driving towards Deputy Vandegraaf.

28

29 I looked at the photographs of the crime scene to see if I could
 30 locate any type of skid marks left on the roadway by any of the

With regards to the Suspect's vehicle, I</p> <p>4 did not locate any type of skid marks associated to the vehicle.</p> <p>5 With regards to Deputy Randall's vehicle, I located a small skid mark</p> <p>6 in front of the front passenger wheel. It is very unlikely the skid</p> <p>7 mark was caused by Deputy Randall's vehicle because the patrol car is</p> <p>8 rear wheel drive and the front tire would have been free to spin</p> <p>9 while the vehicle was parked. With regards to Deputy Vandegraaf's</p> <p>10 vehicle, I did not locate any type of skid marks associated to the</p> <p>11 vehicle.</p> <p>12</p> <p>13 I looked at the photographs showing the damage to Randall's vehicle.</p> <p>14 It appeared the damage was isolated to the front push bumper. The</p> <p>15 right side of the push bumper had visible damage. Part of the push</p> <p>16 bumper was pushed towards the passenger side of the patrol car. The</p> <p>17 damage to the push bumper would indicate an outside force collided</p> <p>18 into it and the outside force was moving from left to right. This</p> <p>19 would also be supported by the statements given by the two involved</p> <p>20 deputies. The deputies said the Suspect collided into Deputy</p> <p>21 Randall's vehicle as the Suspect was steering towards his left.</p> <p>22</p> <p>23 The damage to the Suspect's vehicle was not clearly visible on the</p> <p>24 photographs due to the glare of the artificial lights reflecting off</p> <p>25 the curvature part of the bumper. I asked Deputy Mah if I could see</p> <p>26 the Suspect's vehicle in person to get a better look. Deputy Mah</p> <p>27 indicated the vehicle was still in the Evidence Garage.</p> <p>28</p> <p>29 Deputy Mah, Sergeant Leon, Deputy Taylor, and I went to Evidence</p> <p>30 Garage to inspect the Suspect's vehicle. When I got up close to the</p>

1 front bumper I could clearly see the damage. It appeared the damage									
2 was caused when something collided with the front bumper in a sideway									
3 motion. The sideway motion is further supported by a black rub mark									
4 going across the bumper. The black rub mark starts in the area of the									
5 bumper that was pushed in, and it ends approximately 2 inches to the									
6 right heading towards the passenger wheel. The only way the rub mark									
7 could have been caused is by something rubbing against it as the car									
8 was stationary and the moving object rubbed against it, by the car									
9 striking a stationary object in a sideway motion, or by a combination									
10 of the two. The black rub mark appeared to have been caused by the									
11 rubber seal that was bolted to the outside of Deputy Randall's patrol									
12 car push bumper.									
13									
14 The rub mark would not have been caused if the Suspect's vehicle would									
15 have collided in a straight head on fashion against Deputy Randall's									
16 vehicle. This would indicate the Suspect's vehicle was traveling at									
17 an angle when the two vehicles collided.									
18									
19 Sgt. Leon showed me a report that was created by . I read									
20 the report that created. To further prove or disprove what									
21 the two involved deputies said occurred we decided to go out to the									
22 scene and reconstruct the chain of events. used									
23 measurements that he obtained from photographs. I used the more									
24 accurate data from the Leica Scan to position all the involved									
25 vehicles.									
26									
27 I decided to use measurements to triangulate the two patrol cars.									
28 For Deputy Randall's car I used the front yellow marker located in									
29 front of the driver's tire. I marked the top right corner of the									
30 yellow marker as #4. I used the bottom of the rear driver's side

13 On 11-5-15, Sgt. Mah, Sgt. Leon, and I drove to the location of the									
14 scene. I took a similar type of patrol car (Chevrolet Caprice) that									
15 was used by the involved deputies. Using the triangulation method we

1 minimal angles with minimal steering.

2

3 The first scene we recreated was as close as possible to the guard

4 rail. We parked the Suspect's vehicle as close as possible to the

5 guard rail before making a sharp left turn with maximum steering. We

6 then matched the damaged area of the Suspect's front bumper and we

7 placed it next to the patrol car's push bumper. We had a

8 representative from the Crime Lab present as we placed the two

9 vehicles together at the moment of impact. The representative from

10 the Crime Lab did the bullet path trajectory on top of the hood. We

11 then drove the Suspect's vehicle backwards with maximum steering to

12 the right, and forward with maximum steering to the left and right.

13

14

15 Using the angles as described with maximum steering it is possible

16 that Deputy Vandegraaf could have shot at the Suspect's vehicle while

17 standing to the right of Deputy Randall's car.

18

19 The second scene that we recreated involved minimum angles. We placed

20 the Suspect's car at an angle which could have occurred at the moment

21 of impact with Deputy Randall's car. We then backed the car in

22 reserve using minimum steering, and then drove forward using minimum

23 steering.

24

25 Using the angles with minimum steering it is possible that Deputy

26 Vandegraaf could have shot at the Suspect's vehicle while standing to

27 the right of Deputy Randall's car. Although this is possible at

28 minimal angles, it is very unlikely the Suspect drove this path. If

29 the Suspect would have driven this path it would not have left the

30 black scuff mark that I located on his front bumper.

5 SUPPLEMENTAL INVESTIGATION:									
6									
7 On 09/17/2015, I was assigned to the Investigative Services Division.									
8 Part of my responsibilities include conducting mobile device data									
9 extractions. I have taken and successfully completed a forty hour									
10 course in mobile forensics.									
11									
12 At approximately 1030 hours, I received a signed search warrant									
13 from DA Investigator Allen that was dated 09/17/2015 for a									
14 Huawei phone, , that was booked under Deputy									
15 Ledezma's supplemental report. The search warrant authorized the									
16 search of the contents of the mobile device. Investigator Allen									
17 requested I perform a forensic extraction of the device.									
18									
19 I connected the mobile device to a Cellebrite Touch version 4.10.367.									
20 I conducted a mobile device data extraction using the Cellebrite									
21 Touch, which then transferred the data from the Huawei device onto a									
22 USB stick.									
23									
24 I transferred the data from the USB stick containing the data									
25 extracted from the Huawei mobile device onto two CD's. I booked one									
26 copy of the CD into an evidence locker at Sheriff's Office									
27 Headquarters, I provided the second CD copy to Investigator Allen. I									
28 booked the mobile device back into an evidence locker at Sheriff's									
29 Office Headquarters.

1 INVESTIGATION:								
2								
3 On 03-27-15, I continued to perform investigative work on this OIS								
4 incident. After having interviewed both W1-Randall and								
5 V1-Vandegraaf, they stated they had not video recorded the incident								
6 via the in-car camera system (L3 Communications Mobile-vision).								
7								
8 I have a very basic knowledge of how the in-car camera system operates								
9 and how the videos are downloaded and stored onto the main server,								
10 which is located at the Sheriff's Office Headquarters Station (55								
11 West Younger Avenue, San Jose).								
12								
13 I am aware of seven different ways the in-car camera system is								
14 activated (begins recording). They are as follows:								
15								
16 (1) Manual recording by physically pushing the Record button.								
17 (2) If the patrol vehicle accelerates to a minimum of 80 MPH or								
18 faster.								
19 (3) When the sonitrol "Code 3" box is moved into the number 2								
20 position.								
21 (4) If the patrol vehicle is involved in a forward facing auto								
22 accident and the force is significant.								
23 (5) If the patrol vehicle is involved in an auto accident and is								
24 struck to the rear (trunk) and the force is significant.								
25 (6) By activating the air horn.								
26 (7) By activating the record button on a remote control.								
27								
28 I remembered W1-Randall stated in his interview that S1- in his								
29 attempt to flee the scene, drove his vehicle into the front portion								
30 of W1-Randall's patrol vehicle. When S1- could not force

1 W1-Randall's patrol vehicle out of the way, S1- had to put his

2 vehicle in reverse and then drove around W1-Randall's patrol

3 vehicle.

4

5 I checked the L3 video system library to determine if S1-

6 vehicle had used enough force to active the in-car camera system. I

7 checked both W1-Randall and V1-Vandegraaf patrol vehicle for that

8 day. There was nothing in the L3 video system library that indicated

9 the incident was somehow captured on video.

3 On 06/15/2015, I was assigned as a Detective in the Santa Clara County									
4 Sheriff's Office Investigative Services Division. I was also a									
5 member of the Crime Scene Investigations (CSI) Team. At									
6 approximately 0730 hours, I met with Detective Sergeant Leon #1685,									
7 Detective Carroll #2022, and Santa Clara County Criminalists Riles									
8 and Shaw at the CSI Evidence Garage.									
9									
10 There was a green-colored Oldsmobile Intrigue									
11 already in the CSI Garage. Sergeant Leon informed me our									
12 task was to perform a bullet trajectory reconstruction on the									
13 vehicle. The vehicle had already been searched and the evidence									
14 seals on the doors of the vehicle had already been broken [See									
15 Detective Tarazi's (#2029) Supplemental Report for further									
16 details].									
17									
18 At approximately 0800 hours, I began photographing the vehicle. I

1 INVESTIGATION:									
2									
3 On 06/16/15, at approximately 1500 hours, I drafted a search warrant									
4 to obtain a DNA reference sample (via buccal swab or blood draw) from									
5 S1- . The search warrant was signed by Judge Loftus of the									
6 Superior Court, County of Santa Clara.									
7									
8 At approxiamtely 1600 hours, I drove to the Elmwood Complex located at									
9 701 South Abel Street in the city of Milpitas, California. S1-									
10 was housed in M5 building, A-dorm. S1- was brought to an									
11 interview room located in the M5 building.									
12									
13 I introduced myself to S1- and provided him with a copy of the									
14 search warrant. I explained the search warrant to S1- the best									
15 I could without discussing the case with him. S1- seemed									
16 confused about the nature of the search warrant, so I did my best to									
17 explain it again to him.									
18									
19 S1- voluntarily complied with the search warrant and I obtained									
20 one buccal swab sample from his inner left cheek and one buccal swab									
21 sample from his inner right cheek.									
22									
23 I left the Elmwood Complex at approximately 1630 hours.									
24									
25 I booked the two buccal swabs into evidence at the Sheriff's Evidence									
26 Room.									
27									
28 End of report.

5 SUPPLEMENTAL INVESTIGATION:									
6									
7 I am a Detective assigned to the investigation of Juvenile									
8 Crimes/Missing Persons and Child Abuse incidents. As a collateral									
9 duty I am assigned as a Crime Scene Investigation (CSI) Detective. I									
10 have been a CSI Detective for two years. In January 2015 I completed									
11 an 80 hour POST approved CSI course. In April 2015 I completed a 24									
12 hour Nikon Forensic Photography course. Also in April 2015, I									
13 completed a 38 hour California Criminalistics Institute Shooting									
14 Scene Reconstruction Course.									
15									
16 On 6/15/2015 at approximately 0730 hours, myself, CSI Sgt. Leon #1685,									
17 CSI Detective Haselbach #2033, Santa Clara County Criminalist Riles									
18 and Criminalist Shaw entered Santa Clara County Sheriff's Office CSI									
19 garage. A green in color, Oldsmobile Intrigue,									
20 , was already in the custody of our evidence garage. I was									
21 informed the vehicle had previously been searched by Sheriff's Office									
22 Detectives and our task with the vehicle was to perform a bullet path									
23 reconstruction on it. This process includes finding the angles at									
24 which a bullet entered a surface, and the direction from which it was									
25 fired from.									
26									
27 I knew this vehicle had been driven by a suspect during an officer									
28 involved shooting. I knew that when this incident occurred, Deputy									
29 Vandegraaf #1787 was at a position on the passenger side of the									
30 vehicle and had fired his department issued firearm into the vehicle

1 approximately six times.									
2									
3 I observed the vehicle and made the following observations of it:									
4									
5 OBSERVATIONS OF VEHICLE:									
6									
7 The vehicle's driver side windows were rolled up. Each of the									
8 vehicle's passenger side windows were shattered. Shattered glass was									
9 spread across the entire passenger side seats and floorboards of the									
10 vehicle. The vehicle's driver side front tire was slightly deflated.									
11 The door handle and door lock on the driver door were cut from the									
12 driver's door body.									
13									
14 The driver seat was very reclined, the head rest was reclined to the									
15 rear of the B pillar.									
16									
17 There were five bullet perforations on the vehicle. The first (bullet									
18 perforation A) was located on the hood of the vehicle. The second was									
19 on the vehicle's windshield near where the windshield meets the									
20 dashboard (bullet perforation B). The third was located on the									
21 passenger side of the vehicle's windshield (bullet perforation C).									
22 The fourth was located on the inside driver door panel (bullet									
23 perforation C1).									
24									
25 The windshield possessed two possible bullet strikes. The first of									
26 which was on the driver side of the window, approximately half way in									
27 between the roof of the vehicle and the dashboard. The second was									
28 located next to the vehicle's VIN number on the lower driver side									
29 corner.

1 The inside driver door panel had been removed from the inside of the									
2 driver door and was leaning haphazardly against the inside of the									
3 driver door.									
4									
5 At approximately 0849 hours I opened the vehicle's doors. I observed									
6 apparent blood on the vehicle's steering wheel, the interior of the									
7 driver door and on the dashboard displays. We removed the interior									
8 door panel from the inside of the driver door. I observed an									
9 additional bullet perforation on the inside of the metal body of the									
10 driver door. It appeared at this time that this bullet perforation									
11 lined up with and was caused by the same bullet which caused bullet									
12 perforation C1 in the driver door.									
13									
14 The vehicle's rear view mirror was hanging from the vehicle's ceiling									
15 and was wrapped in duct tape and black garbage bag material. The									
16 vehicle's steering wheel had a cover on it. The steering wheel cover									
17 had 'Hello Kitty' emblazoned on it. The cover was made of cloth and									
18 enshrouded a rubber steering wheel cover that covered the entire									
19 circumference of the steering wheel. On the "I" in the word "Kitty",									
20 I observed a tear in the cloth of the steering wheel cover. The									
21 letters in 'Hello Kitty' were stitched in red, white and black									
22 colored fabric. Beneath this tear, the rubber steering wheel cover									
23 was torn.									
24									
25 The remainder of the interior of the vehicle was mostly empty, few									
26 items were inside of it.									
27

1 tests to check for the presence of lead in specified areas of the

2 vehicle.

3

4 Detective Haselbach obtained a presence of lead test from Criminalist

5 Riles. This test is a pen shaped instrument which contains one vial

6 of powder and one vial of liquid inside of it. The instrument has a

7 cloth like applicator on one end. Detective Haselbach applied a few

8 drops of Acetic Acid to the applicator. To test the led tester's

9 accuracy, Detective Haselbach applied the applicator to a lead bullet

10 which was not involved in this case. Detective Haselbach broke the

11 two vials of powder and liquid inside the instrument. The applicator

12 turned pink, meaning it tested presumptive positive for the presence

13 of lead. Detective Haselbach applied Hydrochloric Acid to the

14 applicator. The color of the applicator changed to the color purple,

15 indicating a positive test for the presence of lead. Each subsequent

16 lead test performed in this investigation used a lead test applicator

17 taken from the same packaging as the aforementioned lead tester. Each

18 lead test was performed in the same manner as this test was

19 performed.

20

21 Detective Haselbach obtained a new lead tester, and tested the "I" in

22 "Hello Kitty" on the steering wheel cover for the presence of lead.

23 The "I" tested negative for lead presence.

24

25 Prior to performing any bullet trajectory analysis, we squared the

26 vehicle. Squaring the vehicle is the process of placing the vehicle

27 inside of a 'box'. We did this by placing a stand (resembles a

28 microphone stand) at the front and rear of the vehicle on the

29 passenger side of the vehicle. We tied a string between the two

30 stands. We pulled the string tight and placed a line level on it

1 ensuring it was level and parallel with the floor. We aligned the								
2 string along the vehicle's fenders that protrude above the vehicle's								
3 passenger side front and rear tires. Doing this created a straight								
4 line along the passenger side of the vehicle from which we can take								
5 angle and distance measurements and use as a point of reference. This								
6 step is taken because the side of a car body is curved, not straight.								
7								
8								
9 The second and final string we strung was across the vehicle's hood.								
10 We stood two poles, one each by the driver and passenger side front								
11 tires. We tied a string between the two of them and pulled it tight								
12 and ensured it was level using a line level. The string ran								
13 approximately one inch above the hood of the vehicle.								
14								
15 Using a plumb-bob and a protractor, I confirmed the two reference								
16 strings were at 90 degrees to each other.								
17								
18 We measured the overall length of the vehicle to be approximately 197								
19 inches. We measured the vehicle's width to be approximately 72								
20 inches.								
21								
22 We performed bullet path reconstruction on bullet perforation A: (All								
23 angle measurements have a +/- 5 degree variance.)

1 approximately 27 inches from the passenger side edge of the vehicle,								
2 and 35.75 inches off the ground. (The distance from front bumper								
3 measurement was taken by tying a leveled string across and even with								
4 the front bumper of the vehicle. The distance from the passenger side								
5 edge of the vehicle was taken from the leveled reference string we								
6 ran along the passenger edge of the vehicle.)								
7								
8 A lead in mark was present on the side of the perforation which was								
9 closest to the passenger edge of the vehicle. This indicated to me								
10 the bullet entered the hood from the passenger side of the vehicle. A								
11 lead in mark is a parabolic shape that is created when a bullet first								
12 makes contact with a surface.								
13								
14 Angle of Impact:								
15								
16 We taped a string to the bullet perforation's lead in mark. We								
17 stretched the string away from the perforation towards the passenger								
18 side of the vehicle and tied the string to a stand. Based on the lead								
19 in mark and perforation, the string most accurately represented the								
20 trajectory of the bullet that caused this perforation. The string was								
21 pulled along the path the perforation and its lead in mark indicated								
22 as being most probable.								
23								
24 I hung a plumb-bob above bullet perforation A's trajectory string. The								
25 plumb-bob line was touching both bullet perforation A's trajectory								
26 string and the passenger side reference string that ran parallel								
27 along the passenger side of the vehicle. I marked each string where								
28 they vertically intersect with each other. We placed a 180 degree '0'								
29 edge protractor along the passenger side reference string. The "0"								
30 edge of the protractor was aligned along the string where it

1 vertically intersected with bullet perforation A's trajectory string.								
2 I hung a plumb-bob along bullet perforation A's trajectory string.								
3 The plumb-bob aligned with the protractor at 47 degrees, this meant								
4 that the angle of incidence from the perspective of the vehicle								
5 (looking out towards the vehicle's passenger side) was 47 degrees								
6 (90-43). This angle was determined as reading from 'right to left'.								
7 The angle of NATO (Deputy's perspective looking at vehicle was 43								
8 degrees.								
9								
10 All subsequent bullet location and angle measurements were taken using								
11 the above described method.

1 the vehicle. The perforation had concentric fractures radiating from								
2 it. (The windshield's glass was double paned, making it impossible to								
3 determine which of the two perforations in the glass occurred first.)								
4 The perforation was located approximately 68.5 inches from the								
5 vehicle's front bumper, approximately 17 inches from the passenger								
6 side of the vehicle, and approximately 45 inches off the ground.								
7								
8 Bullet perforation C1 was located in the driver door. The metal in the								
9 door was protruding outward outside the vehicle and towards the								
10 vehicle's rear, indicating that the bullet struck it along a path								
11 similar to coming from perforation C. Bullet perforation C1 was								
12 measured as approximately 98 inches from the vehicle's front bumper,								
13 67.25 inches from the vehicle's passenger side, and approximately								
14 31.5 inches off the ground.								
15								
16 Once we placed a string through perforation C, it lined up with bullet								
17 perforation C1, located in the driver side door. We strung the								
18 trajectory string through these two perforations. We attached one end								
19 of the string on the exterior of the driver door adjacent to C1, and								
20 the opposite end to a pole along the vehicle's passenger side.								
21								
22 This created a downward angle of inclination of 12 degrees. This								
23 measurement was taken by placing an inclinometer on the trajectory								
24 string after it was tied off tightly to a pole.

2 vehicle's perspective was 25 degrees. The downward angle of the									
3 trajectory was now 13 degrees, as measured by the same									
4 inclinometer.									
5									
6 Note: The inside of the driver door had been bent inward towards the									
7 vehicle's interior. The door panel had to be duct taped back on to									
8 the driver door. This was a very approximate reconstruction due to									
9 the damaged condition of the door.									
10									
11 SUPPLEMENTAL INVESTIGATION CONTINUED:									
12									
13 We continued examining the vehicle. We looked at the passenger side									
14 rear quarter window. The window had been shattered however around the									
15 window's edge was a small border of glass that had not fallen from									
16 the window's frame. From facing the window from the vehicle's									
17 passenger side, the window's left edge had glass in its border which									
18 had radial fractures that were close together and ran parallel to									
19 each other. The remainder of the window's glass border contained									
20 glass that was broken at random and did not include radial fractures.									
21									
22									
23 Based on the presence of the radial fractures, we ran string along the									
24 radial fractures pattern and arrived at a probable bullet strike									
25 location within the window. (See attached photograph DSC_1929.)									
26									
27 Criminalist Riles located an apparent bullet hole into the vehicle's									
28 steering wheel. This hole was into the right side of the steering									
29 wheel as the driver sits in the driver seat and faces the steering									
30 wheel. The steering wheel's center was covered by an airbag.

5 observed a deformed bullet lodged in the steering wheel, adjacent to									
6 where the apparent bullet hole into the steering wheel was located.									
7 Using a pair of sterile plastic tweezers, at approximately 1611									
8 hours, I removed the bullet from the steering wheel.									
9									
10 The bullet was brass colored, and had red, white and black colored									
11 fabric attached to its front. These fibers were consistent with the									
12 colors I observed in the 'Hello Kitty' cloth steering wheel cover. I									
13 packaged the bullet and attached fabric into an evidence slide box as

15									
16 At approximately 1645 hours, we locked and secured the CSI garage and

19 On 6/16/2015 at approximately 0713 hours, I arrived at the CSI Garage.									
20 Present was myself, CSI Sgt. Leon, Criminalist Riles and Criminalist									
21 Shaw.									
22									
23 Now that the steering wheel's cover was removed, I placed a trajectory									
24 rod into the steering wheel through the bullet hole in it. When I did									
25 this, I found the trajectory rod lied in the split portion of rubber									
26 and tear in the 'Hello Kitty' steering wheel cover.

1 vehicle's rear passenger window. This bullet strike into the steering									
2 wheel was labeled 'D'. The height of the steering wheel was measured									
3 to be 25 inches off the ground at its lowest point, and 40 inches off									
4 the ground at its highest point. I do not know if the angle position									
5 of the steering wheel at the time we performed this reconstruction is									
6 the same or different from the position of the steering wheel when									
7 this incident occurred.									
8									
9 The string stretched across the passenger rear quarter panel showing									
10 the bullet's probable point of entry into it was labeled bullet									
11 strike E. The apparent bullet impact site on the vehicle's windshield									
12 was labeled E1. The apparent bullet strike near the vehicle's VIN									
13 number was labeled E3.									
14									
15 Using a presence of lead test, E1 tested positive for the presence of									
16 lead. Looking on the vehicle's dashboard next to the probable bullet									
17 strike on the windshield near the vehicle's mounted VIN number on its									
18 driver side dashboard (E3), I saw a scratch mark on the dashboard									
19 located adjacent to the mounted VIN number. Using a new presence of									
20 lead test, this scratch mark also tested positive for lead. This									
21 scratch mark was labeled E2.									
22									
23 Based on the location of the impact 'E' in the rear quarter window and									
24 the two apparent bullet strikes which resulted in cracking in the									
25 windshield, we believed it to be probable the bullet fired through									
26 the rear quarter window (E) struck the crack in the windshield (E1).

4 Bullet first went through rear quarter panel window, struck windshield									
5 twice and dashboard near vehicle's VIN number. Bullet perforation E									
6 was measured to be approximately 45.5 inches off the ground, and									
7 approximately 8 inches from the passenger side plane of the vehicle.									
8 E1 is believed to be this bullet's second point of impact. E1 was									
9 measured to be approximately 48.5 inches off the ground, and									
10 approximately 44.75 inches from the vehicle's passenger side plane.									
11									
12									
13 Angle of Impact:									
14									
15 This measurement was taken from the perspective of 'left to right'

2 At approximately 0909 hours, I left evidence items #1 and #2 secured									
3 in the CSI garage. At approximately 1100 hours, I returned to the CSI									
4 garage and retrieved my evidence items. At approximately 1245 hours I									
5 booked these two items and a CD containing all photographs taken

7 Headquarters.									
8									
9 CONCLUSION:									
10									
11 In total, we identified five bullet paths into the vehicle. Bullets A,									
12 B, and C were shot into the vehicle from its passenger side from the									
13 vehicle's front towards its back.									
14									
15 Bullets D and E were shot into the vehicle from its passenger side									
16 from its back towards its front.									
17									
18 We located probable bullet termination points for each of these									
19 trajectories (A - hood, B - dashboard, C - out through the driver									
20 door, D - steering wheel, and E - windshield/dashboard.)									
21									
22 All three of the vehicle's passenger side windows were shattered.									
23 Bullets D and E we believe account for the shattering of the									
24 passenger rear door window and quarter panel. The sixth bullet we									
25 believe based on our trajectory investigation, the suspect being									
26 struck into the palm of his left hand, and the fact that Deputy									
27 Vandegraaf fired six shots from his firearm, that the sixth bullet									
28 went through the front passenger side window and into the suspect's									
29 left palm.

10								
11 On 3/25/14, I was assigned as a detective in the Investigations								
12 Division. At approximately 1140 hrs., I was notified by Captain								
13 Rodriguez that there had been an officer involved shooting in the								
14 unincorporated area of east San Jose on Sweigert Rd. I met with								
15 Captain Rodriguez and the members of the Homicide/Robbery Unit in the								
16 Investigations Division conference room. Sgt. Carrasco was								
17 identified as the lead detective and we received a limited briefing								
18 of the incident from Captain Rodriguez. Sgt. Carrasco asked Sgt.								
19 Quinonez and I to go to San Jose Regional Hospital to check on the								
20 welfare of the suspect, who had been admitted in the Emergency								
21 Room.								
22								
23 At approximately 1240 hrs., Sgt. Quinonez and I arrived at San Jose								
24 Regional Hospital. We met with Deputy Galan and Sgt. Hunter, who								
25 gave us a briefing of what they knew about the suspect. They								
26 identified the suspect as and said he was inside the								
27 Emergency Room with an injury to his left hand. They told us S01								
28 mother, his sister and his brother-in-law were also at the								
29 hospital. Sgt. Quinonez and I directed Deputy Galan and Sgt. Hunter								
30 to interview any of S01 family members that were present.

2 Sgt. Quinonez and I went into the Emergency Room and located S01									
3 who was lying on a gurney in the hallway near the nurse's									
4 station. He was being guarded by Deputy Addington. S01 left									
5 hand was bandaged in somewhat of an ad hoc dressing. His head was									
6 resting against a pillow and his eyes were closed. As Sgt. Quinonez									
7 and I greeted Deputy Addington, I saw S01 appear to open his									
8 eyes slightly and look toward our direction. At approximately 1245									
9 hrs., Sgt. Quinonez and I introduced ourselves to S01. Sgt.									
10 Quinonez asked him to tell us how he injured his hand. S01									
11 mumbled something but was unintelligible. Sgt. Quinonez repeated his									
12 question but S01 stopped answering. Sgt. Quinonez asked him if									
13 he was able to talk and S01 shook his head slightly, indicating									
14 that he couldn't talk. Sgt. Quinonez told him that we would try to									
15 talk to him later.									
16									
17 Patrol deputies had located the vehicle that S01 arrived at the									
18 hospital in. It was a blue 2007 Toyota Corolla with a									
19 and it was parked in the southern portion									
20 of the hospital's public parking lot. We were told that the car									
21 belonged to S01 sister and brother-in-law. I looked through									
22 the windows of the car but I did not see anything noteworthy. At									
23 approximately 1300 hrs., Sgt. Quinonez and I contacted O01									
24 who was talking in the hospital parking lot with Deputy Kubik.

1	001 identified himself as S01 brother-in-law and that he								
2	had dropped S01 off at the hospital. I asked him how S01								
3	injured himself. 001 said he was sitting on his bed in his								
4	residence when he heard someone knock on the door. He opened the								
5	door and saw S01 who said, "Bro, I'm hurt." 001 helped								
6	S01 get into his car and he drove him to San Jose Regional								
7	Hospital. Shortly after they arrived at the hospital, patrol								
8	deputies arrived at the hospital. Sgt. Quinonez asked 001 ,								
9	"Were you surprised that we pulled up?" 001 replied, "No, not								
10	really, I know my lil brother; he could've done anything, I don't								
11	know." 001 then clarified that S01 was actually his								
12	brother-in-law.								
13									
14	001 said he didn't know anything about S01 injury. He								
15	said, "All we did was drop him off, security watched us, tried to

20	He also said S01 did leave any blood in the car because his								
21	hand was wrapped in a cloth.								
22									
23	001 said the Toyota Corolla belonged to him. We explained to								
24	001 that we wanted to look inside of his Toyota Corolla to see								
25	if there was any evidence left by S01 . 001 said, "I'll								
26	go get the keys and you can go back there right now and you can do

8 STATEMENT OF 002 :									
9									
10 After introducing ourselves to 002 she said, "Is he OK so I can									
11 slap him?" referring to S01 . 002 confirmed she lived									
12 in San Jose. She said that she was inside her									
13 house when she heard someone knock on the front door. She looked out									
14 the upstairs bedroom windows, which overlook the driveway. She									
15 didn't see any vehicles in the driveway so she started walking toward									
16 the door. When she arrived downstairs, she heard one of her children									
17 say, "Uncle." 002 said, "I opened the door and he's standing									
18 there, looking so weak. I said, 'What happened to you?' I said, 'Oh									
19 my god.' He said, 'I hurt myself.'" S01 hand was wrapped in									
20 a cloth. 002 suggested to S01 that he go to the hospital									
21 to get his hand seen by a doctor. S01 said, "OK, VMC" but 002									
22 told him she would take him to San Jose Regional Hospital since									
23 it was closer.									
24									
25 Sgt. Quinonez asked 002 who owned the blue Toyota Corolla. She									
26 replied, "Me." We explained that we wanted to look inside her									
27 vehicle to try and locate any evidence. 002 said, "Not a									
28 problem," and she consented to us looking inside her car. I provided									
29 002 a "Consent to Search" form for her 2007 Toyota Corolla and

2 002 said she is estranged from S01 and hasn't seen him in									
3 quite some time. Sgt. Quinonez asked her, "What's your brother's

12 INVESTIGATION (CONT):									
13									
14 Detective Leonard searched 002 Toyota Corolla and took									
15 photographs of the vehicle. Refer to Detective Leonard's

17									
18 At approximately 1320 hrs., Sgt. Quinonez and I returned to the

24 was not under any sedation.									
25									
26 I spoke with , who had reviewed the x-ray images of S01

6 At approximately 1400 hrs., Detective Leonard arrived in the Emergency									
7 Room and took photographs of S01 and his injured left hand.									
8 Refer to Detective Leonard's supplemental report for further									
9 details.									
10									
11 Later, I learned from Sgt. Carrasco that S01 vehicle had been									
12 located at Pinnacle Dr. and Piedmont Rd. in San Jose. Sgt. Quinonez									
13 and I drove to that location and briefly met with Sgt. Carrasco and									
14 Sgt. Brown. We stood outside of the crime scene that was marked off									
15 with yellow tape. We observed what appeared to be a series of blood									
16 droplets that led from S01 vehicle to the driveway									
17 I recognized this as the address 002 had provided									
18 as her home address.									
19									
20 Sgt. Quinonez called 002 on her cellular phone. He explained to									
21 her that we wanted to look inside her house and her property for									
22 possible evidence, similar to the search Detective Leonard did of her									
23 Toyota Corolla. Initially, 002 was cooperative but eventually									
24 rescinded her consent after speaking with 001. Sgt. Quinonez									
25 told her that other deputies were at her house and she would not be									
26 allowed to enter until we obtained a search warrant. 002 told									
27 Sgt. Quinonez she understood.									
28									
29 I wrote a search warrant for 002 residence, located									
30. The Honorable William Elfving granted the search

1 **INVESTIGATION:**

2

3 On 03-26-15, I was assigned as a Detective to the S.A.F.E. (Sexual
 4 Assault Felony Enforcement) Task Force within the Santa Clara County
 5 Sheriff's Office. Part of my job function is to conduct computer
 6 forensics.

7

8 On 03-26-15 Detective Sergeant Carrasco contacted me and asked me to
 9 assist him with extracting video surveillance footage
 10 in San Jose.

11

12 At approximately 0950 hours, Detective Durante and I arrived
 13 in San Jose. We met with the homeowner,

14 Detective Sergeant Carrasco had spoken to earlier and she
 15 had given him permission to extract the video surveillance footage
 16 from her home security system.

17

18 led us into her home and showed us where the Digital Video
 19 Recorder (DVR) was located. The DVR unit was a generic H.264 recorder
 20 (model: ESDV-NVRION-8). I logged into the DVR system and viewed the
 21 video surveillance footage from the camera view of the driveway which
 22 was pointed towards southwest Pinnacle Drive.

23

24 At approximately 11:26:10 AM on 03-25-2015 of the video camera
 25 footage, a dark colored four door vehicle is seen traveling westbound
 26 on Pinnacle Drive towards Piedmont Road at a high rate of speed. The
 27 dark colored vehicle suddenly makes a hard and sudden braking
 28 movement which caused the front of the vehicle to dip down and turned
 29 northbound onto the driveway, out of view of
 30 the camera. No other movement is seen from either the vehicle or the

6 vehicle stops at the intersection of Pinnacle Drive at Piedmont Road									
7 and turns onto southbound Piedmont Road.									
8									
9 I extracted video surveillance footage from 11:10:03 on 03-25-2015 to									
10 11:45:48 AM on 03-25-2015. I extracted the video footage onto a									
11 formatted USB drive.									
12									
13 Detective Durante and I left the residence and returned to Sheriff's									
14 Office Headquarters.									
15									
16 I inserted the USB drive I had placed the video footage from Pinnacle									
17 Drive into my computer. I saw there were five separate video files.

1 SUPPLEMENTAL INVESTIGATION:

2

3 On 03/25/15, I was assisting Sergeant Carrasco with his investigation
 4 into the case. We had completed interviews with civilian witnesses
 5 at Sheriff's Headquarters and were waiting to meet with the involved
 6 deputies. At approximately 1839 hours, Sergeant Carrasco and I met
 7 with W1 Randall and his attorney, . We had a brief
 8 discussion outside the presence of the W1 Randall concerning the
 9 recording of the interview, but later resumed the interview. At
 10 approximately 1852 hours, W1 Randall provided the following recorded
 11 statement on the incident.

12

13 STATEMENT OF WITNESS 1 KEITH RANDALL:

14

15 W1 Randall stated he was hired with the Sheriff's Office as a full
 16 time Deputy in 1999, but he had worked with the Sheriff's Office as a
 17 Reserve Deputy since 1995. W1 Randall did not have any prior law
 18 enforcement or military experience before working with the Santa
 19 Clara County Sheriff's Office. W1 Randall attended and completed a
 20 Federal Academy in 1987, when he was interested in working with the
 21 Federal Parks Police. Upon changing his career goals and wanting to
 22 be part of local law enforcement, he attended and completed a Reserve
 23 Academy in 1994-1995, and then completed a full-time law enforcement
 24 academy in 1999. W1 Randall mentioned that, at the time he went
 25 through the Federal Academy, it was the equivalent to attending a
 26 full California State law enforcement academy.

27

28 During W1 Randall's Reserve Deputy time with the Sheriff's Office, he
 29 was classified as a Level 2 Reserve, which meant he could not
 30 conduct patrol functions on his own and needed to complete patrol

During that time, W1 Randall worked in community service,</p> <p>3 patrol transportation for arrestees, and other various assignments as</p> <p>4 needed within the department.</p> <p>5</p> <p>6 Since graduating from the full-time academy in 1999, W1 Randall has</p> <p>7 completed assignments in the Court Security Division, as well as</p> <p>8 approximately 6 ½ - 7 years in the Sheriff's Patrol Divisions. W1</p> <p>9 Randall was recently assigned back to the Headquarters Patrol</p> <p>10 Division, where he had been working dayshift since January, 2015. W1</p> <p>11 Randall currently works on the 10-Plan dayshift, which means he</p> <p>12 works Tuesday thru Friday, from 0630 hours to 1630 hours. W1 Randall</p> <p>13 stated he also works an overtime shift in the Court Security Division</p> <p>14 on Mondays, which normally runs from 0800 hours to approximately 1530</p> <p>15 hours. In the month of March, 2015, W1 Randall also worked an extra</p> <p>16 three hours of overtime on Wednesdays and Thursdays, after his</p> <p>17 normally scheduled shift, for a special security detail at one of the</p> <p>18 County buildings, which put his off-duty time at approximately 2000</p> <p>19 hours.</p> <p>20</p> <p>21 W1 Randall stated he had been at the Sheriff's Range for bi-annual</p> <p>22 firearms qualifications on 03/24/15, the day before this incident.</p> <p>23 After qualifying, W1 Randall ended his shift and went home. He ate a</p> <p>24 normal dinner and got a normal night's sleep, which consists of</p> <p>25 approximately 7 hours of sleep. With dinner, W1 Randall had two 22</p> <p>26 ounce glasses of bourbon and coke, along with one 22 ounce beer.</p> <p>27</p> <p>28 On 03/25/15, W1 Randall arrived approximately 10 minutes early for the</p> <p>29 start of his shift, which would have put him arriving at Sheriff's</p> <p>30 Headquarters at approximately 0620 hours. W1 Randall later told me his uniform consisted of a tan,</p> <p>4 short sleeve shirt, bullet resistant vest, duty pants, and black</p> <p>5 boots. Included with this uniform was his duty belt, which had his</p> <p>6 duty weapon, two pairs of handcuffs, two magazines, one asp, a can of</p> <p>7 pepper spray, a flashlight, a baton ring, a flashlight chain, keys,</p> <p>8 rubber gloves, and a communications radio. He said the camera will turn on with the</p> <p>22 activation of the emergency lighting equipment or the use of the air</p> <p>23 horn. W1 Randall agreed that the camera could also be activated by a</p> <p>24 deputy manually activating the equipment, but the deputy would have</p> <p>25 to physically push a button to turn the camera system on during an</p> <p>26 event. I finally asked W1 Randall if he knew of the camera system</p> <p>27 activating when the patrol car is involved in an accident, but he did</p> <p>28 not know if it did or not.</p> <p>29</p> <p>30 On this day, dayshift patrol units did not have a briefing at the</p>

1 start of their shift because the shift Sergeant had the day off, so									
2 they immediately went into service to start handling calls. W1									
3 Randall loaded his patrol vehicle for the days shift and went into									
4 service just after 0630 hours. W1 Randall had a normal breakfast									
5 this morning, but had not had anything to eat since that time, with									
6 the exception of sunflower seeds throughout the day. W1 Randall									
7 mentioned he had been dealing with a cold, but did not take any									
8 medications throughout the day to help him feel better.									
9									
10 W1 Randall talked about some of the calls for service he received									
11 prior to this event. He talked about a family disturbance he dealt									
12 with in the morning, where he was familiar with the family from prior									
13 contacts he has had. He then handled a juvenile disturbance where									
14 the reporting party wanted to report two subjects smoking marijuana.									
15 W1 Randall did not locate the subjects at the scene, but later saw									
16 two juveniles who ran away before he could contact them. W1 Randall									
17 handled an abandoned vehicle call and another juvenile disturbance									
18 call, but neither of them resulted in any significant action on W1									
19 Randall's part.									
20									
21 W1 Randall stated that was when this event happened. He estimated the									
22 time of this call to be between 1020 and 1025 hours. It was									
23 dispatched as approximately 8-10 people on Sweigert Road, possible									
24 smoking drugs. There was no vehicle identification or description at									
25 the time of dispatch, but the location was given as just above									
26 in Unincorporated San Jose. Upon receiving this call,									
27 W1 Randall was just leaving the last juvenile disturbance call he									
28 spoke of earlier and estimated it took him approximately 5 minutes to									
29 reach the Sweigert Road location.

<p>1 W1 Randall said he was originally dispatched to this call as a solo</p> <p>2 unit, but requested to have a second unit respond with him due to</p> <p>3 the quantity of people mentioned in the originally dispatched call.</p> <p>4 As W1 Randall was driving to Sweigert Road, he noticed V1 Vandegraaf</p> <p>5 finishing a car stop in the area of Jerilyn Drive and Meadow Lane.</p> <p>6 V1 Vandegraaf completed his car stop and began to respond to Sweigert</p> <p>7 Road to assist W1 Randall. <p>1 subject had moved from the passenger's side of the green car to the</p> <p>2 driver's seat and was trying to start the car. As the male subject</p> <p>3 started the green car, W1 Randall yelled to V1 Vandegraaf that the</p> <p>4 male subject was starting the car. W1 Randall drew his firearm from</p> <p>5 its holster as the male subject drove forward and ran the green car</p> <p>6 into the left side of the brush guard on W1 Randall's patrol car.</p> <p>7 The male subject revved the engine of the green car, as if he was</p> <p>8 trying to drive thru W1 Randall's patrol car.</p> <p>9</p> <p>10 W1 Randall described the green car as being at an angle to his car</p> <p>11 when the vehicles collided. W1 Randall had initially parked</p> <p>12 approximately 5-6 feet away from the front of the green car, with the</p> <p>13 driver's door to W1 Randall's patrol car being approximately 4 feet</p> <p>14 away from the guard rail on the West side of the roadway.</p> <p>15</p> <p>16 The male subject began to back the green car away from the front of W1</p> <p>17 Randall's patrol car as W1 Randall yelled for the subject to show his</p> <p>18 hands and stop the car. However, the subject drove the green car</p> <p>19 forward and passed W1 Randall's patrol car. Due to the way W1</p> <p>20 Randall had parked his patrol car upon initially arriving, the</p> <p>21 remaining roadway was very narrow. W1 Randall could see V1</p> <p>22 Vandegraaf was even with the opening between the two patrol cars, but</p> <p>23 approximately 2-3 feet in the roadway as the green car was driving</p> <p>24 passed W1 Randall's patrol car. W1 Randall described being</p> <p>25 approximately 30-40 feet away from V1 Vandegraaf at this time, with</p> <p>26 the green car in between them and beginning to drive away.</p> <p>27</p> <p>28 At this point, I stopped W1 Randall to ask some clarifying questions.</p> <p>29 I tried to verify with W1 Randall whether or not the two female</p> <p>30 subjects were inside or outside of the white Chrysler as he was</p>

W1 Randall told me he thought both female</p> <p>2 subjects were outside of the Chrysler, on the passenger's side of the</p> <p>3 car, as he was driving up to the scene, but upon his asking for</p> <p>4 identification, W3 was actually in the driver's seat. W1</p> <p>5 Randall then stopped and said, at some point W3 was in</p> <p>6 the driver's seat and W2 ended up in the passenger's seat with</p> <p>7 the doors shut, but he thought that was after the green car had</p> <p>8 already driven away.</p> <p>9</p> <p>10 Upon initially asking W2 and W3 for their</p> <p>11 identifications, one of them said she had an ID with her. As W1</p> <p>12 Randall was putting the license plate information out over the police</p> <p>13 radio, this was when the male subject moved from the passenger's seat</p> <p>14 to the driver's seat and started the car. He then drove into the</p> <p>15 front of W1 Randall's patrol car, backed up, and drove forward to</p> <p>16 where V1 Vandegraaf was standing. I asked if the male subject had</p> <p>17 gotten out of the car to walk around to the driver's side, but W1</p> <p>18 Randall said the male subject had actually moved to the driver's side</p> <p>19 from inside of the green car, by climbing between the seats. W1</p> <p>20 Randall did not see the male subject close the passenger's side door,</p> <p>21 but he remembered it being shut as the green car drove away.</p> <p>22</p> <p>23 W1 Randall verified he saw V1 Vandegraaf standing near the gap between</p> <p>24 the two patrol cars, already in the roadway. At that time, W1</p> <p>25 Randall was behind the green car and near the white Chrysler. As the</p> <p>26 green car hit W1 Randall's patrol car, W1 Randall remembered standing</p> <p>27 more toward the driver's side of the green car with his weapon drawn,</p> <p>28 pointing at the car. However, as the green car drove passed W1</p> <p>29 Randall's patrol car, W1 Randall was behind the green car and V1</p> <p>30 Vandegraaf was in front of the green car. <p>1 toward V1 Vandegraaf, W1 Randall realized he and V1 Vandegraaf were</p> <p>2 in a cross-fire situation. Once W1 Randall heard the first shot</p> <p>3 being fired, he quickly ran toward the guard rail on the West side of</p> <p>4 the roadway. W1 Randall recalled hearing three shots being fired</p> <p>5 before he could not hear anything else due to the loud ringing in his</p> <p>6 ears.</p> <p>7</p> <p>8 W1 Randall further described the moment the green car made contact</p> <p>9 with the front of his patrol car. He said the green car made contact</p> <p>10 with the left side of his push bumper, meaning the left side as he</p> <p>11 was standing outside of the car and looking at the front of it.</p> <p>12 Although he heard the engine of the green car revving up, he</p> <p>13 described it being as if the male subject was trying to drive through</p> <p>14 his patrol car, or push it down the hill. When W1 Randall's car</p> <p>15 would not move, the driver backed the green car up and drove around</p> <p>16 it. Since, initially, there was only 5-6 feet between the green car</p> <p>17 and W1 Randall's patrol car, the impact between the two vehicles was</p> <p>18 not that severe. However, W1 Randall thought the male driver of the</p> <p>19 green car was trying to continue through the patrol car and down the</p> <p>20 hill without having to stop and back up. When the driver realized he</p> <p>21 could not continue through the patrol car, he backed up 2-3 feet,</p> <p>22 which left enough room between the cars for him to turn and get</p> <p>23 around the patrol car. When the green car backed up, W1 Randall</p> <p>24 described it as being toward the guard rail on the side of the road</p> <p>25 and not in the direction of where W1 Randall was standing.</p> <p>26</p> <p>27 W1 Randall remembered yelling at the driver to stop the car and to</p> <p>28 show his hands. 1 each other at that point. This was made even worse by the fact that

2 V1 Vandegraaf was now standing 2-3 feet into the roadway from the

3 patrol cars. W1 Randall was sure there was not enough room for the

4 green car to pass the patrol cars without putting V1 Vandegraaf in

5 danger since he was standing even further into the roadway, making it

6 even thinner. When I asked W1 Randall what he thought was going to

7 happen if the green car continued to drive towards V1 Vandegraaf's

8 location, he stated, "He was going to run him over."

9

10 W1 Randall told me he did not necessarily fear for his own safety as

11 the green car was beginning to drive away. However, he did fear for

12 V1 Vandegraaf's safety. As the green car was running into the front

13 of W1 Randall's patrol car, W1 Randall had yelled toward V1

14 Vandegraaf to get his attention. W1 Randall assumed V1 Vandegraaf

15 saw the car because this was the point he saw V1 Vandegraaf draw his

16 weapon. Once the green vehicle had backed away from W1 Randall's

17 patrol car and started to move forward again, V1 Vandegraaf already

18 had his firearm out and ready to use. W1 Randall started to run

19 toward the guard rail and made it to a point approximately 3 feet

20 away from the guard rail before he turned and focused his attention

21 at W2 and W3. W1 Randall noticed the two females

22 were now sitting inside of the vehicle, with W3 sitting

23 in the driver's seat with the door shut and W2 sitting in the

24 passenger's seat, but her door was still open. W1 Randall pointed

25 his firearm at W3 and ordered her to get out of the car

26 and lay on the ground. He then told W2 to get out of the car,

27 move to the driver's side, and lay on the ground. Both W2 and

28 W3 complied with W1 Randall's orders. W1 Randall thought

29 W3 made a comment about not knowing what was happening

30 and that she had never been in trouble. W2 did not really

1 speak at all.

2

3 Once W2 and W3 were lying out on the ground, V1

4 Vandegraaf ran up to where W1 Randall was handcuffing them. V1

5 Vandegraaf still had his firearm out and acted as a cover officer;

6 while W1 Randall detained W2 and W3 . The green car

7 had completely left W1 Randall's view. He heard over the police

8 radio that Deputy Nguyen had located the green vehicle fleeing the

9 area, but also that she had lost the vehicle while trying to give

10 chase in the area of Piedmont Road. Other than hearing her radio

11 traffic regarding the green vehicle, W1 Randall was unaware Deputy

12 Nguyen was responding to the area and never actually seen her

13 throughout the incident.

14

15 I confirmed with W1 Randall that he only heard 3 shots as the green

16 car was fleeing the scene and asked whether or not he knew if there

17 had been any more shots after that. W1 Randall said he did not know

18 how many shots, if any, had been fired after the initial 3 he heard

19 while the green car was going toward V1 Vandegraaf. W1 Randall also

20 did not know if anyone or anything had been struck by the shots he

21 heard, or if anyone had been injured during this incident. W1

22 Randall only remembered seeing the green car fleeing the scene at a

23 high rate of speed before turning his attention back to W2 and

24 W3 .

25

26 After the green car was gone from the scene, W1 Randall started to

27 deal with W2 and W3 . He handcuffed both of them

28 and placed W3 in his patrol car. He let her know someone

29 would eventually be there to speak with her, but that it may be a

30 while before she was contacted. W3 later asked how long

1 it would be before someone talked to her and W1 Randall said he did
 2 not know, but that he would not be the person who took her statement.
 3
 4
 5 After dealing with W3 , W1 Randall placed W2 in the
 6 back of V1 Vandegraaf's patrol car. Once that was done, he told V1
 7 Vandegraaf to move to the side of the road and wait for someone to
 8 come assist in removing them from the scene. V1 Vandegraaf moved to
 9 the side of the road, but was only there temporarily. A short time
 10 later, W1 Randall happened to notice V1 Vandegraaf had moved to his
 11 patrol vehicle and was talking to W2 through the open window of
 12 the car.
 13
 14 After W2 and W3 were secured, W1 Randall had the
 15 chance to look inside of the white Chrysler. He noticed the keys to
 16 the car were in the ignition. He pulled the keys out and attempted
 17 to open the trunk to the car, but it would not work. When he checked
 18 the key after not being able to open the trunk, he noticed the key
 19 had been altered and he described it to us as a "shaved key". W1
 20 Randall then recognized that the information he was receiving from
 21 County Communications did not match the vehicle he had right in front
 22 of him. He was not sure as we were talking, but thought County
 23 Communications had told him the license plate number he provided for
 24 the Chrysler actually showed information for a Ford brand vehicle.
 25 Knowing this, he ran a registration check on the Chrysler by using
 26 the VIN number. The information County Communications told him about
 27 the VIN matched the information he had for the white Chrysler there
 28 on scene. Even with the difference in information between the
 29 license plate and the VIN number on the car, there did not appear to
 30 be any wants for the white Chrysler in the system.

2 W1 Randall further described some of the items he noticed in the white									
3 Chrysler when he looked inside and saw the keys. He said there were									
4 four cell phones inside of the car, on the driver's side of the car,									
5 in between the driver's seat and the center console area. W1 Randall									
6 mentioned he had removed two cell phones from the center console area									
7 while conducting a search for weapons in the car. He did not locate									
8 any weapons in the car, but did see other cell phones on the									
9 passenger's side floorboard area. He left everything he removed from									
10 various areas of the car on the driver's seat to be recovered by									
11 investigators at a later time.									
12									
13 I asked W1 Randall if he happened to put out any radio traffic during									
14 this incident. He told me he had advised County Communications that									
15 shots had been fired, just after V1 Vandegraaf had discharged his									
16 weapon. W1 Randall said he also provided a description of the									
17 vehicle as a green 2-door Chrysler with a black male adult driver,									
18 with a goatee and short hair. Although County Communications had									
19 previously told W1 Randall the green car was an Oldsmobile, in his									
20 mind he did not think it had the body style of an Oldsmobile and he									
21 described it as having more of a Chrysler body style, therefore he									
22 put out the description over the radio as a Chrysler.									
23									
24 W1 Randall told us the black male subject never provided him with any									
25 form of identification and W1 Randall never saw the subject outside									
26 of the green vehicle. W1 Randall seemed sure he provided County									
27 Communications with the correct plate that was on the green vehicle,									
28 even though there was confusion over what type of car it actually									
29 was. W1 Randall estimated he was approximately a foot away from the									
30 open driver's door as he walked by and asked for the male subject's

W1 Randall was able</p> <p>4 to look inside of the car and see items on the passenger's side of</p> <p>5 the car near where the subject was sitting, but he did not notice</p> <p>6 exactly what they were. W1 Randall was focused on making sure he</p> <p>7 provided County Communications with the license plates for both of</p> <p>8 the cars because he knew he was alone and wanted to provide as much</p> <p>9 identifying information as possible.</p> <p>10</p> <p>11 I went back and began to ask W1 Randall about the actual dispatch of</p> <p>12 the call. W1 Randall stated County Communications had provided the</p> <p>13 dispatch information over the police radio, but the details of the</p> <p>14 call were also located on the Mobile Data Terminal (MDT) computer</p> <p>15 located inside of his patrol car. W1 Randall had opened the details</p> <p>16 of the call on his car computer and remembered reading the</p> <p>17 information about there being 8-10 subjects smoking drugs at the</p> <p>18 suspicious cars parked along Sweigert Road. This is what prompted W1</p> <p>19 Randall to ask County Communications to send another unit to assist</p> <p>20 him with the call. W1 Randall denied ever having telephone contact</p> <p>21 with County Communications concerning this call for service, but did</p> <p>22 recall being provided information about the suspicious subjects</p> <p>23 possibly having police scanners with them to hear if a unit had been</p> <p>24 dispatched to the area.</p> <p>25</p> <p>26 When I asked about this, W1 Randall remembered that County</p> <p>27 Communication had originally requested that he give them a telephone</p> <p>28 call about this particular call. <p>1 the people possibly using the scanners to hear police communications</p> <p>2 and leaving before deputies could get there. I asked if it was</p> <p>3 common to have calls for service dispatched without using the police</p> <p>4 radio. W1 Randall said there have been times in the past where a</p> <p>5 call for service may have confidential information contained in the</p> <p>6 details and the deputies are provided the information without using</p> <p>7 the police radio. However, W1 Randall did not know of this being one</p> <p>8 of the locations units have previously been dispatched to without the</p> <p>9 use of the radio. W1 Randall also said he had been dispatched to</p> <p>10 this particular location a couple of times in the past, but this was</p> <p>11 the first time he had ever heard anything about the subject using</p> <p>12 police scanners to listen to the dispatched calls.</p> <p>13</p> <p>14 Although W1 Randall described being afraid for V1 Vandegraaf's safety</p> <p>15 as the green car was moving toward him, W1 Randall never discharged</p> <p>16 his own weapon. He felt he needed to "get the hell outta there</p> <p>17 because I thought I was in a bad crossfire." After the shots were</p> <p>18 fired, he did not recall feeling anything after that because he had</p> <p>19 focused his attention to W2 and W3, now thinking he</p> <p>20 had something different and "bigger" than just 8-10 subjects using</p> <p>21 narcotics by their cars. 1 the male subject was trying to do both because V1 Vandegraaf was

3 Randall had given the subject orders to "stop", but the subject did									
4 not seem to care about those orders or the fact that V1 Vandegraaf									
5 was in the roadway. W1 Randall agreed when I stated it seemed as if

8									
9 Eventually, deputies began to arrive on scene to assist. W1 Randall									
10 remembered Deputy Ford arriving on scene, as well as Deputy Ford's

1 . It was not until they were secured inside of the patrol 2 cars that W1 Randall began to provide a description of the male 3 subject and vehicle that had fled the scene. 4 5 W1 Randall told me he had only provided "Safety Statement" information 6 to Deputy Ford once he arrived. He told Deputy Ford of the direction 7 the shots had been fired and approximately how many shots there were. 8 W1 Randall said he was not injured during this incident, he did not 9 believe W2 or W3 had been injured, and he did not 10 think V1 Vandegraaf had been injured. 11 12 Lastly, I asked W1 Randall if he had been involved in any prior 13 Officer Involved Shooting incidents. <p>1 Randall if he happened to smell anything while dealing with any of</p> <p>2 the subjects or either of the vehicles involved in this incident. W1</p> <p>3 Randall said he could smell the odor of burnt marijuana as he walked</p> <p>4 passed the green car with the male subject sitting inside, however he</p> <p>5 did not notice any smells coming from the white Chrysler. He did</p> <p>6 point out that he had been suffering from a pretty bad cold, which</p> <p>7 limited his ability to smell much and stated an odor would have to be</p> <p>8 strong in order for him to smell it.</p> <p>9</p> <p>10 Prior to concluding our contact with W1 Randall, we clarified some of</p> <p>11 the radio traffic W1 Randall used upon first arriving on scene, which</p> <p>12 included the number of vehicles and a brief description of the three</p> <p>13 subjects. As we continued to talk about radio traffic, we began to</p> <p>14 talk about the radio traffic W1 Randall made while the event was</p> <p>15 unfolding, which included the discrepancies in his description of the</p> <p>16 white vehicle versus what vehicle County Communications said the</p> <p>17 license plate belonged to. W1 Randall mentioned he thought he was</p> <p>18 dealing with a potential stolen vehicle, especially with the</p> <p>19 information from County Communications and the shaved key he had</p> <p>20 located inside.</p> <p>21</p> <p>22 Finally, W1 Randall described the geographic area of this incident, to</p> <p>23 include the sides of the roadway, the roadway itself, and the rest of</p> <p>24 the general area. We then concluded our interview with W1 Randall</p> <p>25 without any further information.</p> <p>26</p> <p>27 INVESTIGATION CONTINUED:</p> <p>28</p> <p>29 Upon the conclusion of our interview with W1 Randall, we prepared to</p> <p>30 make contact with V1 Vandegraaf for his statement on the incident.</p>

14 SUPPLEMENTAL INVESTIGATION:									
15									
16 On 03/25/15, I was assigned to the Sheriff's Office Investigations									
17 Division Robbery/Homicide Unit and was assisting Sergeant Carrasco									
18 with his investigation into this incident. At approximately 1133									
19 hours, I was advised of a possible Officer Involved Shooting in the									
20 area in Unincorporated San Jose. I met with									
21 Sergeant Carrasco, Sergeant Quinonez, Sergeant Leon, Sergeant									
22 Cardenas, Detective Harper, Lieutenant Rivera, and Captain Rodriguez									
23 in the Investigations Division Office where we learned the details of									
24 the incident.									
25									
26 According to the details provided in the CAPSS report provide by									
27 County Communications, Sheriff's Patrol units responded to the area									
28 on a report of two vehicles, with approximately									
29 8-10 subjects, parked in the area and possibly using narcotics. The									
30 license plate given for one of the vehicles was . Deputy

<p>1 Randall (W1 Randall) arrived at approximately 1123 hours and advised</p> <p>2 he had located the two vehicles. W1 Randall provided a license plate</p> <p>3 for the second vehicle as . At approximately 1124 hours,</p> <p>4 units on scene advised that shots had been fired. One vehicle,</p> <p>5 described as a green sedan with a broken windshield, had fled the</p> <p>6 scene and W1 Randall had two other subjects detained. W1 Randall</p> <p>7 provided a description of the subject who fled in the vehicle as a</p> <p>8 Black male adult with short hair and a goatee. At approximately 1133</p> <p>9 hours, W1 Randall advised County Communications that Deputy</p> <p>10 Vandegraaf (V1 Vandegraaf) had actually fired the shots during the</p> <p>11 incident.</p> <p>12</p> <p>13 At approximately 1153 hours, as we continued to monitor the situation</p> <p>14 via police radio and discuss our response, County Communications</p> <p>15 advised two Black male subjects had just walked into the Emergency</p> <p>16 Room and Regional Medical Center of San Jose and one was holding his</p> <p>17 side, claiming to have shot himself. Realizing this matched the</p> <p>18 description of possible subjects related to this incident, a patrol</p> <p>19 unit was sent to the hospital to get further information. Sergeants</p> <p>20 Quinonez and Cardenas also responded to Regional Medical Center to</p> <p>21 get further information.</p> <p>22</p> <p>23 At approximately 1155 hours, we received a short telephone briefing</p> <p>24 from Patrol Captain Ribero who stated V1 Vandegraaf had fired</p> <p>25 approximately 4 shots from his service pistol. It was unknown if</p> <p>26 anyone was hit by V1 Vandegraaf's shots, but there was broken glass</p> <p>27 on the ground in the area. There were 2 deputies involved in the</p> <p>28 incident (V1 Vandegraaf and W1 Randall), as well as two civilian</p> <p>29 witnesses (later identified as W2 and W3). 4 At the conclusion of the briefing, I began making the required

6 Sergeant McAllister and advised her of the incident. At 1215 hours,								
7 I contacted the Investigations Division of the District Attorney's								
8 Office to advise them of the incident. At 1216 hours, I made								
9 telephone contact with Sergeant Davis of the County Counsel's Office								
10 to advise him of the incident. I was advised a representative from								
11 each entity would be responding to the scene.								
12								
13 At approximately 1235 hours, I was contacted by District Attorney's								
14 Investigator Mark Stevenson, who advised he was responding to the								
15 scene. He also let me know Deputy District Attorney								
16 was assigned to the incident and would be responding shortly.								
17								
18 At approximately 1239 hours, Sergeant Carrasco and I left Sheriff's								
19 Headquarters and responded to the scene, arriving at approximately								
20 1256 hours. There were numerous patrol units on scene, along with								
21 Captain Ribero, Lieutenant Durr, and Sergeant Davis from County								
22 Counsel. Internal Affairs Sergeants McAllister and Alanis arrived at								
23 approximately 1306 hours.								
24								
25 At approximately 1310 hours, County Communications advised a green								
26 sedan with possible bullet holes in it had been located in the								
27 driveway in San Jose. This vehicle matched								
28 the description provided by W1 Randall and was only approximately 1.3								
29 miles away from the original crime scene. Patrol Deputy Camilleri								
30 was immediately sent to that location to stand by with the vehicle.

3 Upon arrival, W1 Randall located the two vehicles parked along

5 for one of the vehicles. V1 Vandegraaf arrived just								
6 after W1 Randall and began to walk up to where W1 Randall had made								
7 contact with some of the subjects from the vehicles. As he walked up								
8 Sweigert Road, the green sedan quickly tried to drive away, but drove								
9 directly at V1 Vandegraaf. V1 Vandegraaf discharged his service								
10 weapon approximately 4 times at the green vehicle as it drove at him.								
11 V1 Vandegraaf fired the shots toward the hillside on the East side								
12 of Sweigert Road and units had located 4 shell casings on the ground								
13 near where V1 Vandegraaf had been standing. It was unknown if anyone								
14 in the vehicle was hit by V1 Vandegraaf's shots, but there was								
15 shattered glass on the roadway in the area from the shots breaking								
16 the windows of the green sedan.								
17								
18 Although the green sedan fled the area, the second car stayed back and								
19 the occupants were detained by W1 Randall and V1 Vandegraaf.

<p>1 the green sedan located on Pinnacle Drive and stated there was also a</p> <p>2 deputy there to maintain custody of that vehicle.</p> <p>3</p> <p>4 Along with the green sedan parked in the driveway</p> <p>5 , deputies located a trail of blood that went from the car, down</p> <p>6 the driveway, followed the sidewalk, and went up to a house just</p> <p>7 around the corner on Piedmont Road. According to information</p> <p>8 obtained by the deputies at Regional Medical Center, this residence</p> <p>9 belonged to the sister of the male subject who was in the ER seeking</p> <p>10 treatment for a gunshot wound. Deputies had not yet made any contact</p> <p>11 with the residents at the sister's house on Piedmont Road, but the</p> <p>12 area had been taped off and no one would be allowed to enter the</p> <p>13 scene until further notice.</p> <p>14</p> <p>15 V1 Vandegraaf and W1 Randall had already been taken from the scene and</p> <p>16 were transported to Sheriff's Headquarters for an interview. 5 INVESTIGATION CONTINUED:									
6									
7 At the conclusion of the briefing, Sergeant Carrasco and I walked from									
8 the Command Post up Sweigert Road to where the perimeter of the crime									
9 scene had been set up in preparation for a scene walk thru. Once									
10 there, we were met by Deputy Ford, who would be leading the group									
11 thru the crime scene.									
12									
13 At approximately 1359 hours, we began a walk thru of the crime scene.									
14 During the walk thru, I saw that there were three patrol cars									
15 contained within the scene (vehicles 12703, 14714, and 13703). I									
16 learned the vehicle furthest from the actual shooting location									
17 (12703) was actually where Deputy Nguyen parked when she made it to									
18 the scene to assist W1 Randall and V1 Vandegraaf. There was a large									
19 area of shattered glass on the roadway directly behind where V1									
20 Vandegraaf's vehicle was parked (14714), along with a black hoodie									
21 type sweatshirt lying in the middle of the roadway. There were 2									
22 shell casings marked in the middle of Sweigert Road adjacent to where									
23 V1 Vandegraaf's vehicle was parked. I was advised there were at least									
24 2 more shell casings on the roadway underneath V1 Vandegraaf's patrol									
25 car. W1 Randall's vehicle (13703) was parked directly in front of V1									
26 Vandegraaf's vehicle, both facing in the northbound direction.									
27 Parked some distance away from the front of W1 Randall's patrol									
28 vehicle, was a white Chrysler facing southbound on									
29 Sweigert Road.

<p>1 We concluded our walk thru and eventually cleared the actual event</p> <p>2 scene at approximately 1426. At approximately 1445 hours, Sergeant</p> <p>3 Carrasco and I left the Command Post area on Sweigert Road and</p> <p>4 responded to view the scene where the green</p> <p>5 sedan had been located.</p> <p>6</p> <p>7 Sergeant Carrasco and I arrived on Pinnacle Drive at approximately</p> <p>8 1456 hours. We immediately noticed a green Oldsmobile sedan</p> <p>9 parked, with the engine and windshield wipers on, in the</p> <p>10 driveway. We could also see the windshield to</p> <p>11 the car had what appeared to be two bullet holes and shattering to</p> <p>12 it, as well as the passenger's side windows appeared to have been</p> <p>13 shattered out of the doors. Upon closer inspection of the vehicle, I</p> <p>14 could see a clear bullet hole in the hood of the vehicle, two holes</p> <p>15 in the windshield, and the passenger's side rear wing window had a</p> <p>16 hole in it. Deputy Camilleri pointed out a blood trail that started</p> <p>17 at the driver's door of the car, led out of the driveway, followed</p> <p>18 the sidewalk around the corner from the residence and continued</p> <p>19 northbound on Piedmont Road. The blood trail eventually went up the</p> <p>20 driveway to the first house North of Pinnacle Drive, across the front</p> <p>21 of the garage to the next house to the north, across the front of</p> <p>22 that garage, and eventually to the front door of the residence</p> <p>23 located.</p> <p>24</p> <p>25 CSI Deputies Clark and Leonard were on the scene</p> <p>26 and began the evidence processing and collection from the area.</p> <p>27 At approximately 1530 hours, Sergeant Carrasco and I cleared the</p> <p>28 scene on Pinnacle Road and responded to Sheriff's Headquarters to</p> <p>29 continue with the investigation.</p> <p>30</p>

W3 said there were numerous other 13 cell phones and electronics in the car, but she had not been using 14 any of them recently and she did not think any of them were actually 15 active. 16 17 I asked W3 about the male subject she had been up on 18 Sweigert Road with at the time of this incident. She was only able 19 to tell me she knew him by the nickname of (later 20 identified as S1) and she did not know his real name. She had 21 known him for a few years and met him through another friend quite a 22 while ago. He would come in and out of her life during that time, 23 and most of the time it was when he was hanging out with her brother 24 or other friends. They would usually spend time together when he 25 would come back into her life, but when he was out of her life for 26 long periods of time, they would not speak or see each other at all. 27 When they would spend time together, it would only be for a couple of 28 days, but then he would be gone and W3 would not hear 29 from him until he was hanging out with some of her other friends. 30

1 Earlier today, W3 was talking to S1 on the phone and									
2 happened to mention she had her car back. W3 was unable									
3 to tell me S1 telephone number because she had used her									
4 friend's phone to call S1. She got the number from one of her									
5 cell phones to make the call, but as she previously, stated the phone									
6 had been broken earlier in the day so she was unable to retrieve the									
7 phone number for us. They made plans to get together and agreed to									
8 meet at an apartment building in the area of 24th street and McKee									
9 Road in San Jose. W3 talked about how she had not seen									
10 S1 in a while because he was in jail and she did not know where									
11 he had been staying since his release from custody.									
12									
13 I asked W3 how it was that she knew S1 for so long,									
14 yet she did not know his name. W3 explained that S1									
15 had been introduced to her by his nickname and out									
16 of respect she did not ever bother asking what his actual name was.									
17 W3 thought she may have heard what S1 name was a									
18 long time ago, but had always known and referred to him as									
19, and could not now remember what she had heard was his									
20 real name.									
21									
22 I also asked W3 about the car S1 had used to drive									
23 away from the scene. She had first seen S1 in the car a few									
24 days ago and thought it belonged to S1. Other than that, W3									
25 did not have any information on the green sedan.									
26									
27 From information obtained by deputies on scene and at Regional Medical									
28 Center of San Jose, I was able to obtain a previous booking									
29 photograph of S1. I showed W3 the picture I had									
30 previously printed and asked if she knew who it was. W3

9 Upon completing our contact with W3 Sergeant Carrasco and									
10 I contacted W2 in a separate interview room at Sheriff's									
11 Headquarters, where she provided us with the following recorded									
12 statement.									
13									
14 STATEMENT OF WITNESS 2 :									
15									
16 W2 stated she has known W3 since she was									
17 approximately 12-13 years old and they later went to high school									
18 together. Approximately a month and half earlier, W2 and W3									
19 had gotten back in touch after not seeing each other for									
20 a while. During this time, W2 described W3 as									
21 always driving the white Chrysler and said it was her car.									
22									
23 W2 had met up with W3 earlier in the day, and									
24 together they met with S1 at a gas station in the area of									
25 Julian Street and Wooster Avenue in San Jose. W2 described it									
26 as being a Mobil gas station near the apartment complex where W3									
27 had picked her up just before meeting S1. W2									
28 did not know how W3 knew S1 but knew they had met									
29 with him in order to go somewhere to smoke marijuana.

<p>1 I began to ask W3 about her cell phone, and she corrected</p> <p>2 me to say she actually had two cell phones at the time of this</p> <p>3 incident, but the deputies on scene had taken them. She described</p> <p>4 the first phone as a brand new Motorola, Boost Mobile touchscreen</p> <p>5 phone that she used to take selfies of herself because she had not</p> <p>6 yet set it up for cellular service. This meant she could use the</p> <p>7 phone as a camera, and could not actually make telephone calls with</p> <p>8 it. Throughout the day, and while smoking marijuana with W3</p> <p>9 and S1 W2 took numerous selfies of herself</p> <p>10 by using this phone.</p> <p>11</p> <p>12 W2 described the second cell phone as her 'Obama Phone', which I</p> <p>13 asked her to explain further. W2 stated she is homeless and is</p> <p>14 therefore provided this cell phone free of charge in order to make</p> <p>15 emergency telephone contact with people if there are any problems.</p> <p>16 She described it as a black or blue Assurance phone with actual</p> <p>17 buttons to press for the numbers.</p> <p>18</p> <p>19 I explained our desire to conduct a search of the Motorola Boost</p> <p>20 Mobile phone in order to examine the photographs W2 may have</p> <p>21 taken while she was with W3 and S1. I also</p> <p>22 explained how the search could be conducted with her consent, if she</p> <p>23 was willing to provide us with permission to collect the phone and</p> <p>24 conduct the search. W2 agreed to provide consent to a search</p> <p>25 of her cell phone. I completed a Sheriff's Office Consent to Search</p> <p>26 Form listing W2 Motorola Boost Mobile phone as the place to</p> <p>27 be searched, which W2 signed in my presence.</p> <p>28</p> <p>29 W2 told us she had never been to the area of Sweigert Road prior</p> <p>30 to today, but stayed right there next to W3 car after</p>

<p>1 everything happened. She had left her phones sitting on top of her</p> <p>2 purse, on the passenger's side floorboard of W3 car</p> <p>3 after the shooting and never went back to get them. She had noticed</p> <p>4 deputies going through W3 car after the incident and</p> <p>5 assumed they had taken her phones from the car, but she was not sure.</p> <p>6</p> <p>7</p> <p>8 At the time of the incident, W2 said she had been standing</p> <p>9 outside of the passenger's side of W3 car looking for</p> <p>10 her identification. I asked W2 with her standing in that</p> <p>11 area, if she had a clear view of everything that occurred. W2</p> <p>12 said the whole incident happened right in front of her. She</p> <p>13 described it as 'Scary' and said, 'I thought that shit was crazy!'</p> <p>14</p> <p>15 W2 went on to say she did not know S1 had started his car</p> <p>16 and had no idea what he was going to do. As she was looking for her</p> <p>17 ID, she heard a loud 'Boom' and looked up to see S1 backing his</p> <p>18 car up after hitting the front of a patrol car. W2 told us the</p> <p>19 right side of S1 vehicle had run into the front of the first</p> <p>20 patrol car (W1 Randall's patrol car), which caused the loud 'Boom'.</p> <p>21 S1 backed his car up and then took off around the first patrol</p> <p>22 car. The second deputy (V1 Vandegraaf) came up and S1 drove</p> <p>23 forward to take off.</p> <p>24</p> <p>25 I asked W2 if it looked like S1 was going to hit V1</p> <p>26 Vandegraaf with his car. She stated it did not look like S1</p> <p>27 was going to hit V1 Vandegraaf or push him over the side of the</p> <p>28 cliff. She described S1 as trying to turn his car to get</p> <p>29 around the first patrol car, but there was not enough room. After</p> <p>30 hitting the patrol car, S1 backed up, and then went forward,</p>

1 but then had to turn his car again in order to avoid hitting the hill									
2 on the side of the road and go between the patrol cars and the hill.									
3 W2 agreed with me when I said the roadway between the cars and									
4 the hill was extremely thin and stated, ¿I don¿t know. From where I									
5 was standing it didn¿t look like he was, like coming straight at him									
6 like that, but he was close to him.¿									
7									
8 I showed W2 the same photograph I had previously shown to W3									
9 and asked if she knew who it was a photo of. W2									
10 said, ¿I think that¿s him¿. However, she also stated the photograph									
11 made the subject look younger than she remembered him being, but she									
12 thought it was the same subject because the facial hair looked to be									
13 the same. W2 said she had focused on the S1 mouth and									
14 chin area while they were smoking the marijuana before the deputies									
15 arrived. Therefore, from what she remembered about S1 mouth									
16 and facial hair, the subject in the photograph appeared to be the									
17 same subject.

22 she recalled hearing this, she was not exactly sure what the deputy

1 INVESTIGATION:

2 On 3/25/15, I was assigned to the Investigations Division as Detective

3 Sergeant in charge of the SAFE Task Force. At approximately 1145

4 hours, I was notified that deputies were involved in an Officer

5 Involved Shooting. Deputy Vandegraaf was identified as the deputy

6 who fired his weapon. Deputy Randall was identified as a witness

7 deputy.

8

9 Captain Rodriguez assigned Detective Gonzales and I to be with Deputy

10 Vandegraaf and Deputy Randall prior to be interviewed by other

11 detectives.

12

13 Deputy Vandegraaf arrived at Headquarters with Deputy Paul. I

14 assigned Detective Gonzales to stay with Deputy Vandegraaf. Deputy

15 Randall arrived at Headquarters with Deputy Zazaboi . Both deputies

16 involved were immediately separated and did not speak to each other.

17

18

19 Deputy Randall was placed in the small conference room on the third

20 floor, adjacent to the Lieutenant's office. Deputy Zazaboi stood by

21 with him.

22

23 Deputy Randall was photographed by CSI Detective Clark and released to

24 me.

25

26 At approximately 1330 hours, Deputy Zazaboi and I transported Deputy

27 Randall to the Holiday Inn located at 1350 N 4th Street in San Jose.

28 Prior arrangements had been made to have the involved deputies wait

29 in hotel rooms prior to be interviewed. Deputy Zazaboi and I

30 escorted Deputy Randall to room 246. Detective Gonzales escorted

13 (Lead), Sergeant Brown (Co-Lead), Sergeant Quinonez, Sergeant									
14 Cardenas, Detective Harper, Sergeant Leon (CSI Lead), Detectives									
15 Leonard, Mah, Tarazi, and Haselbach.									
16									
17 Captain Rodriguez informed us that Eastside patrol Deputies W1-Randall									
18 and V1-Vandegraaf responded to the area _____,									
19 unincorporated San Jose on a report of suspicious vehicles that may									
20 be doing drugs. W1-Randall arrived on scene first and made contact									
21 with two vehicles.									
22									
23 V1-Vandegraaf arrived on scene shortly thereafter and one of the									
24 drivers in a vehicle decided to drive away from the scene and									
25 directly at V1-Vandegraaf. V1-Vandegraaf discharged his service									
26 weapon at the (suspect) driver. The suspect driver was able to flee									
27 the scene and was not apprehended.

2 **SYNOPSIS OF PATROL BRIEFING:**

3

4 **At approximately 1320 hours, Sergeant Fisher gave a briefing about the**

5 **shooting incident. He stated W1-Randall and V1-Vandegraaf were**

6 **dispatched to a call for service regarding suspicious vehicles**

7 **possibly doing drugs on Sweigert Road. Sergeant Fisher stated**

8 **W1-Randall arrived on scene first followed shortly by V1-Vandegraaf.**

9

10

11 **Upon arrival, W1-Randall came upon two vehicles which were parked on**

12 **the west side of the roadway. W1-Randall made contact with the**

13 **occupants of those vehicles. When V1-Vandegraaf arrived on scene,**

14 **one of the drivers, later identified as S1- , decided to drive**

15 **away in the direction of V1-Vandegraaf. W1-Randall gave verbal**

16 **commands at S1- to stop his vehicle, but S1- did not**

17 **comply.**

18

19 **Instead, S1- drove the front of his vehicle into W1-Randall**

20 **patrol vehicle in an attempt to move it. S1- then reversed his**

21 **vehicle and then drove around W1-Randall's patrol vehicle and in the**

22 **direct pathway of where V1-Vandegraaf was approaching.**

23

24 **Fearing for his life, and with little time to react, V1-Vandegraaf**

25 **discharged his duty weapon at the S1- V1-Vandegraaf estimated**

26 **he fired about six times in S1- direction.**

27 **V1-Vandegraaf was able to avoid being struck by S1 fleeing**

28 **vehicle and was not injured.**

29

30 **S1- fled the scene without being apprehended.**

8 As the patrol briefing commenced, developing information regarding									
9 S1- status (being transported to San Jose Regional Hospital)									
10 by O02- was being confirmed. Additionally, S1- vehicle									
11 was located , which is approximately 1.3 miles									
12 from the shooting scene. S1- vehicle was abandoned in the									
13 driveway, with vehicle engine running, and blood evidence leading									
14 from that residence to O02- residence (approximately two									
15 houses away on									
16									
17 I was informed by Sergeant Woods that Deputy Camilleri was tasked to									
18 secure S1 vehicle and that scene until detectives and/or CSI									
19 team arrived.									
20									
21 At approximately 1335 hours, Sergeant Brown and I, along with members									
22 of the CSI team, Internal Affairs, and District Attorney's Office,									
23 viewed the inner perimeter of the shooting scene. Our tour of this									
24 scene was conducted by Deputy Ford. Deputy Ford was one of the first									
25 officers on scene after the shooting had occurred. For complete									
26 details of the shooting crime scene, refer to Detective Tarazi's

2 V1-Vandegraaf said he terminated his vehicle stop, by giving the									
3 driver a warning, and returned to his patrol vehicle to look at the

10 V1-Vandegraaf advised dispatch over his radio that he was responding

5									
6 V1-Vandegraaf said his driver's door was next to the guard rail, and									
7 he wanted to get up towards W1-Randall's position, so he began to									
8 make his way in-between the two patrol vehicles when he heard									
9 W1-Randall shouting something to the effect of, "Stop, Halt."									
10 V1-Vandegraaf became concerned because he thought W1-Randall was									
11 having a problem with W2- and W3- . V1-Vandegraaf said he

<p>1 remembered hearing the revving of the engine (coming from the green</p> <p>2 vehicle). V1-Vandegraaf described it as not like a screeching sound,</p> <p>3 but more like the sound of the motor increasing.</p> <p>4</p> <p>5 V1-Vandegraaf gave his best visual estimation of the green vehicle</p> <p>6 being a few feet away from him or approximately one car length away,</p> <p>7 based on the position of where it was parked. Again, V1-Vandegraaf</p> <p>8 said he truly believed he was about to get run over by the green</p> <p>9 vehicle and thought to himself for a split second, "This is real."</p> <p>10</p> <p>11 V1-Vandegraaf said he believed he gave several commands, pointed his</p> <p>12 firearm at the driver, fired the first shot and continued to shoot as</p> <p>13 the vehicle drove past him. V1-Vandegraaf said when he realized the</p> <p>14 vehicle drove past him, it was no longer a threat and he stopped</p> <p>15 firing.</p> <p>16</p> <p>17 V1-Vandegraaf said he walked back to his patrol vehicle, gave his</p> <p>18 radio traffic as "Code 4" but immediately recognized this was not</p> <p>19 what he intended to say, and corrected his radio traffic to "Code</p> <p>20 3;shots fired."</p> <p>21</p> <p>22 V1-Vandegraaf said after he put out his radio traffic, he saw</p> <p>23 W1-Randall had W2- and W3- on the ground, so he holstered</p> <p>24 his weapon and ran over to assist W1-Randall. V1-Vandegraaf said</p> <p>25 they secured W2- and W3- in separate patrol cars and waited</p> <p>26 for additional sheriff units to arrive.</p> <p>27</p> <p>28 V1-Vandegraaf said while he waited for additional sheriff units to</p> <p>29 arrive, he noticed two of his shell casings were on the pavement</p> <p>30 close by to his patrol vehicle. 1 decision to walk down the hill (in a southbound direction) so he find
2 an appropriate location to block off the roadway (in an effort to
3 preserve the crime scene). The first unit to arrive on scene was
4 Deputy Nguyen, so V1-Vandegraaf told her to block the roadway with
5 her patrol vehicle and to get (yellow) crime scene tape and also
6 place it across the roadway.
7
8 I asked V1-Vandegraaf if he knew who W2- or W3- were and if
9 they tried talking to him. V1-Vandegraaf said he did not know who
10 the two females were and didn't know which one was in whose patrol
11 car, but the one who was secured inside his patrol car tried talking
12 with him. I asked V1-Vandegraaf what she asked him. V1-Vandegraaf
13 said she asked if he could retrieve some phone numbers from her cell
14 phone. V1-Vandegraaf told her he could not, but other deputies were
15 responding and would be able to assist her.
16
17 V1-Vandegraaf said he stayed down the hill with Deputy Nguyen as
18 additional sheriff and police units began to arrive. V1-Vandegraaf
19 said he waited with Deputy Paul and waited for a supervisor to
20 respond. I asked V1-Vandegraaf if he talked with anybody about what
21 happened and he said, "No."
22
23 V1-Vandegraaf said he noticed as more police units arrived, they were
24 asking how they could assist, and V1-Vandegraaf (a former CSI
25 detective), told them not to touch or disturb anything in the crime
26 scene because it has to be preserved.
27
28 V1-Vandegraaf said he gave a public safety statement to Lieutenant
29 Durr and Sergeant Fisher about how many rounds he fired and in which
30 direction. A decision was made that this statement could be

8 STATEMENT CONTINUED:									
9									
10 I obtained a large white board and drew a very rudimentary picture of									
11 the crime scene (not to scale) of Sweigert Road. I placed objects on									
12 the white board to identify police vehicles, suspect vehicle, witness									
13 vehicle, and police personnel (V1-Vandegraaf and W1-Randall).									
14									
15 I had V1-Vandegraaf place these objects on the white board as the									
16 incident unfolded after he parked his patrol car. After each									
17 movement of an object or police personnel, I took a still image									
18 photograph depicting these movements. (See attached photo CD; also									
19 refer to video interview of V1-Vandegraaf).									
20									
21 V1-Vandegraaf said he had never been involved in an officer involved									
22 shooting before.									
23									
24 V1-Vandegraaf said he put on his rear amber lights to his patrol									
25 vehicle when he arrived on scene and therefore the dashboard camera									
26 was not activated to record.

2 I had a telephone conversation with Sergeant Quinonez who said									
3 S1- was released from the hospital and booked into the County									
4 Jail for this crime. Sergeant Quinonez said he and Detective Harper									
5 read S1- his Miranda rights at the County Jail and attempted to

10 refer to Detective Harper's supplemental report.									
11									
12 Sergeant Quinonez also provided information that 002- residence									
13 was being searched pursuant to a search warrant. Sergeant Cardenas

1 SUPPLEMENTAL REPORT									
2									
3 INVESTIGATION:									
4									
5 On 4-9-2015, I was a Detective with the Santa Clara County Sheriff's									
6 Office. I was also a member of the Crime Scene Investigation (CSI)									
7 team. I was tasked with processing a Green Oldsmobile Intrigue									
8 for any evidence and document									
9 trajectory of the bullets that struck the vehicle. The vehicle was									
10 being stored at the Sheriff's Office Evidence Garage.									
11									
12 At approximately 0900 hours, Detective Ledezma and I began processing									
13 the vehicle for evidence. I took digital pictures of the exterior,									
14 interior and all items located within the vehicle. I also took close									
15 up pictures of the damage to the vehicle.									
16									
17 There were three distinct bullet entry points into the vehicle. The									
18 first bullet hole (labeled A) was located on the hood of the vehicle.									
19 The hole went through the hood, indicating the bullet traveled into									
20 the engine area of the vehicle. I was unable to find the bullet in									
21 the engine area nor was I able to find another bullet hole inside the									
22 engine area. I was unable to determine the trajectory of the bullet									
23 that created this hole.									
24									
25 The second bullet hole (labeled b) was located on the passenger side									
26 front windshield of the vehicle near the front dashboard. The bullet									
27 was lodged approximately 1cm into the front dashboard. I was able to									
28 retrieve this bullet. I was unable to determine the trajectory of the									
29 bullet that created this hole.

2 W3- left the building at approximately 1400 hours.									
3									
4 INVESTIGATION CONTINUED:									
5									
6 On Wednesday, 04/22/15, my partner Sergeant Brown and I were reviewing									
7 the L3 in-car camera video system to determine if any of the patrol									
8 vehicles on the day of the incident (03/25/15) had downloaded									
9 videos.									
10 We found two patrol vehicles had downloaded videos.									
11									
12 Vehicle #12703:									
13 Deputy Nguyen's assigned marked Sheriff's patrol vehicle for that day									
14 was #12703. Her in-car video shows her driving Code 3 on Piedmont									
15 Road enroute to Sweigert Road. When Deputy Nguyen begins traveling									
16 up Sweigert Road, S1- vehicle comes into view who is driving									
17 down Sweigert and right towards Deputy Nguyen.									
18									
19 S1- vehicle is driving at a high rate of speed and as Deputy									
20 Nguyen and S1- get closer to each other, it appears as if they									
21 are going to collide head to head. At the last minute, S1-									
22 vehicle maneuvers to (his left) and drives in the opposite lane of									
23 traffic to avoid Deputy Nguyen's patrol vehicle.									
24									
25 Deputy Nguyen has to make a three point u-turn to maneuver her patrol									
26 vehicle in the direction S1- vehicle fled. Deputy Nguyen									
27 travels back down Sweigert Road onto Old Piedmont Road through a									
28 residential neighborhood. Deputy Nguyen never regains a visual									
29 sighting of S1- vehicle and eventually returns to assist									
30 V1-Vandegraaf and W1-Randall.

5 INVESTIGATION:								
6								
7 On 03/25/2015, I was assigned as a Detective in the Santa Clara County								
8 Sheriff's Office Investigative Services Division. I was also a								
9 member of the Crime Scene Investigations (CSI) Team. At								
10 approximately 1153 hours, I was notified by Captain Rodriguez #1659								
11 of an officer-involved shooting incident, which occurred on Sweigert								
12 Road near Geist Court in Unincorporated San Jose.								
13								
14 Detective Tarazi #2029 and I arrived on scene at approximately 1318								
15 hours. On scene we met with Detective Mah #2055 and Detective								
16 Sergeant Leon #1685, also members of the CSI Team.								
17								
18 At approximately 1325 hours, we attended a briefing led by Patrol								
19 Sergeant Fisher #1915. Sergeant Fisher explained at approximately								
20 1115 hours, Deputy Randall #1736 and Deputy Vandegraff #1787 had								
21 responded to a report of suspicious vehicles containing several								
22 subjects possibly smoking marijuana on Sweigert Road. Deputy Randall								
23 was driving Patrol Vehicle #303 (County Vehicle #13703). Deputy								
24 Vandegraff was driving Patrol Vehicle #414 (County Vehicle #14714).								
25 Upon their arrival, Deputy Randall and Deputy Vandegraff located two								
26 vehicles and exited their patrol vehicles. One of the vehicles								
27 immediately began driving down the narrow road and rammed the front								
28 of Deputy Randall's patrol vehicle. The vehicle proceeded to								
29 continue driving down the hill, aiming at Deputy Vandegraff. Deputy								
30 Vandegraff fired several rounds at the vehicle from his department

1 issued firearm, however the vehicle was able to flee the scene.									
2 Deputy Nguyen #2166 arrived on scene just after the shooting									
3 occurred. Deputy Nguyen was driving Patrol Vehicle #203 (County									
4 Vehicle #12703). Deputy Nguyen attempted to pursue the suspect									
5 vehicle as it passed her, but she was unable to turn around in time.									
6 Deputy Nguyen returned to the scene of the shooting. All three									
7 patrol vehicles were still located where they were at the time of the									
8 incident. The second vehicle, a two-door, cream-colored Chrysler									
9 Sebring was still on scene and parked									
10 where the deputies had located it. Briefing concluded at									
11 approximately 1342 hours.

1 SUPPLEMENTAL REPORT:									
2									
3 On 04/09/2015, I was assigned as a detective in the Santa Clara County									
4 Sheriff's Office Investigations Bureau.									
5									
6 At approximately 0900 hours, Detective Tarazi and I executed a search									
7 warrant on a green 1998 Oldsmobile . The									
8 vehicle was located at the Sheriff's Office Evidence Yard.									
9									
10 Detective Tarazi photographed the inner and outer portions of the									
11 vehicle.									
12									
13 I searched the vehicle, whose evidence seals were still intact, and									
14 seized the following items as evidence:									
15									
16 VEHICLE SEARCH/EVIDENCE COLLECTION:									
17									
18 I opened the driver's side door of the vehicle. I observed what									
19 appeared to be dried blood stains throughout the driver's side door									
20 panel, steering wheel, driver's side floorboard, center console, and									
21 dashboard area.									
22									
23 Item 1:									
24 At approximately 1057 hours, I used a clean set of latex gloves and									
25 face mask and collected one (1) sample that appeared to be a blood									
26 stain from the interior driver's side door panel. I collected one (1)									
27 control sample from a nearby area of the interior driver's side door									
28 panel. I used two (2) sanitary cotton tips to collect both samples. I									
29 placed both samples in separate evidence packages.

1 INVESTIGATION:									
2									
3 On Wednesday 3-25-2015, I was on duty and assigned as a Sheriff's									
4 Office Homicide Investigator as well as the Crime Scene									
5 Investigations (CSI) Unit supervisor.									
6									
7 At approximately 1130 hours, I received a text message from CSI Tarazi									
8 #2029 on my issued cell phone advising me of a pending Homicide Unit									
9 and CSI unit call-out for an Officer Involved Shooting (OIS)									
10 incident. CSI Tarazi relayed that Investigations Division Captain									
11 Rodriguez #1659 was requesting all on-duty Homicide and CSI personnel									
12 to immediately respond to the Investigations Division conference room									
13 for a briefing on the incident.									
14									
15 INITIAL INCIDENT BRIEFING:									
16									
17 At approximately 1150 hours, I joined other members of the									
18 investigative team in the conference room for the briefing. Captain									
19 Rodriguez advised us that at approximately 1056 hours, uniformed									
20 patrol deputies assigned to the East Side District of the									
21 Headquarters Patrol Division were dispatched via cell phone to the									
22 area of Sweigert Road and Geist Court on a report of possible									
23 drug-related activity occurring between two carloads of subjects									
24 parked on Sweigert Road. It was dispatched via cell phone because									
25 the reporting party stated the subjects had radio scanners. W01									
26 Deputy Randall #1736 and V01 Deputy Vandegraaf #1787 each responded									
27 to the call in their individual patrol cars.									
28									
29 W01 Deputy Randall and V01 Deputy Vandegraaf arrived at the scene and									
30 located two parked cars with subjects inside. At some point, the

1 driver (S01) of one of the involved cars attempted to flee the scene.								
2 While doing so, S01 accelerated directly at V01 Deputy Vandegraaf,								
3 who was out of his patrol car and on foot. As a result, V01 Deputy								
4 Vandegraaf fired four shots from his duty pistol at S01, who								
5 continued to flee.								
6								
7 Not long after S01 fled the scene, a male matching the description of								
8 S01 arrived at San Jose Regional Medical Center with a reported								
9 accidentally self-inflicted gunshot wound to his left side. (Note:								
10 Later determined to be his left hand).								
11								
12 Preliminary information was that there were two civilian witnesses in								
13 addition to W01 Deputy Randall, who did not fire his duty weapon.								
14 W01 Deputy Randall's and V01 Deputy Vandegraaf's patrol cars remained								
15 at the scene along with one civilian vehicle. W01 Deputy Randall and								
16 V01 Deputy Vandegraaf were individually being transported to the								
17 Sheriff's Office as were the two civilian witnesses.								
18								
19 Sergeant Carrasco #1643 and Sergeant Brown #1688 of the Homicide Unit								
20 were designated as the Lead investigators. I was designated as the								
21 Lead CSI. We developed an investigative plan. I assigned CSI Clark								
22 #1966 to remain at the Sheriff's Office to photograph and process V01								
23 Deputy Vandegraaf for evidence. I assigned CSI Leonard #1875 to								
24 respond to San Jose Regional Medical Center to photograph and process								
25 S01, who was believed to be the individual with the gunshot wound,								
26 for evidence. Homicide Unit Sergeant Quinonez #1644 would accompany								
27 CSI Leonard. CSI Haselbach #2033, CSI Mah #2055, CSI Tarazi, and I								
28 would respond to and process the shooting scene. Detective Sergeant								
29 Cardenas #1683 and Detective Harper #1986 would assist the Homicide								
30 investigators as needed.

5								
6 At approximately 1320 hours, CSI Mah and I arrived at the Command Post								
7 which was located on Sweigert Road east of Geist Court.								
8								
9 SCENE INCIDENT BRIEFING:								
10								
11 At approximately 1325 hours, CSI Mah and I met with the on-scene								
12 personnel for an incident briefing. Among those present from the								
13 Investigation Division were Captain Rodriguez, Sergeant Carrasco,								
14 Sergeant Brown, CSI Haselbach, CSI Tarazi, CSI Mah and myself. Among								
15 those present from the Headquarters Patrol Division were Captain

20 Counsel was Sergeant G. Davis. Among those present from the Santa								
21 Clara County District Attorney's Office were Deputy District Attorney								
22 Bernhard, Investigator Berry and Investigator Stevenson.								
23								
24 Headquarters Patrol Sergeant Fisher advised us that at approximately								
25 1115 & 1130 hours, W01 Deputy Randall, V01 Deputy Vandegraaf and								
26 Deputy Nguyen #2166 each responded to Sweigert Road on a report of								
27 drug-related activity consisting of two suspicious vehicles occupied								
28 by numerous subjects smoking marijuana and in possession of radio								
29 scanners. W01 Deputy Randall arrived first followed by V01 Deputy								
30 Vandegraaf.

2 At some point, W01 Deputy Randall and V01 Deputy Vandegraaf exited									
3 their patrol cars. At some point S01, who was driving a green sedan									
4 (suspect vehicle) and described as a black male with short black hair									
5 and a goatee, fled from the deputies by driving his car directly at									
6 V01 Deputy Vandegraaf. As a result, V01 Deputy Vandegraaf fired four									
7 shots from his duty pistol at S01. W01 Deputy Randall did not fire									
8 his duty pistol.									
9									
10 We were told that V01 Deputy Vandegraaf's line of fire was in a									
11 general direction towards the hillside bordering Sweigert Road with									
12 the hillside as the backdrop. (Note: We later learned from Deputy									
13 Ford that V01 Deputy Vandegraaf's initial line of fire was in an									
14 uphill eastern direction generally following the roadway path with									
15 the Chrysler vehicle, open fields, foliage and rolling hills as the									
16 backdrop. Refer to Scene Description section.)									
17									
18 Prior to driving his car towards V01 Deputy Vandegraaf, S01 struck the									
19 front of W01 Deputy Randall's patrol car with the suspect vehicle.									
20 W01 Deputy Randall's patrol car sustained minor front end damage as a									
21 result of S01's actions.									
22									
23 V01 Deputy Vandegraaf and W01 Deputy Randall were unhurt as a result									
24 of the incident. At the time of the shooting, it was unknown if S01									
25 was struck by V01 Deputy Vandegraaf's gunfire.									
26									
27 As Deputy Nguyen was on Sweigert Road and nearing the scene, the green									
28 sedan (suspect vehicle) being driven by S01 passed her going downhill									
29 and in the opposite direction of her travel. Deputy Nguyen described									
30 the green sedan as being driven in an erratic manner and noticed that

9 At approximately 1343 hours, CSI Clark called and advised me that he									
10 had completed his photographing and processing of V01 Deputy									
11 Vandegraaf. CSI Clark advised me that he had collected and visually									
12 inspected V01 Deputy Vandegraaf's duty pistol. CSI Clark found there									
13 to be 1 unfired bullet in the chamber and 11 unfired bullets in the									
14 magazine which was in the pistol. Both of V01 Deputy Vandegraaf's									
15 extra magazines were full, with each magazine containing 17 unfired									
16 bullets. There were a total of 46 unfired bullets. (Note: If V01									
17 Deputy Vandegraaf loaded his duty pistol as recommended, he would									
18 have had a total of 52 unfired bullets in his duty pistol prior to									
19 the shooting incident. This would have consisted of 17 unfired									
20 bullets in each of his 3 magazines plus 1 unfired bullet in the									
21 chamber of his duty pistol.)									
22									
23 At approximately 1347 hours, myself and other members of the									
24 investigative team entered and viewed the scene for the first time.									
25 We checked in with Deputy Navarro #1667 who was posted at the inner									
26 perimeter police barrier tape line along the western end of the

2 The OIS incident occurred on Sweigert Road which is located along the									
3 east foothills of Santa Clara County. Sweigert Road generally runs									
4 in an east-to-west direction and consists of a two-lane paved									
5 roadway. The OIS incident occurred in an area of Sweigert Road east									
6 of Geist Court. If travelling east on Sweigert Road from Geist									
7 Court, the roadway travels uphill in what was later measured to be an									
8 approximate 5 degree incline and curves to the left and then back to									
9 the right in somewhat of an "S" curve. It was in the area of what									
10 could be described as the top of the "S" curve that the OIS incident									
11 took place. It is in this same area that the roadway narrows with a									
12 steep hillside bordering the south edge of the roadway and a									
13 guardrail with a steep drop-off bordering the north edge of the									
14 roadway. There are various vegetation, trees and shrubs bordering									
15 segments of Sweigert Road with several clearly visible "No Stopping									
16 Any Time" signs posted along this section of Sweigert Road.									
17									
18 While walking uphill from the inner perimeter police barrier tape									
19 line, the first vehicle we came to was marked Sheriff's Office patrol									
20 car unit #203 which was determined to having been driven by Deputy									
21 Nguyen. Unit #203 had its engine running and was positioned facing									
22 uphill or east on Sweigert Road. Unit #203 was on the right (south)									
23 side to middle of the paved roadway.									
24									
25 Continuing uphill on Sweigert Road for an approximate distance of more									
26 than 100 feet, the second vehicle we came to was marked Sheriff's									
27 Office patrol car unit #414 which was determined to having been									
28 driven by V01 Deputy Vandegraaf. V01 Deputy Vandegraaf's patrol car									
29 had its engine running and was positioned facing uphill or east on

7 Continuing uphill on Sweigert Road for an approximate distance of 10

9 car unit #303 which was determined to having been driven by W01

10 Deputy Randall. W01 Deputy Randall's patrol car, unknown if running

11 or not, was positioned facing uphill or east on Sweigert Road. It

12 was on the left (north) side of the paved roadway and only a few feet

14

15 Continuing uphill on Sweigert Road for an approximate distance of 30

16 feet, the fourth vehicle we came to was a white colored, two-door

17 Chrysler civilian vehicle bearing . The Chrysler

18 vehicle was positioned facing downhill or west on Sweigert Road,

19 facing W01 Deputy Randall's patrol car. It was on the left (north)

Of particular note were 4 spent shell casings located to the</p> <p>5 front and front right passenger side areas of V01 Deputy Vandegraaf's</p> <p>6 patrol car. (Note: A 5th spent shell casing was later found along</p> <p>7 the front left driver's side of the patrol car.) Deputy Ford told us</p> <p>8 that the initially responding deputies had used 3x5 cards to mark the</p> <p>9 spent shell casing locations but some of the casings had since rolled</p> <p>10 from their initial location as a result of the wind.</p> <p>11</p> <p>12 Deputy Ford told us that W01 Deputy Randall told him that V01 Deputy</p> <p>13 Vandegraaf's initial line of fire was in an uphill eastern direction</p> <p>14 generally following the roadway path with the Chrysler vehicle, open</p> <p>15 fields, foliage and rolling hills as the backdrop. 1 patrol car. This was done under my direct supervision and									
2 observation. I then escorted her out of the scene with those items.									
3 It was at this time that I turned off this patrol car's engine.									
4									
5 At approximately 1545 hours and at the request of Investigations									
6 Division Captain Rodriguez, I retrieved both of V01 Deputy									
7 Vandegraaf's wallets and his personal keys from the front passenger									
8 compartment area of V01 Deputy Vandegraaf's patrol car. I delivered									
9 these items to Captain Rodriguez outside of the scene.									
10									
11 At approximately 1640 hours, Reserve Deputy Guarascio, who was									
12 assigned to guard the east entrance to the crime scene, allowed a									
13 male resident to drive downhill into the scene in order to go to									
14 work. I stopped the resident in the area of W01 Deputy Randall's									
15 patrol car and before reaching the location of the spent shell									
16 casings which were on the roadway. I directed the resident to exit									
17 the scene via the route he entered. CSI Tarazi escorted the resident									
18 out of the scene. No known items of evidence were disturbed by the									
19 resident. I learned this entry was the result of miscommunication									
20 between Reserve Deputy Guarascio and Sergeant Fisher.									
21									
22 At approximately 1720 hours and after evidence items were documented									
23 and collected from the roadway, I allowed supervised and controlled									
24 access through the crime scene only to residents in recognition of									
25 the fact that there is no other entry/egress route to the residences									
26 further uphill or east of the OIS incident scene.									
27									
28 At approximately 2120 hours, we concluded our tasks and released the									
29 scene.

12 All times in this report are approximate.									
13									
14 At 1130 hours, I was advised of an officer-involved-shooting that									
15 occurred on Sweigert Road in unincorporated San Jose. Captain									
16 Rodriguez advised all CSI and homicide detectives to meet for a									
17 briefing.									
18									
19 At 1150 hours, Captain Rodriguez advised me;									
20									
21 -Patrol deputies responded to a call of a suspicious circumstance,									
22									
23 -A vehicle drove towards Deputy Vandegraaf #1787 which caused him to									
24 discharge his weapon,									
25									
26 -Deputy K. Randall #1736 witnessed the incident,									
27									
28 -Two subjects arrived at San Jose Regional Hospital and one had a									
29 gun-shot-wound, and

1 -There were two witnesses on Sweigert Road.									
2									
3 Sergeant Carrasco #1643 identified himself as the lead homicide									
4 detective and Sergeant Leon #1685 identified himself as the CSI lead									
5 detective. Sergeant Leon assigned me to respond to the San Jose									
6 Regional Hospital to process any evidence at that location and to									
7 photograph the subject with the gun-shot-wound (later identified as									
8 S1).									
9									
10 At 1240 hours, I responded to the San Jose Regional Hospital and									
11 arrived at 1300 hours. When I arrived at the hospital, I saw									
12 Sergeants Quinonez #1644 and Cardenas #1683 talking to O1									
13 and his wife, O2 .									
14									
15 I heard O2 identify herself as a registered owner of a blue 2007									
16 Toyota Corolla and gave the Sheriff's Office permission									
17 to search it. I gave Sergeant Quinonez a Sheriff's Office Consent to									
18 Search form. He explained the form to O2 ; afterwards, she									
19 signed the form.									
20									
21 I walked to the southern end of the parking lot where I saw Detective									
22 Galan #2137 vehicle blocking the Toyota Corolla. O1 was									
23 standing next near the vehicle with the keys. O1 gave me the									
24 keys for the vehicle. I took several digital photographs of the									
25 vehicle (refer to the photo log below). After photographing the									
26 vehicle, I donned rubber gloves and searched the car. I saw several

2 who owned the black bag. O2 said, "That ain't my shit. My									
3 shit is the other stuff." I showed O2 the black bag where she									
4 confirmed it was not hers. O2 said I could take the black bag									
5 because it was not hers.									
6									
7 Detective Galan gave me a large paper bag. I placed the black bag									
8 into the large paper bag and secured it in Detective Galan's vehicle.									
9 Detective Galan told me she also took possession of all S1									
10 clothing from the hospital and secured it in her trunk. Detective									
11 Galan told me that she individually packaged all of the clothing									
12 items into separate paper bags.									
13									
14 At 1326 hours, Sergeant Cardenas called me and told me the doctor was									
15 going to remove S1 bandages so I could photograph the									
16 gun-shot-wound.									
17									
18 At 1335 hours, I released O2 vehicle back to her and gave her									
19 the keys. At 1338 hours, I transferred all of the evidence that									
20 Detective Galan had inside her vehicle to my van.									
21									
22 At 1345 hours, I arrived in the Emergency Department where S1									
23 was laying on a hospital bed in a hallway. S1 was lying in an									
24 elevated supine position. I saw S1 right hand was sealed by a									
25 brown paper bag. Detective Galan told me the hospital staff placed									
26 the paper bag on S1 hand.									
27									
28 I saw S1 left hand was wrapped in a brown elastic bandage with

1 collected the bandage and gauze that was applied to the left hand for									
2 potential gun-shot-residue (GSR) evidence.									
3									
4 At 1405 hours, I removed the paper bag that sealed S1 right									
5 hand and placed it in a separate paper bag. I prepared a new GSR									
6 collection kit for both of S1 hands. Prior to collecting the									
7 GSR evidence, I donned a new pair of rubber gloves. I opened the GSR									
8 kit and collected potential GSR evidence from both of S1									
9 hands. Once I collected the GSR evidence, I sealed the GSR kit with									
10 the evidence tape supplied in the kit. I placed the GSR kit into a									
11 paper bag.									
12									
13 At 1430 hours, I secured all of the evidence that I collected from S1									
14 and secured it in my van. I called Sergeant Leon who advised									
15 me to respond in the city of San Jose.									
16 Sergeant Leon told me the vehicle that S1 drove was located									
17 there and CSI Detective Clark #1966 was on scene.									
18									
19 I arrived at Pinnacle Drive and Piedmont Road at approximately 1445									
20 hours. I saw yellow crime scene tape strung									
21 . I saw deputies Camilleri and Groba providing									
22 scene security. As I approached , I saw a green									
23 4-door Oldsmobile Intrigue, bearing California license plate .									
24 I saw that the vehicle had several bullet strike marks, broken glass									
25 on the passenger side windows, and on the windshield.									
26									
27 At approximately 1520 hours, I entered the scene around the vehicle									
28 parked in front . I saw a large amount of a

 5
 6 I took several digital photographs of this scene (see the photo log
 7 below). At approximately 1645 hours, San Jose Tow responded and took
 8 possession of the green Oldsmobile Intrigue after it was sealed.
 9
 10 Sergeant Cardenas advised me he was in the process of writing a search
 11 warrant for . At approximately 2000 hours,
 12 Sergeant Cardenas arrived at with a signed search
 13 warrant. Sergeants Cardenas and Quinonez gave the property owner, O1
 14 a copy of the search warrant and he gave us a key to the
 15 front door.
 16
 17 After I gave knock and notice at the front door, entry was made, and
 18 the residence was secured. I took digital photographs of the scene
 19 and CSI Detective Clark collected the items that we located
 20 .
 21
 22 At approximately 2157 hours, after the scene was processed, it was
 23 terminated. Sergeant Quinonez gave O1 a Sheriff's Office

9 INVESTIGATION:								
10								
11 On 3-25-2015, I was a detective with the Santa Clara County Sheriff's								
12 office. I was also a member of the Crime Scene Investigations team.								
13 At approximately 1153 hours, I attended a briefing lead by Captain								
14 Rodriguez, who provided us with the following facts:								
15								
16 At approximately 1056 hours, Deputy Vandergraaf had fired his firearm								
17 in the area in San Jose. Deputy Vandergraaf								
18 fired his firearm four times in the direction of a vehicle trying to								
19 run him over. It was unknown if the bullets hit the vehicle, but								
20 there was broken glass in the area. A black male adult (later								
21 identified as the suspect) was at San Jose Regional Hospital and was								
22 holding his side and had claimed to have had shot himself.								
23								
24 At approximately 1318 hours, I arrived at the command post near								
25 . At approximately 1322 hours, Sergeant Fisher provided								
26 a briefing with the facts he knew at the time. Sergeant Fisher								
27 indicated Deputy Vandergraaf had fired in the direction of the hill								
28 side, no residences nor anyone else in the area had been hit by the								
29 bullets. No deputies were injured in the incident. Sergeant Fisher								
30 said several casing had been found and Deputy Randall's patrol

1 vehicle had been hit by the fleeing vehicle.

3 Detective Haselbach, Detective Mah, Sergeant Leon and I were assigned									
4 to process the crime scene. My primary duty was to notate the									
5 collection of evidence, the evidence's location and take general									
6 measurements of the area. I also assisted the other detectives with									
7 their tasks. Due to the rural area of the roadway, the lack of									
8 significant landmarks and the fact the roadway was curved, I used GPS									
9 coordinates accurate to the hundred-thousandths decimal point to									
10 determine the location of specific items at the scene. These									
11 coordinates are approximates as GPS accuracy can differ depending on									
12 several factors. All other measurements were taken by measuring tape									
13 and are approximates.									
14									
15 DESCRIPTION OF SCENE:									
16									
17 The area of shooting took place on Sweigert Road which runs north to									
18 south. The location of the shooting was approximately 659 feet above									
19 sea level. The roadway is narrow, measuring at 22 feet wide. To the									
20 east of the roadway is a hillside that goes uphill and to the west of									
21 the roadway there is a hillside that goes downhill, which is									
22 separated from the roadway by a metal guard rail.									
23									
24 Traveling north is uphill and traveling south is downhill. I took									
25 measurements using an angle finder every 50 feet for 400 feet to									
26 determine the average slope of the hill and determined it to have an									
27 incline of 5.7 degrees south to north.									
28									
29 The roadway was also slopped east to west, west being uphill from									
30 east. The area between Deputy Randall's patrol vehicle (303) and

1 Deputy Vandergraaf's patrol vehicle (414) had an incline of 4.5									
2 degrees east to west.									
3									
4 The northbound lane (were the patrol vehicles were parked) had a guard									
5 rail to the west (driver side of patrol vehicles). This hill had a									
6 steep slope of 14.1 degrees and traveled downhill.									
7									
8 A Chrysler was parked in the northbound									
9 lane but was facing southbound. Deputy Randall's patrol vehicle was									
10 stopped in the northbound lane facing northbound and was 29 feet 10									
11 inches south of the Chrysler.									
12									
13 Deputy Vandergraaf's patrol vehicle was stopped in the northbound lane									
14 facing northbound and was stopped behind Deputy Randall's patrol									
15 vehicle. The driver side portion of the rear bumper of Deputy									
16 Vandergraaf's patrol vehicle was 13 feet 4 inches south of the driver									
17 side portion of Deputy Randall's patrol vehicle rear bumper. The

21 bumper of Deputy Vandergraaf's patrol vehicle was 12 feet 7 inches									
22 south of the rear passenger portion of the rear bumper of Deputy									
23 Randall's patrol vehicle.									
24									
25 The distance from the edge of the roadway to the guardrail was two									
26 feet.									
27

8 INVESTIGATION:			
9			
10 I am a detective assigned to the Investigative Services Division with			
11 the Santa Clara County Sheriff's Office. At the time of this event I			
12 was assigned to the Law Enforcement Investigates Human Trafficking			
13 (LEIHT) taskforce. As a collateral duty, I was assigned to the Crime			
14 Scene Investigations (CSI) Unit.			
15			
16 On 13-25-2015 at approximately 1130 hours, CSI Detective Tarazi			
17 notified me via text message an officer involved shooting (OIS) just			
18 occurred. He requested I report to the Headquarters facility for			
19 briefing.			
20			
21 I changed into my CSI uniform and drove to the Headquarters facility.			
22 I arrived at approximately 1205 hours. Det. Tarazi and Det.			
23 Haselbach told me Deputy Vandegraaf discharged his Glock service			
24 handgun at a suspect who attempted to hit him with a moving vehicle.			
25 The incident occurred in the area			
26 in unincorporated San Jose. Dep. K. Randall was in the			
27 vicinity of Dep. Vandegraaf when he discharged his weapon. Based on			
28 the information at this time, it did not appear Dep. Randall			
29 discharged his handgun.

1 CSI Sgt. Leon requested I remain at the Headquarters facility to								
2 photograph Dep. Vandegraaf and Dep. Randall. He also requested I								
3 seize Dep. Vandegraaf's Glock duty firearm and magazines.								
4								
5 At approximately 1230 hours, I met with Dep. Vandegraaf in the CSI								
6 processing room. I did not observe any physical injuries on his								
7 person. I did not observe any obvious rips, tears, or other damage								
8 to his uniform, duty belt, or boots.								
9								
10 I photographed Dep. Vandegraaf in uniform while still donning his duty								
11 belt with sidearm and magazines holstered.								
12								
13 INVESTIGATION CONTINUED:								
14								
15 After I finished photographing Dep. Vandegraaf's person, I requested								
16 he remove his Glock issued sidearm from his holster and place the								
17 firearm in an evidence box. At approximately 1306 hours, he removed								
18 his firearm and placed the firearm in the evidence container as								
19 directed. I observed the firearm contained a magazine inserted into								
20 the magazine well. The slide action remained in a closed position.								
21 At this point, I was unsure if the firearm was loaded with a								
22 cartridge in the chamber.								
23								
24 At approximately 1307 hours, Dep. Vandegraaf removed his two extra								
25 magazines from his magazine pouches on his duty belt. He placed the								
26 magazine from the top pouch in one paper bag and he placed the								
27 magazine from the lower pouch in a separate paper bag.

11 CRIME SCENE OBSERVATIONS:

12

13 Pinnacle Drive is a residential street with an east/west orientation.

14 Pinnacle Drive intersects with Piedmont Road. Piedmont Road is a

15 residential street with a north/south orientation.

16 is located on the corner of westbound Pinnacle Drive at the

17 intersection of Piedmont Road.

18

19 appeared to be a single story detached family

20 dwelling. There was yellow caution tape cordoned off the residence

21 and sidewalk in front of the residence. The front of the residence

22 faced a southerly direction. In the driveway, I observed there was a

23 green Chrysler Intrigue 4 door sedan . The

24 vehicle was parked with the front of the vehicle facing the garage

25 (toward the north). A vehicle key was inserted into the ignition on

26 the steering column. The vehicle's engine was turned on and idling.

27 The windshield wipers were turned on and activated. The vehicle

28 radio was on. I could hear music emit softly from the interior

29 speakers.

1 I observed the vehicle was damaged in various areas. The right front 2 passenger side bumper region was cracked. The hood had a hole in the 3 middle of the hood on the passenger side. The hole appeared to be 4 from a projectile. The windshield had what appeared to be two holes, 5 possibly caused by projectiles. The first hole was located on the 6 lower portion of the windshield, near the center, where the 7 windshield connected to the firewall area. The second hole was near 8 the center of the windshield, slightly on the passenger side. The 9 windshield above the driver side was also cracked. 10 11 I observed the vehicle's right side front passenger window was 12 shattered. The right rear passenger window and right rear passenger 13 wing windows were also shattered. 14 15 I looked inside the interior of the vehicle and observed glass chards 16 strewn about. The center console was in an upright and opened 17 position. The front seats were slightly reclined. The glove box was 18 closed. There were clothing articles resting in the right rear 19 passenger area. I observed a toothbrush, black cellular phone 20 charger, and a lighter on the right front passenger seat floorboard. 21 There was a crushed plastic water bottle in view on the right front 22 passenger seat. I observed an "Arizona" tea aluminum can and an 23 opened container of "Vaseline" lying on the left front driver side 24 floorboard. 25 26 I observed a substantial amount of apparent blood spatter was present 27 in the left front driver side area, including on the steering wheel, 28 center console, and left front door panel. 29 30 I observed apparent blood spatter on the driveway located beneath and

REPORT TYPE 664/187(a) PC [F] Attempted Murder <> 245(c) PC [F] Assault with a Deadly Weapon Upon a Peace Officer		<input checked="" type="checkbox"/> SUPPLEMENTAL		Office of the Sheriff Santa Clara County NARRATIVE FORM		CASE NO. 15-084-0125E	
LOCATION OF ORIGINAL EVENT (IF KNOWN) Sweigert Road / San Jose / 95132				VICTIM NAME (LAST, FIRST, MIDDLE (FIRM, IF BUSINESS)) Vandegraaf Steven #1787			
<p>1 The residence was a tri-level dwelling. The entryway of the residence</p> <p>2 led to a living room area and a kitchen (ground level). There was a</p> <p>3 staircase that led to an upstairs floor and a staircase which led to</p> <p>4 the lower level. The upstairs floor contained bedrooms and a</p> <p>5 bathroom in the hallway. I observed the lower level contained a</p> <p>6 family room. The family room contained a sliding glass door which</p> <p>7 led to the backyard. The sliding glass door was closed but not</p> <p>8 locked. At the base of the sliding glass door, there was three small</p> <p>9 plastic zip lock baggies on the ground. One of the baggies was</p> <p>10 located on the interior side of the glass door. The other two</p> <p>11 baggies were located on the exterior side of the glass door</p> <p>12 (backyard) on the ground. The baggies were empty; however, based on</p> <p>13 my training and experience, I recognized the baggies were commonly</p> <p>14 used to transport narcotics.</p> <p>15</p> <p>16 I walked upstairs and observed there was a bathroom in the hallway</p> <p>17 between the bedrooms. On the bathroom floor near the toilet, I</p> <p>18 observed there was towel and a pair of shorts. The towel appeared to</p> <p>19 have apparent blood stains. On top of the toilet, I observed there</p> <p>20 was a paper towel with an apparent blood stain.</p> <p>21</p> <p>22 I walked into the backyard. I examined the north side yard wooden</p> <p>23 gate. I observed there was an apparent blood stain on top of the</p> <p>24 gate (consistent with a person bleeding and attempting to scale the</p> <p>25 gate). The gate was in a closed position and was secured with a</p> <p>26 padlock.</p> <p>27</p> <p>28 On the north side yard, I observed there was a debris field of</p> <p>29 scattered items. The items included:</p> <p>30 ¿Black comb</p>

1 SUPPLEMENTAL INVESTIGATION:									
2									
3 On 03-25-15, at approximately 1155 hours, I became aware of a call									
4 that Headquarters Patrol Units responded to in the area of									
5 . I looked at the event details on my computer and saw									
6 multiple units responded and that a deputy on scene had advised that									
7 shots were fired.									
8									
9 Sgt. Hunter and I responded from Sheriff's Headquarters in an unmarked									
10 SUV. Sgt. Hunter and I were dressed in plain clothes with black									
11 shirts with 'Sheriff' written on both sleeves and a black vest with a									
12 Sheriff's Star on the front and a large 'Sheriff' patch on the back.									
13 While in route, Sgt. Hunter was notified by County Communications									
14 there were possible involved parties at San Jose Regional Medical									
15 Center. Sgt. Hunter advised County Communications that we would									
16 respond to assist the two units that were dispatched to San Jose									
17 Regional.									
18									
19 We arrived at the hospital at approximately 1210 hours. As we were									
20 approaching the ambulance bay I noticed a black male adult exit the									
21 public entrance. The male, later identified as O01 ,									
22 was dressed in an orange T-shirt and blue jeans. Underneath the									
23 orange shirt he had a long sleeve grey undershirt. O01 was									
24 watching the marked units and Sgt. Hunter as they walked into the ER.									
25 O01 saw that I was observing him and he immediately turned and									
26 looked the other way. I walked toward O01 and asked him if he									
27 was there with a friend. O01 said, 'We just brought him here.									
28 We weren't with him when it happened.' I asked if he was shot. O01									
29 said he didn't know what happened or how it happened. All he									
30 knew was that he was injured. I asked O01 how he knew the

5 Sgt. Hunter arrived to my location and continued talking with 001									
6 I went and spoke separately with 002 . 002									
7 told me that her estranged brother, S01 is									
8 her baby brother. 002 said just 10 minutes prior to coming to									
9 the hospital her brother S01 knocked on the door. S01 had									
10 his hand wrapped in something, but 002 could tell his hand was									
11 injured and bleeding. I asked 002 if she knew what happened to									
12 her brother. 002 said all she knew was that her brother was									
13 injured enough to need to go to the hospital, so she took him in her									
14 car. 002 said she did not know what kind of car her brother had									
15 or how he got to her house at .									
16									
17 Deputy Kubik arrived on scene to assist. I asked Deputy Kubik to go									
18 with 002 so she could point out her car.									
19									
20 I advised County Communications and the command post of the location									
21 where S01 met up with his sister.									
22									
23 Additional patrol deputies, warrants deputies and detectives arrived									
24 on scene to take over the investigation and gather full statements

27 I later advised Sgt. Fisher of the contacts and information that I had

1 SUPPLEMENTAL:

2

3 On 03/25/15 at approximately 1155 hours, I was alerted to a possible

4 assault with a deadly weapon against a law enforcement officer that

5 occurred in East San Jose (Please refer to Deputy R. Nguyen's #2166

6 Original Report). Sgt. A. Slaugh #1922 and I entered his unmarked

7 law enforcement vehicle and proceeded northbound on Highway 880 in an

8 effort to potentially cut off any suspects leaving the area via

9 Calaveras Blvd. in Milpitas.

10

11 While driving, County Communications broadcasted a potential suspect

12 had entered the Emergency Room at Regional Hospital in San Jose.

13 Sgt. Slaugh and I drove to Regional Hospital and met various deputies

14 who were already on scene. Deputy Addington #2042 was inside the

15 emergency room in a three walled private room with the potential

16 suspect (later identified as Suspect .) The other

17 deputies on scene were out with two women and one man (later

18 identified as Other Party 1 .) The people were identified

19 as family members that drove S01 to the Emergency Room in their

20 vehicle.

21

22 As I was talking to 001 to ascertain his personal descriptive

23 information, Sgt. Slaugh was talking to S01's sister who gave his

24 (S01's) name as I contacted County Communications to

25 check on any potential License Status, Active Warrants, Probation,

26 and Parole Status for S01. County Communications advised that

27 a person named had a fifteen thousand dollar

28 (\$15K) warrant out of San Jose PD, and was on probation out of

29 Alameda County.

2

3 I went inside and talked to Deputy Addington. I observed that S01

4 was covered in what appeared to be a hospital issued blanket.

5

6 I relayed

7 this information to County Communications. County Communications in

8 turn told me Alameda County Probation had sent a photo of S01

9 to Records. I had County Communications save all the information

10 ascertained, and give it to the deputy that would take it for the

11 original report, once that deputy asked for it. County

12 Communications assured me they would comply.

1 **INVESTIGATION:**

2

3 On 3-25-2015 at about 1124 hours, I responded to a shots fired call on

4 Sweigert Road at Geist Court, San Jose. At about 1146 hours I

5 arrived on Sweigert at Canyon View and held an outer perimeter

6 position away from the designated command post. Shortly after I was

7 told by Sergeant Fisher to assist units with the suspect, later

8 identified as _____, at San Jose Regional Hospital.

9

10 At about 1225 hours, I arrived at San Jose Regional Hospital and

11 assisted Deputy Addington with the observation of S01 _____ I saw

1 SUPPLEMENTAL REPORT:								
2								
3 On 03-25-2015, Deputy Tolbertson and I were assigned to the Sheriff's								
4 Office Downtown Transit Crime Suppression Unit. We were wearing black								
5 tactical vests with the word "SHERIFF" displayed in bright yellow								
6 lettering to the front and back of the vests. We were driving a								
7 marked Sheriff's Office vehicle.								
8								
9 At about 1056 hours, we responded to the area in								
10 San Jose to assist deputies who were involved in a shooting. We								
11 activated our emergency lighting equipment and sirens.								
12								
13 About five to seven minutes later we arrived on scene. Upon our								
14 arrival there was several San Jose Police Officers standing near a								
15 tree where crime scene tape was blocking Sweigert Road. We entered								
16 the crime scene to check the welfare of the deputies.								
17								
18 CRIME SCENE DESCRIPTION:								
19								
20 When we arrived on scene we saw three Sheriff's Office patrol vehicle								
21 parked in the northbound direction and one white sedan parked in the								
22 southbound direction, north of the patrol vehicles.								
23								
24 There was a Sheriff's Office patrol vehicle about forty yards north of								
25 the crime scene tape which was towards the east side of the road.								
26 The next closest patrol vehicle to us was parked towards the westside								
27 of the road about 20 yards north of the first patrol vehicle. The								
28 third patrol vehicle was parked about 10 yards north of the second								
29 patrol vehicle towards the westside of the road. The sedan was								
30 parked about 10 yards north of the third patrol vehicle.

2 Deputy Vandegraaf was standing on the westside of the street next to									
3 the guard rail, approximately 10 yards south of the second patrol									
4 vehicle. Deputy Randall and Deputy Nguyen were standing by the third									
5 patrol vehicle on the Westside of the Road.									
6									
7 INVESTIGATION CONTINUED:									
8									
9 I made contact with Deputy Vandegraaf and asked him if he was ok. He									
10 said, "Yes, I'm ok." I then asked him if he was (eastside									
11 beat unit). He said, "Yes." Based on the radio traffic while en									
12 route to the call I knew he was the deputy involved in he shooting.									
13									
14 I asked Deputy Vandegraaf in which direction the shots fired. Deputy									
15 Vandegraaf pointed towards the north, which was near the bend of the									
16 road. Deputy Tolbertson investigated the area of where the shots									
17 were fired and immediately advised me the area was covered in trees,									
18 beyond the trees was a large open field and mountain side. There									
19 were no dwellings, buildings, sheds, vehicles, or people in that									
20 area. I asked Deputy Vandegraaf if there were any outstanding									
21 suspect who fled the scene other than the black male adult initially									
22 broadcasted over the radio. Deputy Vandergraff said, "No."									
23									
24 I escorted Deputy Vandergraff down the hill and Sgt. Bonsall stayed									
25 with him. I continued my standing inside of the crime scene. I									
26 contacted Deputy Randall and asked him if he was ok, and he said,									
27 "Yes." I asked him if he discharged his firearm and if so, in which									
28 direction. He told me that he did not discharge his firearm. Deputy									
29 Randall confirmed that there was only one outstanding subject who									
30 fled the scene, which was broadcasted earlier.

2 Deputy Randall told me there was a black female adult detained in the									
3 back of his patrol vehicle, which was the third patrol vehicle. He									
4 also told me there was one black female adult detained in the back of									
5 Deputy Vandergraff's patrol vehicle, which was the second patrol									
6 vehicle. Deputy Randall was escorted from the scene.									
7									
8 Deputy Tolbertson and I later escorted both black female adults out of									
9 the crime scene and relinquished custody to Deputy Navarro who was									
10 standing at the bottom crime scene tape.									
11									
12 Due to the wind Deputy Tolbertson, Deputy Nguyen, and I search for any									
13 evidence that may be moved by the wind. We placed yellow cards on									
14 the ground by items we believed possibly had evidentiary value.									
15 Later I advised Crime Scene Investigators of the items we marked.									
16									
17 At about 1225 hours, we escorted Deputy Shanks and Deputy Plancarte									
18 through the crime scene and described the crime scene to them. We									
19 continued through the crime scene and exited at _____, where									
20 the other crime scene tape was located.									
21									
22 From about 1230 hours to 1400 hours, Deputy Tolbertson assisted Deputy									
23 Shanks and Plancarte in contacting possible witnesses in the									
24 residences above the crime scene. (See Deputy Plancarte's									
25 supplemental report for further information) During this time I									
26 remained at the most northern point of the crime scene. Just prior

1 INVESTIGATION:

3 On 03/25/2015, at approximately 1130 hours, Deputy Zazaboi #1767 and I									
4 were assigned to the Civil Warrants Division. We responded to the									
5 area of Sweigert Road and Geist Street in San Jose to assist beat									
6 units with an officer involved shooting. When we arrived, I saw									
7 three San Jose PD units on scene with three Sheriff's Office units.									
8 Deputy Nguyen # 2166 was securing the scene with caution tape and									
9 Deputy Randall #1736 and Deputy Vandergraaf #1787 were standing near									
10 their patrol vehicles.									
11									
12 I asked the Deputies if they were okay and they advised me that they									
13 were fine and that they had two female subjects detained in each									
14 patrol vehicle. I asked Deputy Randall if there were any outstanding									
15 suspects on scene and he advised me that one outstanding suspect had									
16 fled the scene in a green vehicle. I escorted Deputy Randall away									
17 from the scene to my unmarked patrol vehicle and Deputy Zazaboi stood									
18 by with him before transporting him to Sheriff's Headquarters.									
19									
20 I made contact with an elderly lady who was standing in the driveway									
21 . I identified myself as a Deputy Sheriff and									
22 asked if she had seen or heard anything unusual. She verbally									
23 identified herself as and advised me that she was the									
24 one who called the Sheriff's office to report the suspicious									
25 activity.									
26									
27 STATEMENT OF RP-01 :									
28									
29 RP-1 lives in San Jose. Between 10am and									
30 11am Wednesday morning, RP-1 was walking her dog up the hill

1 on Sweigert Road when she noticed two vehicles parked on Sweigert									
2 Road in a no parking zone. One of the vehicles was white in color									
3 and the second vehicle was dark in color. RP-1 advised that									
4 both vehicles were facing downhill and she noticed at least three									
5 people sitting in one of the vehicles. She did not get close enough									
6 to the vehicle to identify any of the occupants but saw images of									
7 people sitting in one of the vehicles.									
8									
9 RP-1 could not remember which vehicle was occupied. RP-									
10 heard some loud music coming from the vehicle and people yelling, she									
11 also smelled an order of Marijuana coming from the area. RP-1									
12 advised me that her dog was spooked by the loud noise and turned									
13 around and pulled her to the ground as he tried to run back towards									
14 their house. RP-1 fell down and landed on her leg as her dog									
15 pulled on the leash. RP-1 was very frightened and wanted to									
16 get back home right away. She hurried back to her house and called									
17 the Sheriff's Office non-emergency number to report the suspicious									
18 activity.									
19									
20 RP-1 advised me that she was in her house for a short while,									
21 when she thought she heard what sounded like repeated gun fire. She									
22 opened her front door to see what the noise was and noticed a car									
23 speeding down the hill. She could not remember what the car looked									
24 like or what color it was. RP-1 stated that she also saw some									
25 bicyclist going up the hill as the car sped by.									
26									
27 RP-1 advised me that her daughter, was the only									
28 other person in the house but she did not hear or see anything. She

8								
9 On 3-25-2015, I was assigned as a Detective in the Investigations								
10 Division. An Officer Involved Shooting occurred at approximately								
11 1124 hours on Sweigert Road in San Jose. (See Original Report for								
12 additional information).								
13								
14 INVESTIGATION:								
15								
16 At approximately 1345 hours, Lieutenant Rivera #1789 requested I								
17 assist with interviewing two potential witnesses to the shooting.								
18 The two witnesses were later identified as Witness 02								
19 and Witness 03 . Lt. Rivera told me W02								
20 was in the Headquarters Patrol interview room and W03								
21 was in the Investigations lobby area.								
22								
23 At approximately 1407 hours, I introduced myself to W03								
24 and escorted her into the Investigations Interview room along with								
25 Detective Toomey #1754. The interview was recorded with the								
26 Sheriff's Office Interview room audio/video recorder as well as my								
27 portable digital audio recorder. The following is a paraphrased

1 STATEMENT OF WITNESS 03 :									
2									
3 I asked W03 why we were talking to her. W03									
4 said she was at the wrong place at the wrong time. I asked her to									
5 tell me what happened. W03 said her friend,									
6 took her and her friend (W02) to the see the view on									
7 Piedmont Hills. W03 has known for									
8 approximately 5 years, but said she did not know his true name.									
9 (was later identified as Suspect 01 and will									
10 be referred to as S01 for the remainder of the report).									
11									
12 W03 said S01 was driving a green four-door vehicle									
13 and she was driving a 2002 Chrysler Sebring. Today, S01 and									
14 W03 had planned to complete applications for housing									
15 assistance and then S01 would be dropping off his vehicle to									
16 get repaired. Instead, S01 surprised her by driving to									
17 Piedmont Hills to see the view. S01 drove in front, while W03									
18 followed in her own vehicle with W02									
19									
20									
21 S01 parked his vehicle so the driver side of his vehicle was									
22 facing the street and his passenger side was facing the view. W03									
23 parked behind his vehicle in the same fashion, but with									
24 ample space between them.									
25									
26 W03 said she is in the process of moving into a different									
27 section eight housing location with her grandmother, .									
28 For this reason, her vehicle contained numerous "memory boxes" along									
29 with other items she was moving. W02 and S01 decided to									
30 smoke marijuana in his vehicle. W03 said she cannot

W02</p> <p>7 was getting ready to enter the passenger side of W03</p> <p>8 vehicle when the deputies arrived.</p> <p>9</p> <p>10 W03 said the deputies parked their vehicles directly in</p> <p>11 front of S01 vehicle. She said she instantly</p> <p>22 knew he was going to take off. W03 said she didn't feel</p> <p>23 like the deputies knew S01 was going to drive away. She said</p> <p>24 S01 had turned the vehicle on, but the deputies didn't yell at</p> <p>25 him to stop until S01 began to move the vehicle.</p> <p>26</p> <p>27 S01 drove forward hitting the first deputy's vehicle. She said the deputy 24 appeared to be shooting straight, but she knows he shot at the side 25 of S01 vehicle. W02 said she saw the passenger window 26 shatter as the second deputy was shooting. 1 NOTIFICATION OF CALL:								
2								
3 On 03-25-2015 at approximately 1124 hours I was in full Deputy Sheriff								
4 uniform working on duty in the Transit Patrol Division of the Office								
5 of the Sheriff, Santa Clara County. At that time, our Eastside								
6 Patrol units put out emergency radio traffic of shots fired from an								
7 event they were working. The location given was								
8 at Geist Court in San Jose, CA.								
9								
10 I responded Code 3 (red lights and siren activated on my marked patrol								
11 vehicle #09702), from the area of Willow Street at Minnesota Avenue								
12 in San Jose, CA.								
13								
14 INVESTIGATION:								
15								
16 At approximately 1135 hours, I arrived on scene just outside of the								
17 taped off crime scene area. I noted several other deputies who were								
18 within the boundaries of the taped off crime scene. Amtrak PD Officer								
19 D. Clark #A501 arrived seconds behind me and offered his assistance.								
20 I met with Sgt. R. Bonsall #1698 and asked if anyone had yet started								
21 the Crime Scene Log. He said no one had yet started one. At that, I								
22 volunteered for the duty and maintained the following log of								
23 personnel entering and leaving the crime scene:								
24								
25 1140 hrs. Lt. R. Durr entered the crime scene. He exited at								
26 1149 hrs.								
27								
28 1140 hrs. Sgt. R. Bonsall #1698 entered the crime scene. He								
29 exited at 1149 hrs.

1 SUPPLEMENTAL INVESTIGATION:									
2									
3 On 03/25/2015 at approximately 1211 hours, I responded to									
4 in unincorporated San Jose to assist with an ongoing									
5 officer involved shooting investigation.									
6									
7 Deputy Garcia and I were assigned to locate a suspect vehicle. Deputy									
8 Nguyen provided me with the following description of the suspect									
9 vehicle: Late 90's, four door, dark green, Oldsmobile, with a									
10 shattered windshield. While canvassing the area for the suspect									
11 vehicle, Sgt. Woods informed me Reporting Party 02 contacted									
12 County Communications and said a green vehicle was abandoned in his									
13 driveway located in the City of San Jose.									
14									
15 At approximately 1249 hours, Deputy Garcia and I went to the noted									
16 address and located the green vehicle. The vehicle was left									
17 unoccupied, with the engine running, windshield wipers on and keys in									
18 the ignition.									
19									
20 No one was located in or around the vehicle. Neither Deputy Garcia									
21 nor I manipulated the vehicle in anyway in an effort to preserve the									
22 crime scene for our CSI team.									
23									
24 VEHICLE DESCRIPTION:									
25									
26 Dark green in color, 1999 Oldsmobile Intrigue with four									
27 doors. The windshield was damaged from two apparent bullet holes.									
28 The hood had one apparent bullet hole, and all passenger windows were									
29 shattered.

1 From outside the passenger side of the vehicle, I could see apparent									
2 blood residue on the driver seat and the driver side door panel.									
3 There was shattered glass inside the vehicle on both the front seats									
4 and the floorboard. The apparent blood stain continued from inside									
5 the vehicle, onto the driveway below the driver door. Shattered									
6 glass consistent from inside the vehicle was located on the driveway									
7 on the driver side of the vehicle.									
8									
9 INVESTIGATION CONTINUED:									
10									
11 Deputy Garcia taped off the area with yellow crime scene tape. Deputy									
12 Garcia located an apparent blood trail coming from inside the vehicle									
13 onto the sidewalk of Pinnacle Drive and continuing onto Piedmont									
14 Drive (See Deputy Garcia's Supplemental Report for further									
15 details).									
16									
17 I stayed and did not let anyone inside the									
18 crime scene until I was relieved by Detective Clark of the CSI									
19 team.

21 At I met with Witness 05 Witness									
22 06 and Witness 07 . W05 provided me with									
23 the following statement:									
24									
25 STATEMENT OF WITNESS 05 :									
26									
27 W05 is a student . At									
28 approximately 1215 hours, W05 was walking home from school									
29 when she saw the vehicle parked in the driveway. W05 noticed

1 **NOTIFICATION:**

2

3 On 03.26.2015, at approximately 1214 hours, I responded to assist with
 4 a report of shots fired by Sheriff's Office deputies near the area of
 5 in Unincorporated San Jose. Deputy Camilleri
 6 (#2122) and I were told by Sgt. Woods (#1804) to respond to the area
 7 of Pinnacle Drive in San Jose to canvass the area for an older green
 8 sedan vehicle that had windshield damage and that was believed to
 9 have been driven by S01 .

10

11 **INVESTIGATION:**

12

13 At approximately 1249, Deputy Camilleri and I located a green vehicle
 14 with windshield damage matching the description of the vehicle driven
 15 by S01 The vehicle was parked in the driveway of
 16 in San Jose. (See Deputy Camilleri's Report for
 17 further details about the vehicle.)

18

19 I located an apparent blood trail exiting from the parked vehicle at
 20 and continuing to the residence located at
 21 . The apparent blood trail consisted of droplets and
 22 was located on the sidewalk. There was a blue baseball cap on the
 23 sidewalk that had apparent blood stains on the bill. I secured the
 24 apparent blood trail to prevent contamination with crime scene tape
 25 from .

26

27 At approximately 1500 hours, I was relieved and released the apparent
 28 blood trail scene to CSI Detective Clark (#1966). I continued to
 29 provide security while Deputy Clark processed the scene.

3 On 3-25-15 at approximately 1130 hours, I responded to assist with a									
4 report of shots fired by Sheriff's Office deputies near the area of									
5 in unincorporated San Jose. County Communications									
6 advised several deputies attempted to stop a vehicle and the deputies									
7 fired shots at one suspect. The suspect was described as a black male									
8 adult with a goatee. Refer to Deputy Nguyen's Original Report for									
9 additional details.									
10									
11 While still enroute to the scene, County Communications advised the									
12 Emergency Room at Regional San Jose Hospital was reporting a black									
13 male had come in suffering from a gunshot wound. The male was									
14 described as having a goatee. I diverted to the hospital with other									
15 Sheriff's Office deputies to investigate.									
16									
17 Deputy Galan and I arrived on the hospital at approximately 1200									
18 hours. Deputies Owens and Marcuccillo also arrived at that time. We									
19 made contact with Regional San Jose security personnel who advised									
20 the subject was in Trauma Room 1 (T1). The other deputies and I									
21 entered the room. I saw a black male lying on his back on a hospital									
22 gurney. The male had a bandage on his left hand and his right hand									
23 was encased in a brown paper bag and the bag was sealed with tape.									
24 The subject appeared to be naked and partially covered in a hospital									
25 blanket. The subject appeared to be familiar and I believed I had									
26 previously contacted him.									
27									
28 Additionally, I saw a pile of clothing and two shoes in front of the									
29 hospital gurney. I assisted Deputy Galan in photographing the items									
30 and placing each in a separate bag for evidence. Refer to Deputy

3 Several minutes later, I saw hospital paperwork bearing the name

4 I recalled seeing this

5 name while working in the Sheriff's Court Security Division and

6 recall that I had seen the subject, S01- , while he was

7 in-custody and being transported to and from court on previous

8 occasions.

9

10 Deputy DeLaPena arrived to assist. Deputy DeLaPena and I maintained a

11 visual on S01- . S01- had several X-Rays taken of his hand.

12 I was able to see the resulting X-Rays and saw a white mass near

13 where his thumb and forefinger bones meet near the wrist. I later

14 spoke with S01- treating physician, . told

15 me the white mass was consistent with a bullet. Based on his current

16 medical needs, the bullet was not going to be removed. A hand surgeon

17 was going to evaluate S01- at approximately 1530 hours.

18

19 Sgts. Quinonez and Cardenas arrived at the hospital and I updated them

20 on S01- prognosis. Deputy Leonard later arrived at the hospital

21 and documented S01- injuries. Refer to Deputy Leonard's

22 supplemental report for additional details.

23

24 At approximately 1515 hours, S01- was medically cleared by a hand

25 surgeon. Deputy Ruano arrived on scene and relieved Deputy DeLaPena.

26 At approximately 1600 hours, S01- was discharged from the

27 hospital. Deputy Ruano and I secured S01 in handcuffs. Deputy

28 Ruano transported S01- to the Main Jail and booked him.

29

30 At approximately 1615 hours, I left the hospital.

6									
7 On 03/25/15 at approximately 1115 hours, County Communication advised									
8 Deputy Shanks #2103 and I of an officer involved shooting. Deputy									
9 Shanks and I responded to the area of and Geist									
10 Court in San Jose to assist. We Arrived on scene and reported to the									
11 command post. We were assigned to canvas the area for any possible									
12 witnesses on Sweigert Road east of the crime scene. Deputy shanks and									
13 I attempted to contact residents located at									
14 .									
15									
16 Deputy Shanks and I entered the crime scene at approximately 1213									
17 hours. Deputy Ford #1939 escorted us through the crime scene. We									
18 walked in a single file line and stayed on the southside of the road									
19 way to avoid disrupting any possible evidence. We did not touch									
20 anything as we walked through.									
21									
22 As we walked past the crime scene we viewed that Sweigert Road splits									
23 and goes into 5 separate properties. Each property has its own									
24 individual driveway. Deputy Shanks and I attempted to make contact at									
25 each property.									
26									
27 Deputy Shanks and I walked east of the crime scene to the house

1 Other 06- , opened the door.

2

3 I activated my department issued digital recorder. For a full

4 statement refer to the digital recording.

5

6 Within seconds of 006- opening the door, two White male adults

7 approached the door. They we later identified as Other 04-

8 and Other 05- .

9

10 Deputy Shanks told the residents that we were investigating a shooting

11 and wanted to ask them a few questions. 004- 005- and

12 006- were very cooperative with us.

13

14 STATEMENT OF OTHER 04-

15

16 004- has been home all morning. He did not hear any gun shots,

17 yelling, or screaming.

18

19 004- walked out to pick up the paper "a quarter past nine this

20 morning." 004- stated he "looked down the road for a minute" and

21 stated it was "clear, clean, nobody there."

22

23 004- said that no one had knocked on their door and they did not

24 have any one visit.

25

26 004- was wearing a dark colored robe.

27

28 STATEMENT OF OTHER 05-

29

1 up early. 005- did not hear anything and woke up when we knocked

2 on the door.

3

4 The surveillance cameras on the property face the parking spaces, the

5 front door and the shed.

6

7 When 005- approached the door he was rubbing his eyes and

8 appeared to have just woken up. 005- was wearing black pants and

9 a white hoodie sweater.

10

11 STATEMENT OF OTHER 06-

12

13 006- said they do have surveillance cameras on the property but

14 they do not record. She has access to see live feed on her phone but

15 it does not save.

16

17 006- stated they have been home all morning. Her and 004-

18 were listening to music on the computer and talking. She did not hear

19 any gun shots, yelling, or screaming.

20

21 006- was wearing a long sleeve strip shirt and jeans.

2 Deputy Shanks, Deputy Tolbertson, and I walked around the exterior of

3 the residence to locate any signs of forced entry. As we walked

4 around the house we also attempted to make contact with anyone who

5 may be inside or outside the residence.

6

7 Located on the property was 1 vehicle:

8 1)Blue Mercedes-Benz GL450

9

10

11

12 While walking the perimeter of the residence I located a surveillance

13 camera facing the drive way parking spots.

14

15 As we walked in the rear of the residence I saw an Asian female, later

16 identified as O07- lying on a bed in a bedroom.

17

18 I activated my department issued digital recorder. For a full

19 statement refer to the digital recording.

20

21 Deputy Shanks waved at O07- and signaled her to open the sliding

22 door. O07- approached the door. As O07- walked to the sliding

23 glass door I could see that she was with appeared to be a 3-4 year

24 old girl.

25

26 Deputy Shanks attempted to communicate with O07- but was

27 unsuccessful. O07- does not speak English. O07- told Deputy

28 Shanks she only speaks Vietnamese.

29

30 Deputy Shanks called the ATT Language Line and requested a Vietnamese

6 W01 resides at . W01 said at

7 approximately 1125 hours, she was playing outside of her residence

8 with her daughter. W01 saw 3 Sheriff's Office patrol vehicles

9 drive by her residence. W01 heard one person yelling a short

10 time later, but could not make out what was being said. W01

11 heard approximately 5 gun shots and ran inside of her residence. I

12 asked W01 how she knew she heard gun shots. W01 said she

13 has been to a gun range several times and knows what a gunshot sounds

14 like. Once inside of her residence, W01 looked out of her

15 window towards the street and saw several Sheriff's Office and SJPD

16 patrol vehicle drive past her residence. W01 did not provide me

17 with any further statement.

1 INVESTIGATION:

2

3 On 3/25/15, at approximately 1125 hours, I responded to the
 4 unincorporated east side of San Jose to assist in an assault against
 5 a deputy, which occurred on Sweigert Road near Geist Court. A black
 6 male adult attempted to strike Deputy Vandegraaf #1787 with his
 7 vehicle. The incident resulted in an officer involved shooting. The
 8 suspect fled the scene in an older model green Oldsmobile. The driver
 9 was described as a black male adult with short black hair and a
 10 goatee.

11

12 While I was responding to the Command Post I was advised by County
 13 Communications of a subject who had arrived at San Jose Regional
 14 Medical Center with a gunshot wound. At 1159 hours, I responded to
 15 Regional Medical Center and met with Deputies Addington #2042 and
 16 Galan #2137. Deputies Galan and Addington had contacted a black male
 17 adult who had a single gunshot wound to the left hand. I looked at
 18 the male who was in a trauma room in the emergency department. The
 19 black male matched the description of the male who was seen fleeing
 20 the scene on Sweigert Road. See Deputies Addington and Galan's
 21 supplemental report for more information. The male was later
 22 identified as S01 .

23

24 I walked outside and contacted Sergeants Hunter #1917, Slaugh #1922
 25 and Deputy De La Pena #1821 who had contacted three subjects. The
 26 subjects were seen entering the emergency room with S01 A male
 27 subject was identified as O01 , one female subject was
 28 identified as O02 , and the third subject was
 29 identified as O03 . O01 and O02 told
 30 Sergeant Hunter they transported S01 to the hospital.

2 001 had blood stains on a gray long sleeve undershirt. Sergeant									
3 Slauch asked 001 if the blood was from S01 001									
4 admitted the blood was S01 . 001 consented to submitting									
5 his undershirt for evidence. At approximately 1217 hours I placed 001									
6 blood stained undershirt into a paper bag. I folded the paper									
7 bag closed. I labeled the bag with S01 name on it and handed									
8 the bag to Deputy Galan. Deputy Galan locked the bag in the trunk of									
9 her unmarked Sheriff's Office vehicle. See Deputy Galan's									
10 supplemental report for more information.									
11									
12 At approximately 1218 hours Deputies Reed #1973, Davis #1820, and									
13 Cutforth #1666 arrived to assist in the parking lot of the hospital.									
14 Deputies Reed, Davis, and Cutforth walked through the parking lot of									
15 the hospital looking for the vehicle S01 was last seen driving.									
16 The vehicle was not located at the hospital. Deputy DeLaPena entered									
17 the hospital to assist Deputy Addington with the detention of S01
